Government Dredge Working

The government dredge Oregon, which has been here for the past month, began working Wednesday, and is now steadily pumping the mud from the bottom of the river just below town. Since coming here the dredge had been making repairs, getting ready for steady work. She had to wait a few days for some parts of the pump which was being repaired at Portland.

After cutting off a considerable of the point just opposite the port docks which will require several days' work as the bank is rather high and there is a large pile of dirt which was thrown there by the port dredge, the Oregon will probably confine its work to deepening the channel from just above the sawmill here, to the lower end of the port district near Oyster City and deep water. She will deepen the channel all the way to ten feet at low tide and make the channel 200 feet wide. This will admit all vessels crossing in over the Yaquina bar to come direct to Toledo.

The members of the local port commission are to be congratulated in their efforts in interesting the government in this work, and it proves that the forming of the Toledo port district a few years ago was a good move for the entire bay. For without this effort of our people we would still be howling for the government to help us out. We have been helping ourselves and now the government is recognizing us.

ELECTION NOTICE.

To the Legal Voters of the City of Toledo:

Notice is hereby given that on Monday, the first day of December, 1913, will be held the regular, annual, City election.

Said election will commence at eight o'clock in the forenoon of said day, and continue until seven o'clock in the afternoon of said day.

The polling place at which said election will be held is in the Council Chamber in the City Hall.

At this election the following officers will be elected:

THREE ALDERMEN—Two year term.

Dated this 18th day of November, 1913.

F. N. Hayden,
Recorder of the City of Toledo.

Eight pigs, six months, 1632 pounds, \$123.00. This is a condensed story of what has been accomplished by a farmer at independence, who recently hauled his pork to market and disposed of it. Each hog was six months old and averaged 204 pounds, making an average value of \$15.38 a head, or \$2.56 per month per hog. "Never let your pigs make hogs of themselves," is the advice of a prominent farm expert in urging farmers to hurry the growth of their pigs and getting them to market when from 6 to 9 months old.

The Ladies' Whist Club entertained its members and their husbands at Woodmen Hall last Saturday evening. Thirty-six persons were present and enjoyed whist until a late hour. A luncheon of coffee, cake and sandwiches was served, after which the gathering broke up. It is proposed to have several such entertainments during the winter.

Herman Weber of Newport was arraigned in Justice Parrish's court here Tuesday on the charge of illegal voting and was bound over under bonds to await the action of the Grand Jury. Quite a delegation of Newporters were brought up as witnesses.
