Newport

Died, at the home of his parents on Nye creek, December 26th, Elmer W. Fremwick, aged fifteen months. Funeral services were conducted by Rev. C. T. Hurd and were held at the residence Sunday afternoon. The remains were interred in the Eureka Cemetery. Mr. Fremwick is the leader of the Newport band. In this sad bereavement the family has the sympathy of the entire community. The Savior's cheering and consoling words were "Suffer little children to come unto me for of such is the Kingdom of heaven."

D. W. Campbell, general superintendent of the S. P. Ry., F. L. Burkhalter, chief of the engineering department, John Stevens, superintendent of the C. & E. Ry., and E. W. Barnes, all Southern Pacific officials, were guests at the Abbey Monday night. These gentlemen were on a tour of inspection of the road. The road is being put in good condition by putting down new ties, laying heavy steel rails and ballasting; also a fill will be made at Summit instead of the high trestle that is there now. When completed the road will be in fine condition for Summer travel. A tourist night train will be put on next Summer to accommodate the increasing travel that comes to Newport each year to enjoy the seashore.

The holidays are passing off very pleasantly. Big dinners, picture shows, skating rinks, grand balls, Christmas trees and the football game that was played on the Baker field Sunday between the Toledo kids and the Newport veterans furnished ample entertainment for the people. The score stood 9 to 7 in favor of the kids. Also the splendid lecture given by Prof. J. B. Horner on the O.A.C. Sunday evening in the Presbyterian church, subject, "From Jericho to Jerusalem" illustrated. A large audience was present and the lecture was full of interest from start to finish. Prof. Horner and Dr. J. N. R. Bell passed over this historical ground only a short time ago. With fine illustrated pictures the Professor went over this ground again giving in detail the customs and habits of the people and the lav of the country and the beauty and grandeur of the cities.

The Patsy came in Friday with a full cargo of freight for Newport and Siuslaw. She departed Monday morning for Florence where she will discharge the remainder of her cargo, and from there she will return to Portland for another cargo of freight for Newport. The Gerald C. also went out Monday bound for Astoria. Her captain and crew wanted to take their New Year's dinner at home.

The barge Frederick will soon have her false bottom completed, after which she will be taken to Portland and placed on the dry docks for repairs. It is thought she can be made as good as she was before going on the rocks of the north jetty. The tug Roscoe will take her to Portland. The dynamite was placed on the sailing schooner Coquille, now lying at Yaquina docks. The people there will feel a little safer when this great bulk of explosives shall have been taken from that part of the country.
