Governing Eighth Grade Examination

February 17th, 1914.

To County Superintendents of Oregon:

The following rules governing Eighth Grade Examinations were adopted today:

Rule IV a- Any pupil who has attained the age of fourteen years and has taken the regular eight years of the elementary school, and can present to the County School Superintendent satisfactory evidence of having spent at least 450 days in attendance at any public school in Oregon during the sixth, seventh, and eighth grades, and has made an average of not less than 90 per cent in department during each time, may upon the recommendation of the principal or teacher in charge, be excused by the County School Superintendent from examination in any subject in which he has made an average of not less than 90 per cent in class work and school tests during such time as shown by the school records and by reports from other schools, and such average may be accepted by the County School Superintendent in lieu of examination in such subject.

Rule IV b- Any pupil who has taken the regular seven years of the elementary school and can present to the County School Superintendent satisfactory evidence of having spent at least 450 days in attendance in any public school in Oregon during the fifth, sixth, and seventh grades and has made an average of not less than 90 per cent in department during such time, may upon the recommendation of the principal or teacher in charge, be excused by the County School Superintendent from examination in any subject in which he has made an average of not less than 90 per cent in class work and school tests during such time, as shown by the school records and by reports from other schools, and such average may be accepted by the County Superintendent in lieu of examination in such subject.

Rule IV c- Any pupil who has taken the regular six years of the elementary school and can present to the County School Superintendent satisfactory evidence of having spent at least 450 days in attendance in any public school in Oregon during the fourth, fifth and sixth grades, and has made an average of not less than 90 per cent in department during such time, may upon the recommendation of the principal or teacher in charge, be excused by the County School Superintendent from examination in any subject in which he has made an average of not less than 90 per cent in class work and school tests during such time, as shown by the school records and by reports from other schools, and such average may be accepted by the County Superintendent in lieu of examination in such subject.

Rule IV d- Teachers having pupils who claim exemptions in one or more subjects in accordance with the provisions of Rule IV a, shall furnish the County School Superintendent with a list of such pupils not less than twenty days prior to the examination, together with a certified statement of the record of each pupil, during the sixth, seventh and eighth grades, as shown by the school register and grade book, and by reports from other schools. The County School Superintendent after having examined such record shall determine what exemptions shall be allowed and notify the teacher accordingly. If a part of the record is taken from report cards from other schools, such report cards

K Hand Power STUMP PULLER

We have the Agency

For Lincoln County and will demonstrate its power and advantages in clearing land at any time where we can get the Farmers interested. We will give notice at what dates we will demonstrate at different places later on.

We Claim

We Claim that this machine will pull as much any stump puller on the market.

We Claim that one man on the handle can pull more than any one horse on a horse power stump puller with equal blocks.

We Claim that a woman can pull more with this machine on a straight line without any blocks than any team of horses in the country can pull on a straight line without any blocks.

We Claim that two men with two blocks can pull a fir stump three feet at the cut off if it is cut eight feet from the ground and from hard clay ground, and even larger from loose sandy soil.

We Claim that one man with a double block can pull a cedar stump three feet at the cut off of hard ground on hilltop in five minutes in one piece and without touching the stump but to put the cable around it.

Toledo Winners

Toledo won both games played with Waldport at the skating rink last Saturday evening. The girls' game was first and was very slow owing to the referee stopping the play every few minutes for hold ball. The Waldport girls threw one basket and two fouls making a score of four. The Toledo girls were unable to get a basket, all five points being made on fouls. The boys' game was more lively and resulted in a score of 27 to 15 in favor of Toledo. At the end of the first half the score was a tie 15 to 15. At the beginning of the game the Waldport boys were fast and it looked like they would be easy winners, but they tired before the game ended and during the latter half were unable to score. After the games the Toledo teams banqueted the Waldport teams at the I. O. O. F. Hall.
