No Penalty On Last Half

An injunction has been issued against the tax collector of Multnomah county enjoining him from collecting a penalty on the last half of taxes paid before September 1st, where the first half was paid prior to April 1st. While this injunction applies only in Multnomah county it is thought the ruling will be followed by all the counties in the state, as it would not be fair to collect penalties in some counties

and not in all. County Treasurer McCluskey says that he is not advising anyone how to pay their taxes but that those paying the first half of their taxes before April 1st will in all probability not be compelled to pay a penalty on the last half if paid before September 1st.

As heretofore stated by the Leader the penalty added on the delinquent half was exhorbitant and wrong as this money was not all needed at once. With this and a few minor changes the law can be made a very good one.

> F. F. Foster of Rock Creek was arraigned in Justice Parrish's Court Wednesday afternoon on the charge of striking Mrs. R. W. Birdwell, also of Rock Creek. It seems that the trial is the culmination of a standing fued in the neighborhood. According to testimony offered Mrs. Birdwell met Mr. and Mrs. Foster on the road Sunday and Mrs. Birdwell attacked Mrs. Foster and before the melee ended Mr. Foster had struck Mrs. Birdwell four times, twice in the face. In the meantime Mr. Birdwell appeared on the scene, but for some reason did not assist his wife in the fracas, coming to Toledo instead and having Foster arrested. At the trial Foster denied the charge and proved by a number of witnesses that Mrs. Birdwell's reputation for truth and veracity was not good. Notwithstanding this evidence the jury returned a verdict of guilty and Judge Parrish gave him the limit, fining him fifty dollars and costs. Foster has appealed the case.
