Found Dead In Her Bed

Mrs. Ellen Bruseth was found dead in her bed yesterday morning at her home five miles east of Toledo near Storrs station. Mrs. Bruseth was a widow woman aged about 55 years and the mother of thirteen children. There were but two of the children at home at the time of her death.

Death was caused by heart failure. Coroner Carter went to the Bruseth home yesterday afternoon and after an examination decided that it was unnecessary to hold an inquest.

Both Placed Under Bond

Last Saturday J. J. Redfield of Mill Four brought suit to have Earling Brauti, also of Mill Four placed under bonds to keep the peace, as he feared Brauti would do him bodily harm. It would seem from the evidence submitted that Brauti accused Redfield of shooting his dog, and Redfield accused Brauti of shooting at him. Brauti is nothing but a lad in his teens and has had a good name in the neighborhood. The court evidently thought Redfield was as much to be feared as Brauti as both parties were ordered to give bond for good behavior, pending the action of the Circuit Court.

Rowell Will Case Decided

County Judge Fogarty last Friday gave out his decision in the Lucy Ellen Rowell will case, which was tried before him about the middle of January. Judge Fogarty's decision is in favor of Frank Rowell, the husband and plaintiff in the aforementioned trial, he deciding from the evidence that Mrs. Rowell was not sane at the time she made the will and therefore not responsible for her actions.

This trial has created quite a bit of interest both in this and Polk counties and both sides in the case put up a strong fight. The will involves the disposition of some \$20,000 worth of property, some being willed by Mrs. Rowell to the Seventh Day Adventist church of this place. Frank Rowell, the husband, brought suit to prevent the will from going to probate, being represented by Attorneys Hayter and Cozd of Dallas, Attorneys Williams and Stewart representing the defendants.

Judge Fogarty has put in several weeks of hard study on this case and viewed the evidence from every angle before making his final decision, and believes that he has made a decision which will be sustained in the event the case is carried to a higher court, as in all probability it will. The costs of the trial he divided, allowing each side to pay their own.
