

Teachers' Adopt Resolutions

The teachers' institute of last week ordered the following resolutions sent to the county papers for publication:

Resolved, That we petition the Legislature to establish a minimum wage for teachers and suggest that \$60 per month be said minimum wage.

2. We advocate free textbooks, paper and pencils for all free public schools, but oppose granting public money to other schools or to any but state institutions.

3. We favor the unit system of taxation to support our schools, and a nine months school for every district; but we believe a district should lapse if the daily attendance for the year be less than five pupils.

4. Believing that the services of a teacher is as great to our country as the services of a soldier, and as worthy of rewards, we petition the Congress of the United States to grant to all citizens who are 65 or more years of age and who have taught in the free public schools of the United States for not less than 100 school months, pensions based upon length of service of from \$10 up to \$30 per month.

From the examinations mentioned above the positions of postmaster at the following named post-offices in Lincoln county will be filled: Eddyville, Rose Lodge, Siletz, Summit, Chitwood, Waldport and Norton.

Applicants for examination for appointment at any postoffice must reside within the territory supplied by such postoffice.

The application form may be secured from the postmaster at the office for which the examinations are held.

According to a report recently issued by the Northwestern Fruit Exchange of Portland up to the close of business on April 15 that organization had collected and distributed among its shippers the returns on 1,123 cars of fruit of all kinds amounting to \$912,621.48, a net average to the shippers of \$812.66 on each car. Proceeds from these shipments were mailed to shippers within an average of 35 days after forwarding each car.

New Postoffice at Upper Farm

Last Sunday afternoon the citizens of Upper Farm and vicinity met at the store of G. E. Wilson and made plans for the establishment of a postoffice at that place. The naming of the postoffice was one of the main issues, and after a vote being taken the name of Logsdon was selected. This name was taken after John Logsdon, an old resident of that place. A mail-carrier was employed for the next three months, or until the government sees fit to furnish a carrier. The wages of this carrier will be paid by the patrons of the new office for the time. The mail will be supplied over the new route from the Nortons postoffice. The new postmaster will be P. H. Eiting, and the office will be in the Wilson store.

Road Supervisor Mackey and crew have gone over all the roads in this district with the road machine and have them smoothed in good shape. Autos can now travel over them nicely. The first machine to travel over the road from the Valley arrived in Toledo Tuesday afternoon. This is pretty early for auto travel over the mountains, but they reported the roads in pretty fair shape.

At a meeting of the Toledo Improvement Club Tuesday evening the matter of roads was the leading topic. A committee was appointed to confer with the County Court and the railroad company and take up the matter of grading a road along the railroad right of way from Second street to the rock crusher. It is understood the railroad company is planning this improvement and its up to our citizens to assist. The committee went before the Court yesterday. The committee appointed by the Club to present resolutions to the Court regarding the changing of the Mill Four wagon road to cross the slough nearer town also appeared before the Court. Other road projects were discussed but no action taken by the Club.
