R. H. Howell,  
County Clerk.

### SHIPPERS MUST USE

#### REVENUE STAMPS

For the benefit of shippers throughout the State, a great many of whom are in doubt as to the provisions of the new Emergency Internal Revenue Law, in so far as it applies to freight shipments, the Southern Pacific company, through Traffic Manager G. W. Luce, is endeavoring to make all points clear.

"The law provides that a one cent war revenue stamp be placed on each bill of lading, manifest, or similar memorandum," says Luce. "The shipper must affix this stamp to the bill of lading, and the railroads cannot accept and forward a shipment until this is done. Such is the ruling of the United States Treasury Department.

"The department has ruled that where freight is accepted at non-agency stations, it must be received for by the conductor accepting it. He must see to it that the stamp is attached to each of such receipts and cancelled as required by regulations before such shipment can be accepted. In the case of perishables or other instances where such receipts cannot be given by conductors, the goods may be accepted and transported in advance of the affixing of the stamps, but in that event the receipt must be delivered to the destination agent and he must require the stamp from the consignee.

"Too make it even plainer, the law provides that this stamp must be affixed before the railroads can accept a shipment; and in cases of perishables, they cannot deliver the shipment until the stamp is affixed on the receipt and cancelled. The law is penal, not civil. Its violation by any person or corporation is punishable in the Federal Courts.

"The shipper or person is required to cancel the stamp, by writing across the face his initials and the date. Some shippers have been under the impression that, because the carriers have a limited supply of stamps on hand for the accommodation of their customers, the stamps were to be distributed by the roads free. This impression is erroneous. The law provides that the shipper pay for the stamp, affix and cancel it.

"For the convenience of its customers, the Southern Pacific has distributed a limited supply of stamps to its agents, that they may be obtained from the latter until the Government has completed its arrangements for distributing them through its own agencies."
