The City Council has decided to appoint a water commissioner to look after the water system and pipe line, instead of having it looked after by the marshal, as heretofore. It is thought that by this method a practical man can be kept in charge of the water system at all times, thus keeping the system in the same of perfection.

AN ODD LINEUP

The game opened with Molasses at the stick and Smallbox catching. Cigar was in the box with plenty of smoke. Horn was on first base and Fiddle on second; backed by Corn in the field. He made it hot for Umpire Apple, who was rotten. Axe came to bat and chopped. Cigar let Brick walk and Sawdust filled the bases. Song made a hit and Twenty made a score.

In the fifth inning Wind began to blow about what he could do. Hammer began to knock and Trees began to leave. The way they roasted Peanuts was a fright. Knife was put out for cutting first base. Lightening finished pitching the game and struck out six men.

The entertainment given by the Toledo Boy Scouts at the Dime last evening was good and reflected much credit on the boys and their instructors. The house was crowded and all were well pleased with the efforts of the boys in entertaining.

IT'S different, its better and you will like it better. Use up half a pouch of "Right-Cut" and you'll know you've got the Real Tobacco Chew. It gives you the fine, rich, satisfying taste of real tobacco—seasoned and sweetened just enough. And the taste comes naturally, because "Right-Cut" is a ready chew. All you have to do is to tuck away a small chew and enjoy it right from the start.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is the Real Tobacco Chew. That's why it costs less in the end.

One small chew takes the place of two big chews of the old kind. WEYMAN-BRUTON COMPANY 50 Union Square, New York
