### CHANGE OF MANAGEMENT

On and after May 1st the partnership of Collins & Hayden, owners of the Leader, will be dissolved. Mr. Collins retiring and Mr. Hayden taking over and continuing the business. No change in the policies of the paper will be made and it will be the earnest endeavor of Mr. Hayden to maintain the high standard of the paper, and to work for the upbuilding of Toledo and Lincoln county. At this time we desire to thank our many friends and patrons for their support during the many years that we have published the Leader as it was due to this loyal support that we were able to improve the paper from time to time. Our rustling community editors have been responsible for a large share of the success and popularity of the Leader and we desire to thank them and give them credit for same at this time, hoping they will continue their splendid services. Again we thank you.

### "WEB" WANTS THAT BRIDGE

Eddyville, Or.

Editor Leader:—In the issue of April 20th, of the Yaquina Bay News, the editor obligingly informs us that the building of a bridge across the Yaquina river at Toledo would be "premature" as the present stage of development of the county does not justify the large expenditure of public money that would be entailed." From this I infer that the settlers and ranchers who would be helped very much by such a bridge shall contentedly struggle along for a few more decades until they have sufficiently "developed" the county, before they get their bridge.

I think on close inspection it will be found that our friend is talking through a hole in his cap and also that he has the horse behind the cart. The said bridge would be of first-class aid in developing the large area benefitted, as anyone with even ordinary intelligence will see. He says "there are other sections of the county that need roads far worse than Toledo needs that bridge," and that the motive of his whole article is selfishness.

I would say that the whole county needed that bridge more than Toledo does, but it gives me great pleasure to note that there are big, broad-minded men in the Court who see the need and are starting to fill it.

The admonition of slow procedure on account of the very energetic kicking from the taxpayers is rather far-fetched. All the clear thinking right-minded people of Newport would not "kick" a bit, but that the poor, nose-backs and the "News" would shun "expensive luxury" there is not the slightest doubt.

If the County Court sees fit to build that bridge I think it will
