MISTAKE IN NAME

Unfortunately a mistake occurred in the printing of A. G. Schwartz's name on the Republican ballot. That such a mistake occurred is to be deplored, but that more such mistakes do not occur is a wonder, as in the work of getting out the ballots, time is at a premium, everything has to be rushed, the printers work long hours, working every night until midnight or later. There were 9000 ballots printed for this election, requiring 63 changes of form for the different precincts in this county. During the getting up of the recent ballot County Clerk Howell had two terms of Court on his hands at the same time, County Court and Circuit Court both being in session here. Still if a mistake creeps in there are always men of the stripe of Bill Mathews and J. C. Emery ready to holler "skulduggery", "this is a serious injury to Mr. Schwartz", etc.

Mr. Schwartz's name is Albert George Schwartz, on the ballot it appears George Albert Swartz. The Attorney General has ruled that the mistake is not vital and will make no difference in the result of the election.

A mistake occurred also in the copy furnished from the Secretary of State's office for the ballot and was corrected at the last minute by telegraph, even after the forms were on the press.

Which ever wins, Mr. Schwartz or Mr. Ball it will be because he is the best man.
