KOSYADOR—SILETZ PICNIC

At the week end occurred the annual "Kosyador Picnic", so named by the guests in appreciation of the hospitality of Mr. and Mrs. Joe Kosyador in providing grounds, furnishing horse feed, and for the dinner, preparing coffee, string beans, pickles and roasting ears for the entire crowd besides a huge bowl of salad and a cake.

The crowd was a Siletz valley one. Besides Phil Elting and wife from Upper Farm and Mr. Mowery and wife from Mowery's on tide water, there were present Mr. and Mrs. Walter Hall, Miss Stewart, Miss Keyes, Sup't. and Mrs. Chalcraft, Miss Chalcraft, John Kenta and children, Dr. and Mrs. Pinkley and children all from Siletz and Mr. and Mrs. Goin, Mr. and Mrs. Crawford, Mr. and Mrs. Pompel and children, and Mr. and Mrs. Ojala all from Lower Farm.

The grounds, a picturesque triangular piece of land at the junction of Euchre Creek and the Siletz River, were surrounded by fine trees. A long steel cable swung between two convenient firs furnished amusement for children and grownups.

At the table made of new 2 by 12s padded with blankets and covered with linen cloths were seated fifty people who did abundant destruction to the viands mentioned above as well as to those the ladies had brought. These included celery, pickles, six varieties of potato salad, beet and cabbage salad, yellow pickle-fried and roast chicken, beef, pork, ham sandwiches, salted almonds, apple, pumpkin and raisin pies, fruit salad and well nigh "57 varieties" of cake. There are certainly some good cooks on the Siletz.

While intended purely as a neighborhood sociability get together and being a huge success as such, the occasion furnished to some of us newcomers to Lincoln County a demonstration of the fertility of the soil. An erst-while jungle of willow, fern, wild crab, alder and fir had been transformed into fields, meadows, and as pretty a young orchard as one could wish to see. A large potato patch dug into showed 12 to 20 salable spuds per hill. In the large garden were beets, carrots, kale, parsnips, string beans, and corn all of good quality. A granary with 900 bushels of fat grained oats, a large barn full of hay, large draft horses, and full blood Berkshire hogs attested the feeding value of Siletz valley land.

Here as elsewhere the road to success lies in industry, economy and perseverance. That continued prosperity and ever increasing good fellowship may be the portion of this hospitable family and all other Lincoln County folks is the wish of one of the new comers.

Such tobacco enjoyment

as you never thought could be is yours to command quick as you buy some Prince Albert and fire-up a pipe or a home-made cigarette!

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907" which has made three men smoke pipes where one smoked before!

PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either.

Men who think they can't smoke a pipe or roll a cigarette can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a try-out certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. Prince Albert tobacco will tell its own story!

A Leader reporter had the pleasure of taking in the Harlan Fair last Saturday, and was agreeably surprised at the good showing made by the farmers of that section. There was the usual profusion of large pumpkins, turnips, beets, cucumbers, corn, potatoes, apples, pears, plums, etc., etc. Then there was a large platter of ripe strawberries which made a fellow's mouth water. A number of fine horses and teams were on display, and quite a showing of high grade dairy stock was made. Goats are another of the assets of this section and a most creditable showing was made. These fairs are a good thing to bring communities together and we are glad to see that they are being held in all sections of the county. The people of the Harlan section have a fine valley and we expect to hear more from it in the future.
