NOTICE!

We wish to call especial attention to the club of magazines advertised in connection with our paper. This is by far the biggest magazine bargain that we have ever offered our readers. And as a hint to the wise, we suggest that you avail yourselves of it at once, since we have already been advised by the publishers that on account of the tremendous increase in the cost of white paper the regular subscription price of these magazines will be increased in the near future. Send in your order now and get a double bargain.
