## NEW YEAR GREETING

Toledo and Lincoln County Greetings:

Your humble servant and brother wishes to let you know that he appreciates your patronage of the past year. I want to wish to one and all a Happy New Year and hope that you will join me in being happy for the incoming year and remember that I will do business at the old stand, the auto livery.

I am starting the New Year with lots of love for all. I have learned the way to be happy is to make others happy. Our beloved Lincoln said, "To be happy is to be busy." I want my brothers and sisters of Toledo to be on the alert this year for we have lots to do. Let us have no trouble this year, but rejoice in everything we do. Let us throw open the windows of our souls that our spiritual life may govern our brain. Let us see good in everything and everybody. If we live this year without an evil thought how happy we will be at the close of the year.

I want the grand old Civic Club to know that we appreciate their efforts to build up the city, and may God bless the members of that club.

Let us purge our lives of all selfishness and live unright and unselfish lives that all may see our good work, and when we are about to speak evil of our town or people, please slip away where no one can hear us, for it is a shame to speak evil of a place and still live in it. When you do, you are condemning yourself, and self-condemnation is sore affliction.

Now, a few words about our county officials. I have been made to blush on the streets of Toledo by open remarks about their dishonesty and extravagance. I want to say I think we have a noble, honest, accommodating set of officers, and I love all of them.

And now, as the Old Year closes her doors and we take hold of the knob to open the New, let us leave all of our old sorrows and "get evens" there in the old year and fill our lungs with pure air and our lives with new, useful thoughts, and try to make Toledo a better place to live in, and may God bless all the homes of Toledo.

One that loves you all,  
 E. P. Curvey,  
 Manager of Auto Livery.

## MR. TANGEN ANSWERS WEB

To the Leader:  
 I see in your last paper where Web says Mr. Tangeen is all wrought up because he has no

market, so Web even insinuates Mr. Tangeen to put all the crops he raises into live stock or cream but the question can I make more. Now!

Just as though Mr. Tangeen didn't have any progressive or modern ideas about these affairs.

I think Mr. Tangeen has had many years of experience with these affairs so I think Mr. Tangeen knows what he can make the most out of.

If Mr. Tangeen could of made more by putting all the crops he raises into livestock or cream he would of done so long ago and without any insinuations.

Now if everybody in Lincoln county and other counties in all the states were to put all the crops they now raise into nothing but livestock or cream which would soon overstock the market and then what would the price of livestock and cream be.

Now you will say put in a winter dairy. Cream is a good price in the winter that is true but if everybody could put in a winter dairy how long would the price of cream be up I think not very long.

Web seems to think everybody in Lincoln County can live on beef or butter and the few creameries can employ all of the laboring men.

It is with pleasure that I am obliged to Web for his progressive and modern ideas and insinuations.

Web even states that the installation of a county agent is a reckless extravagance thought of only by individuals in the parasite and anarchist class. Ouch! Shoo! These things are not true. If Web or an agent can make more than Mr. Tangeen could make if we had more industries I would gladly give the place to them free of rent for a year or two.

Web insinuates that Mr. Tangeen overlooked the fact that these car loads of stock were shipped only by private buyers.

Now it gives me a pleasure to say to Web I happened to know some of these stock were shipped by private farmers co-operating.

I also had the pleasure of seeing some of these stock sell to private buyers for as high \$60 a head which would make some different then Web average of \$25 a head.

Now the farmers of Lincoln county can form more of these co-operation or selling organization when we get a national association of farmers.

Come all you writers and other farmers let us turn over a new leaf in 1917 and boost hard the sooner we get it the better.

Yours respectfully,  
 C. Tangeen.

THE GOOD JUDGE APPROVES OF THE DEPARTMENT'S GENERAL ORDERS.

GIVE a man a chance—whether he is on the force or a private citizen. It's the satisfaction, the good tobacco taste that wins him over to W-B CUT chewing. There are other things that help—the gentlemanly appearance that the little chew permits; the easing up on so much grinding and spitting; last and not least, the economy—but it's the tobacco satisfaction that turns the trick every time.
