Have been built and actually delivered to retail buyers
since August 1, 1916. These figures—320,817—represents
the actual number of cars manufactured by us since August
1st, 1916, and delivered by our agents to retail buyers.
This unusual fall and winter demand for Ford cars makes
it necessary for us to confine the distribution of cars only
to those agents who have orders for immediate delivery to
retail customers, rather than to permit any agent to stock
cars in anticipation of later spring sales. We are issuing
this notice to intending buyers that they may protect them-
selves against delay or disappointment in securing Ford
cars. If, therefore, you are planning to purchase a Ford
car, we advise you to place your order and take delivery
now. Immediate orders will have prompt attention. De-
lay in buying at this time may cause you to wait several
months. Enter your order today for immediate delivery
with our authorized Ford agent listed below and don't be
disappointed later on. PRICES: Runabout \$345, Touring
Car \$360, Coupelet \$505, Town Car \$595, Sedan \$645, f. o. b.

FORD MOTOR COMPANY

A. T. PETERSON, Local Agent.

There is more Catarrh in this section
of the country than all other diseases
put together and for years it was sup-
posed to be incurable. Doctors prescribed
local remedies, and by constantly failing
to cure with local treatment, pronounced
it incurable. Catarrh is a local disease,
greatly influenced by constitutional con-
ditions and therefore requires constitu-
tional treatment. Hall's Catarrh Medi-
cine, manufactured by F. J. Cheney &
Co., Toledo, Ohio, is a constitutional
remedy, is taken internally and acts
through the blood on the mucous surfaces
of the system. One Hundred Dollars re-
ward is offered for any case that Hall's
Catarrh Medicine fails to cure. Send for
circulars and testimonials.

trophies to the South thereby
courting much censure. Sena-
tor Foraker just deceased I be-
lieve was bitterly disappointed in
the President's judgment. That
Grover Cleveland was a strate-
gist second only to the great
Von Moltke, hero of Sedan, was
later proven when South joined
North man to man and marched
to victory under the old Red,
White and Blue up San Juan
Hill and through perils of the
Philippines blazing the way for
William Howard Taft. Looking
across the years does it not look
like a checker board? Truly
we must attain years to gain
wisdom especially in Love and
War.

Blanche and Percy Mulvany
attended Memorial services at
Harlan Cemetery contributing
selections from the wealth of
fragile wild blooms peculiarly
native to our own altitude.

Nature has done her best, for
the bough and branch is redol-
ent with faint flower perfumes,
sweet bird life and song. One
day these feathered songsters
or least many of them looked
on other scenes for they com-
from beyond seas.

Our Agricultural class find the
D. C. seeds prolific having plant-
ed a flower plot May Day as be-
fore noted. Morning glories
were Johnny on the spot but be-
ing like Rip Van Winkle, thirsty
souls: "They came near shar-
ing his lot. The watering pot
came to their timely rescue
however, much to the relief of
the student florists as the antics
of the flower folk are very be-
gunning and help to while away
many delightful Summer hours.

"Oh, Summer is the time for
me, Joy is there in all I see."
