BE CANNY

Home preparedness — cans loaded with food. The rubber that a preserving jar helps you to stretch your income.

The awful question, "What shall I have for dinner?" is easily answered if your shelves are full of home canned products. Can't eat 'em all in summer? Not enough in winter? Home canning is the answer.

You put a lid on waste every time you seal a preserving jar. Canned berries are bird proof. Frost doesn't nip canned vegetables.

Canned green peas and yellow peaches help fight the blues. See that your garden produces dry beans, cabbages, potatoes and root crops that can be kept without canning.

Don't have an empty preserving jar in your home next fall. There may be some difficulty in securing cans and preserving jars.

Reserve regular tight-sealing containers for vegetables, concentrated soups, meats and fish.

Concentrate products so that each jar or can will hold as much food and as little water as possible.

Put up jams, jellies and preserves in glass sealed with cork or paper and paraffin. Pack fruit juices in ordinary bottles.

Don't can anything that can be kept just as well dried or in other forms. Dry navy and mature lima beans for winter use.

Produce in your garden lots of cabbage, potatoes, and root crops that can be kept for the winter without canning.

OREGON WEEKLY INDUSTRIAL REVIEW

Industrial development recorded in all sections—Labor shortage has begun to appear—crops will be above normal—more shipyards and greater activity in the lumber industry.

Marshfield—Two sawmills on the Bay have decided to put on double shifts and will employ 500 more men.

Toledo—Survey of logging road extension to Siletz river completed.

Ashland—Free soda water being piped to city from Sanger wells.

Gold Beach—Macley estate has bought three schooners to handle lumber.

Sellwood—Old, mohair mills to be rebuilt to handle flax products.

The Dalles—Large concrete waterway to be built for Tam-A-Lum Lumber Co.

Congressmen and Senators are paying themselves \$7500 to \$10,000 a year, besides clerk hire, mileage (and all make some money besides,) and not one but would be glad to serve for half that price. That is the difference between politics and business.

Silverton—Evergreen Co-operative Cheese Factory building 600 gal. vat.

Lebanon—Linn county to have 25 miles of hard-surfaced road as result of passage of road-bonding measure.

North Bend—Portland firm to build North Slough road.

Heppner—New bank will open here July 1st.

Roseburg—Will place large concrete dam at hatcheries.

Vale—Inter-Mountain Oil & Gas Co. incorporates for \$1,000,000.

Reports from different parts of the state indicate growing scarcity of common labor. Ranchers are paying about double what they have had to pay in the past and are hoping for a labor supply from somewhere before the full harvest comes on. Immigration statistics from all countries for 1913-14 show an average of over 100,000 a month coming to the U. S. This has gone down until we are getting about fifteen thousand a month from all sources in 1917. Mexicans have been leaving in such large numbers that the Labor Commissioner has suspended the literacy test to allow Mexicans to come in and help harvest the crops in the border states.

Springfield—Chapel to be built here.

Eugene—Highway to coast from here to be surveyed soon.

Roseburg—Prune Packing Plants planned.—Service to be established at Riddle and Myrtle Creek.

Newport may have shipbuilding plant.

Marshfield—Oregon Fish and Game Commission consider constructing new fish hatchery on Nehalem river.

St. Helens—Improvements made in plant of Columbia County mill—electric power will operate plant.

Marshfield—Two shipbuilding plants

There is an element of humor in a cattle association shedding tears over the proposed raise of fifteen per cent in freight rates asked by the railroads when all kinds of live stock has gone up 100 per cent or more in the past three years. The cost of labor and materials entering into railroad operations has gone up from fifty to three hundred per cent. Sheepmen are fighting the advance in freight when they are getting double for their fleeces what they ever got before. It is railroad construction and railroad prosperity that the country needs.

Heppner—Morrow county sheepmen are raising 55½ cents and holding for 60.

Hood River strawberries are bringing \$3.50 to \$4.00 per crate.

Portland—Shad hatchery installed on dock of Columbia River Packer's Ass'n. Government and state co-operate to replenish streams. The problem of food shortage can only be solved through supplying the soil with atmospheric nitrogen fertilizer, thus doubling crops. This illustrates necessity of passing legislation conducive to development of nations waterpower.

Weston has secured a first-class flouring mill plant.

Sheridan starting hard-surface good roads paving plans, and demanding that only the best laid as being the cheapest in the end.

Coos Bay cheese factories are making the highest scores and seem to be leading the state by the Corvallis tests.

North Bend—Kruse and Banks shipyards has bid on five government boats and will know in ten days if they get the contract.

Ashland—Large feed mill and supply store established here.

Lexington to get new state bank.

Canyon City—Planning to build flour mill here.

North Bend—Firemen and city will invest \$325 in a modern alarm system which will be ordered soon.

Lebanon—Paper mill to add extra shift July 1.

Harrisburg will have creamery and cheese factory.

North Bend—North Bend Mill & Lumber Co. let contract for large steel refuse burner. Men at work on foundation.

Keep Clean

Keep clean inside, as well as outside. Do not allow food poisons to accumulate in your bowels. Headache, a sign of self-poisoning, will point to numerous other troubles which are sure to follow. Keep yourself well, as thousands of others do, by taking, when needed, a dose of two of the old, reliable, vegetable, family liver medicine,

Thedford's

Black-Draught

Mrs. Maggie Bledsoe, Osawatomic, Kan., says: "Black-Draught cured me of constipation of 15 years standing, which nothing had been able to help. I was also a slave to stomach trouble. . . Everything I ate would sour on my stomach. I used two packages of Black-Draught, and Oh! the blessed relief it has given me." Black-Draught should be on your shelf. Get a package today, price 25c. Governor Withycombe last week named the exemption boards, in connection with the selective draft, who will pass on those drafted in the various counties of Oregon. For this county the board is comprised of the following: Bert Geer, R. H. Howell and R. D. Burgess, all of Toledo.

STOP THAT SUMMER COUGH

We have coughs and grippy feelings in warm weather because colds are germ diseases. That's why we should have Dr. King's New Discovery handy. It's antiseptic ingredients fight the growth of germs and loosen their hold. It's laxative qualities expel these germs and cleanse the system. You can feel its pleasant balsams soothe the inflammation, heal tissues strained by coughing and promote rest and sleep. Millions of bottles sold. 50c., \$1.00 at your druggist. Used for nearly 50 years.

Lincoln County Leader

Makes Clubbing Arrangement With

The Oregon Farmer

Offers Unusual Opportunity to Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and had legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
