Miss Miriam Ingils received a letter from her cousin Mr. Ben Goodale from Some-Where-in-France, in which is the following that is of interest to all:

"The Huns wasted \$150.00 worth of ammunition trying to get me awhile ago. I belong to the ambulance Corps and had a badly wounded Lieutenant that I was in a hurry to get to the hospital so I tried to pick out a road that had the least shell holes in it. The Germans spied us and they first threw what they call star-bombs to locate the ambulance, and then they began shelling us. The last shell burst so near that every tire on my ambulance burst. The shells cost \$15.00 so I figure they wasted \$150.00. The Huns deliberately fire on our ambulances."

The basket ball games scheduled for last Friday evening did not materialize as the boat bringing the Newport girls got stuck on the mud flat near the Butler place, and the Newport boys would not play as their star player, "Skinny Gurnee," was in the boat along with the girls. As the Newport boys had six players here, and would not play the locals declared the game forfeit. Score 2 to 0.

IS THIS OUR TOWN? THE TOWN OF NO-GOOD?

Kind friends, have you heard of the town of No-Good, on the banks of the river Slow, where the Some-Time-or-Other scents the Air and the soft Go-Eastes grow? It lies in the valley of What's-the Use, in the province of Let-Her-Slide; it's the home of the reckless I-Don't-Care, where the Give-It-Ups abide. The town is as old as the human race, and it grows with the flight of years; it is wrapped in the fog of the idler's dreams; its streets are paved with discarded schemes, and are sprinkled with useless tears. —From Some Unknown Source.
