Real GRAVELLY'S Chewing Plug

LOOK AT THE GRIN ON HIM! BUT I'LL STAY ON THIS SIDE OF THE WALL WHILE YOU READ THE GOOD NEWS ON THAT BILLBOARD.

TO THE FARMERS OF LINCOLN COUNTY

I wish to announce that I am so well pleased with my HINMAN MILKING MACHINE that I want you to know what it is doing for me and thousands of others in this country.

I investigated milking machines thoroughly and decided to install the HINMAN for the following reasons:

1. Simplicity—There being no complicated, delicate mechanisms to get out of order.

2. Low Cost—First cost much less than other standard machines. Upkeep cost so small that it is practically nothing.

3. Ease of Operation—No mechanic needed; any person can easily understand and operate. I myself installed and started my machine without any assistance. No expensive and travelling expenses to pay in installing.

4. Ease of Cleaning—Easy to clean and keep clean as a milk pail or a separator.

I have secured the Agency for Lincoln County for the HINMAN as I fully believe it is the final solution to the milking problem. See advertisements in your farm papers announcing the NEW HINMAN, then call on or write me. I will be more than pleased to show you my own plant. Let me prove to you that if you milk 8 cows or more you cannot afford to be without the HINMAN.

Very truly yours,

F. B. Davis, Yaquina, Ore.
