TO THE FARMERS OF LINCOLN COUNTY

I wish to announce that I am so well pleased with my HINMAN MILKING MACHINE that I want you to know what it is doing for me and thousands of others in this country.

I investigated milking machines thoroughly and decided to install the HINMAN for the following reasons:

1. Simplicity—There being no complicated, delicate mechanisms to get out of order.
2. Low Cost—First cost much less than other standard machines. Upkeep cost so small that it is practically nothing.
3. Ease of Operation—No mechanic needed; any person can easily understand and operate. I myself installed and started my machine without any assistance. No expensive man and travelling expenses to pay in installing.
4. Ease of Cleaning—As easy to clean and keep clean as a milk pail or a separator.

I have secured the Agency for Lincoln County for the HINMAN as I fully believe it is the final solution to the milking problem. See advertisements in your farm papers announcing the NEW HINMAN, then call on or write me. I will be more than pleased to show you my own plant. Let

Even experts are unable to judge the quality of plumbing fixtures by their appearance.

Only by selecting the ware of a well known brand like **PACIFIC** Plumbing Fixtures can you make sure that your plumbing fixtures will give you years of satisfactory service.

PACIFIC bath tubs, lavatories, sinks and closets are of beautiful and graceful designs and simple, easy to clean patterns of substantial appearance.

They have a beautiful glossy white surface which they will retain for many years.

Although **PACIFIC** Plumbing Fixtures are of superior quality, they cost no more than any other reputable brand, and are guaranteed forever against any defects in workmanship or materials.

Remind your plumber and architect to install **PACIFIC** Plumbing Fixtures.

They will be glad to follow your suggestion, for they know they will give years of satisfactory service.
