## J. C. KURTICHANOV WRITES

Washington, D. C.,  
820 Kennedy St., N. W.,  
March 19, 1918.

The Lincoln County Leader,  
Toledo, Oregon.

I received two copies of the Leader since I have been here and I was certainly glad to get them and to note the progress that Lincoln County has made in the last few weeks.

I was almost homesick when I read of the nice warm weather back there and of the flowers in bloom while here for several weeks nothing was visible only snow and ice. The weather tho' now is almost uncomfortably warm, altho' it is very subject to almost instant changes.

In reply to my last letter to the Leader I received several letters from

parties who were interested in the Civil Service Department and planned to come here in the near future. Those that wish to get in this department of Service will find that if they come in the early Spring or Summer that they will fare better than coming later.

The work regardless of the department is usually very pleasant and interesting excepting in some cases where some self important fellow has charge of the department. I have been promoted to Assistant Chief Mailing Clerk of the Administrative Division of the Q. M. C. and I find that the most absorbingly interesting work that I ever did. That department of work makes me familiar with all the inside movements and facts pertaining to this department of the Army. It also throws me in daily contact of widely different classes of people; from the negro messenger to the generals. The streets and Government buildings are always filled with soldiers and officers of our army and very often sees British and French officers and generals. Col. Chas. Lee of the Royal Flying Corps of England was here about two weeks giving daily exhibitions of flight over

the city. Now a French war plane is here with an American machine equipped with a Liberty motor, also giving daily exhibitions.

This week I am on night duty at the office so I put in most of my time in the day at the Capitol, either in the Senate or House. There are several interesting issues up for debate now and it is interesting as well as instructive to hear them pro and con.

I have the privilege of seeing President Wilson nearly every day since the weather is warm. He and Mrs. Wilson go motoring or golfing nearly every morning and as they must pass the office building I usually see them. The President is quite gray but Mrs. Wilson seems quite young yet.

I was in hopes that I would get to see some of the Lincoln County boys here at some of the neighboring camps but I have no way of knowing when they come or where they are, so if any of them are here and some one will give me their complete address as to regiment number and company I will try to look them up.

Must close with best regards to all the Leader readers.  
Yours respectfully,  
John C. Kurtichanov.

# THE OREGON FARMER

*Offers Unusual Opportunity To Its Readers*

**A**MONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with *THE OREGON FARMER* whereby any farmer or fruit-grower, who is one of our regular subscribers and who is not now a subscriber of *THE OREGON FARMER*, will be entitled to receive *THE OREGON FARMER* in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity but send your order in now.

*THE OREGON FARMER* is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. ## Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc.

The Non-Partisan League is using large paid advertisements in the big dailies to defend itself for unpatriotic utterances at St. Paul convention. A new political party mobilizing elements of discontent is not looked upon with favor at present and the League is on the defensive.
