ALL SHOULD HELP IN GETTING RESULTS

The question of spruce production by the Signal Corps for aeroplane construction, is, as everyone admits a big undertaking. In fact quite a serious problem, and in spruce carrying localities should be the paramount issue. Every citizen now fully realizes the important and urgent need for it and every patriotic citizen is willing and anxious to aid in every way possible, forgetting his own personal desires and his own business. The Leader wishes to be classed with those citizens who are willing to work and sacrifice to the fullest extent in this and all other lines of activities that will help to win the war. It has come most forcibly to us that the time has arrived when the call of duty should be heeded, and we should all put our shoulder to the wheel.

Lincoln county has within her borders a very large amount of the finest spruce for aeroplane construction. The efforts of the Signal Corps for some months past have not obtained the results we had hoped for, but within the past few days, we are gratified to say, constructive information has been and is being furnished by our citizens, which if acted upon, and there is no reason why it should not be, we believe will aid in speeding up production. If you have information that will aid the government in getting results, it is your duty as a citizen of this good old U. S. A. to volunteer your knowledge and assistance. Don't be a slacker.

Mr. Chas Schmitt, our auctioneer, deserves a great deal of credit. His heart was in sympathy with the great work for which he was selling things, that the people fairly emptied their pockets in answer to his cries for bids.

The school house was beautifully decorated for the occasion, Mrs Fraizer donating her flags and bunting. The honor flag had a place of prominence. The young ladies drill did the girls credit, and everyone realizing the great need of our country at this time, gave their best.

Mrs. Ashcraft presented a very creditable program, considering the short time in which she had to prepare it. Several patriotic war songs were rendered which added much "JAZZ" to the occasion.

WHEN PEACE COMES

Some day peace will come. Thousands—millions of men—will suddenly be thrown back again into civil life. Consider the vastness of the readjustment that will be necessary. Look back at the period of reconstruction after our own Civil War. Prepare for this new period of reconstruction. The day of reckoning is bound to come. Be gin to save now. Thrift is the need of the present, the hope of the future.

Liberty Loan Bonds, War Savings, the safest securities in the world, are a wise provision for the day peace comes.

LAUDS AMERICAN SOLDIERS

John B. Howarth, a Y.M.C.A. war work secretary in Paris, writes that the center at which place he is stationed, accommodations for 3500 men are at hand, that Mrs. Theodore Roosevelt, Jr., has charge of 50 women workers and F. S. Edmonds a Philadelphia lawyer looks after the business affairs. He says the American Soldiers are clean, cheerful, wholesome fellows and an army any nation might be proud to claim.

LEADER

Makes Clubbing Arrangement With

The Oregon Farmer

Offers Unusual Opportunity to Its Readers

AMONG our large circle of readers there are a great many who are interested directly or indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruitgrower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
