REPORT OF COMMITTEE

The following Report of the Committee on the "State of the Country" was unanimously adopted at the Annual Encampment G. A. R., Albany, May 15, and ordered printed in circular form and distributed throughout the Department, to be read in the Posts, and given to the local newspapers, with a request for its publication. Comrades:

This annual meeting of the Department of Oregon, G. A. R., comes at a time most extraordinary, a crisis the most momentous in the history of the world. We came into the realization of manhood in the tumult of war, and will, we fear, pass out of this life, in a similar atmosphere.

The world is now in the crucible. The furnace is seven times heated; in the welter of blood, the cry of agony, the horror of death, the world's status is now being recast. The white-hot metal soon must issue, taking permanent form. The autocrat and the democrat are met in deadly conflict, to determine which shall rule. There is not room on earth for both. The Prussian whose national atmosphere is hate and malevolence, was for more than 40 years preparing for the struggle that should give him world dominion. Strangely enough the rest of us were blind to the impending peril. It was hard to believe that any people had reached the depth of infamy where justice and humanity would be trampled underfoot to aggrandize the autocracy of a ruling house. The world has had a terrible awakening.

The nation that boasted of its blunt honesty has revealed itself as a perjurer, with the stealthy instincts of the savage. The world did not know the Prussian did not know to what depths of

moral perfidy he could descend. Every form of villainess has and is being resorted to, in carrying out his designs; not sporadically as may happen in an army, where men see red in the surge of conflict, but of deliberate purpose and by cool direction of their officers.

Murder, pillage, rape in which the poor Belgian wife and mother has been forcibly ravished in turn by a whole bunch of fiends with a smile of self satisfaction. That, gentlemen, is the "Kultur" that proposes to "cure" the world. The savage Indian was an angle in white compared to them.

At last it became manifest to Americans that a beast was abroad, crushing the bones and swallowing the blood of all in his wake, with a weather-eye on our own fair land, the United States.

Murder on land was followed by murder on the sea. American lives went down in the waters, as Belgian lives went out in their hitherto quiet homes, villages, and on the plain. Then it was that the United States, after Germany had, under cover of friendly international correspondence filled every part of our land with spies, was aroused to her danger. With Belgium devastated, Britain grimly hanging on, France bleeding at every pore, Italy vainly looking on at the invasion of her fair homes, America said, "We can be neutral no longer," and we are in to fight to a finish.

Why are we in it? It is that malevolence and overweening pride may have a fall. That the doctrine of the super-man may forever be squelched, that militarism may be shown to be not only a curse but a failure; that contract breaking, lying, cruelty and brute force cannot and shall not have the right of way. Until that time arrives we must and we will fight.

No one sees more clearly than the G. A. R. that if the German conquers, then nothing is worth while. As men of military experience we expect reverses and disappointments. We look for loss of hard earned ground, spying everywhere, with all sorts of attempts to defeat our efforts. Thousands of American lads of high promise will be laid under the sod making the supreme sacrifice. A hundred thousand more will be maimed for life, while tens of thousands of American mothers will be broken hearted.

Sicken in soul by German hypocrisy, foul blasphemies, wanton destruction of sacred places, conscienceless diplomacy unspeakable brutalities, outraged womanhood and starving children widespread wherever the Hun has gone, the G. A. R., peace loving as we are, and hating war as we do, dedicate ourselves, our lives, our fortunes, our sons and our daughters to the divine cause our nation has espoused, until the honor and safety of peace loving nations are again established and the future happiness of the whole world guaranteed. Nor do we believe the "conscientious objector," so called, has any right to exemption from military duty or that he should be allowed to remain in this country to enjoy the fruits of battles won by the lives of others.

I would indeed, we are of the place Oregon has won in the American marshalled hosts, with every man, woman and child doing and willing to do their utmost.

The way before us will be long and hard. Ever and anon the heart will be sick from hope deferred, but we shall fight on! and on! and still on! Thank God we have the men, the substance and the spirit for the struggle that shall not end till the whole world shall be freed from the power of the Hun.

Germany must, and will learn that people of our race are not to be bullied; that Hun brutality has no terrors for Americans. The boon of civil liberty will not be surrendered after one nor of one hundred defeats. As men who have smelled the smoke of battle we propose to fight it out on this line if it takes not only all summer, but a dozen summers.

Now that we have begun, we don't know how to stop; and we refuse to be shown until we are over the top.

THE KAISER'S TALK TO HELL

The Kaiser called the Devil up
On the telephone one day.
The girl at Central listened
To all they had to say."Hello!" she heard the Kaiser say,
"Is old man Satan home?"
Just tell him it is Kaiser Bill
That wants him on the phone."The Devil said Hello to Bill,
And said "How are you?"
"I'm running a Hell here on earth,
Now tell me what to do.""What can I do?" the Devil said,
My dear old Kaiser Bill;
If there's a thing that I can do
To help you, sure I will.The Kaiser said "Now listen,
And I will try to tell,
The way that I am running
On earth a modern hell.""I've saved for this for many years,
And I've started out to kill;
That it will be a modern job
You leave to Kaiser Bill."My army went through Belgium,
Shooting women and children
down.
We tore up all her country,
And blew up every town."My Zepps dropped bombs on cities,
Killing both old and young,
And those the Zeppelins didn't get
Were taken out and hung."I started out for Paris
With the aid of poisonous gas;
The Belgians, darn them, stopped
us,
And would not let us pass."My submarines are devils,
Why, don't you see them fight?
They go sneaking through the sea
And would sink a ship on sight."I was running things to suit me,
Till a year or so ago,
"Then a man called Woodrow
Wilson
Wrote and told me to go 'bow."He says to me dear William,
We don't want to make you sore,
So be sure and tell your u-boats
To sink our ships no more."We have told you for the last time,
So dear Bill, it's up to you,
And if you do not stop it
You'll have to fight us too."I did not listen to him,
And he's coming after me,
With a million Yankee soldiers
From their home across the sea."Now that's why I called you, Satan
For I want advice from you;
I know that you will tell me
Just what I ought to do.""My dear old Kaiser William,
There's not much for me to tell,
For the Yanks will make it hotter
Than I ever could in Hell."I've been a mean old devil,
But not half as mean as you,
And the minute that you get here,
I will give the job to you."I'll be ready for your coming,
And I'll keep the fires bright,
And I'll make the room all ready
When the Yankees start to fight."For the boys in 'aa will get you,
I have nothing more to tell;
Hang up the phone and get your
hat,
And meet me here in Hell.DID YOU LOOK!!!
