War Time Sweeteners

AMERICA has several excellent war time sweeteners that will be used largely during the shortage in the sugar supply.

They are maple sugar, syrups, honey and molasses and may be used in preparing desserts and other dishes requiring sweetening.

When a cup of syrup or honey is used to replace a cup of sugar the liquid in the recipes should be decreased one-fourth. One-third of a cupful of sugar is equivalent to one-third of a cup of honey, about one-half cup of syrup and about one-half cup of corn sugar. One-fourth of a cup of sugar is equal to about one-half cup of syrup or one-third cup of corn sugar. One tablespoon of sugar is equal to one tablespoon of honey, about one and one-half tablespoons of syrup and one and one-third tablespoons of corn sugar.

Sugar may be saved by the use of raisins, dates, figs, dried pears and fruit pastes used on the breakfast cereals. Fruit marmalades, butters and jellies should be used to take the place of the ordinary sweetening at a meal and not as accessories to it. Fruits may be preserved without sugar. It may be added when sugar is more plentiful. Preserving demands this year a thin syrup instead of a heavy syrup.

If sugar is used one-half of the amount may be replaced by another sweetener.

Drying is a means of preserving (without sugar) apples, cherries, strawberries and black caps.

When ready to use they may have added the needed sugar in the form of a syrup. When sugar is more plentiful fruit juices may be made into jellies or may be used as fruit juices with or without sugar, as beverages, fruit gelatins and frozen desserts.

Fresh fruits supply the place of sugar in the diet. They should be used freely. Desserts where sugar is scarce may be made of gelatins, junkets, custards, puddings and cakes.

Saving Sugar Saves Shipping

AMERICAN families would have less sugar than the people of war torn France, if we depended entirely on our home-grown sugar stocks.

Approximately 75 per cent. of our sugar is shipped to our shores. We produce about 1,000,000 tons of sugar a year. Our imports from abroad amount to over 3,000,000 tons a year in normal times.

The United States Food Administration asks each family to limit its use of sugar to two pounds per month per person for household use. The military situation demands that every available ship be placed at the disposal of the Army or Navy. When we save sugar, we save shipping.

The Farmers Friend

We will take your fresh eggs, fruit and vegetables and will pay the highest market price.

We can save you money on canned milk, having bought when the price was at the lowest and are going to give our customers the benefit of the low price.

On Wednesdays we deliver down the river and Thursday we deliver as far as Orton.

CHILDREN LOVE CANDY

but their parents should see to it that they get none but the purest and most wholesome. Any other kind is to be shunned. Good Candy is an aid to the health as well as to the happiness of children. We guarantee our Candy to be pure in ingredients, in make and in handling. And yet our prices are admittedly moderate.
