POETRY IN THE SPRUCE

The voices whose songs
Have enchanted the world
Through ages of Poetry's
Golden charm
Are stilled, and their
Laurels are yellow and curled,
While shades of their wearers
Flit 'round in alarm.
Ben Johnson, Lord Byron,
And Wordsworth sublime
No longer are read by
Our lovers of verse.
Unscathed are they for
These feverish times,
Our taste has been changed—
Some think for the worse
But turn and let's hail
The new master of rhyme
Who flaunts his success
O'er the ancients morose.
Proclaim to the world by
Song and by chime
The name of this marvel—
Our Lawrence B. Gross.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. YANKEE TRANSPORT REACHES OVERSEA DOCK

American troops have crowded hundreds of ships this spring and summer, plying through British and French ports on their way to Chateau Thierry and the Aisne-Marne front. So continuously do the columns of Americans march through British channel ports to embark for France that the British residents call it "the endless line".
Fourth Liberty Loan Bonds will provide more and more ships for more, but not better, soldiers to help the Hun in his retreat to Berlin.
