STOLEN FROM THE PEAVEY
Following are some items taken from the Soldiers' paper, The Peavey.

SOME BAND OURS
Lieutenant John Robson, Regimental Amusement Officer wants it to be known that if it were not for the fact that each and every member of our celebrated Band desires to be home as soon as he is discharged, he would certainly take the outfit on a tour of the World, holding band competitions with all of the leading musical organizations of the various places visited. Lieut. Robson is sincere in his praise of the 4th Regimental Band and the wonderful progress they have made in such a short space of time, and at this time wants to thank each individual member of the band for their loyal support and herculean efforts to make our Band "the" band of the S. P. D.

The following list is offered for any who would build himself a flying machine. Just take the list to the nearest hardware store and buy a hammer and a screw driver and a paint brush and go to it.

Get them all:
Nails, 4,326; screws, 3,337; steel stamping, 521; forgings, 798; turn-buckles,

276; wire, 3,262 feet; aluminum, 65 pounds; spruce, 244 feet; pine, 98 feet; hickory, 1 1/2 feet; varnish, 11 gallons; dope, 59 gallons; rubber, 24 feet; linen, 201 square yards; veneer 67 square feet.

The above was copied from "On The Wing" the weekly published by the Puget Sound District of the S. P. D., and may be of use to any who aspire to great heights. In fact, you might even be able to get by the guards if you fly high enough.

ANSWERED AS BEST WE CAN
The Peavey is called upon to answer many unusual questions in the course of a week, and true to its purpose as a fount of useful information, it does as publicly as possible without violating the ethics of the profession, namely to withhold names when requested to do so. The answers:

Interested reader—No the office boy to the President of the Corporation does not rank a lance corporal.

Doubtful—No the pretty telephone operator in the Yeon Building is not subject to orders except while on duty at her post. She does not have to accept an invitation to Mess with the Officer of the Day.

Subscriber—Yes all members of the Corporation have to stand formations. This included the Janitor and also the night-watchman.

Bright-eyes—It depends on how well you know him. Personally I would advise you to look up his Service Record.

Homesick—The American Council at Newport could have handled your case but he has left for the United States. I would suggest that you write Secretary of the American Embassy at Yaquina.

CAPT. DIMOND FIGHTS SUB
A spectacular skirmish with a U-Boat was staged at the dock at South Beach last Saturday. Captain Dimond of the 51st Squadron led the invading party into the depths. The end of the of the ship was the scene of the action and the under seas peril fled for open water. It is alleged that an attack on the Yaquina Terminal was contemplated by the Hun but Capt. Dimond's successful foray into Norman's (at this time of the year) Water prevented the "Sub" from accomplishing its mission. Captain Hart generously came to the rescue with a uniform while Captain Dimond's diving suit was drying.

The following is said to be the last will and testament of Kaiser Bill, and was found in a captured city in Potsdam by a representative United Press who at once forwarded it to The Peavey:

THE LAST WILL AND TESTAMENT
of Wilhelm Der Pill, D. O. T.
I hereby appoint the President of the United States to be my sole executor (by kind permission of the Allies.)

1. To France, I give and bequeath Alsace-Lorraine, as it never did belong to me.

2. To Serbia I give Austria (also by permission of the Allies).

3. To Russia, I give Turkey for a Christmas dinner.

4. To Belgium I leave my crown prince, to do with as they see fit.

5. To John Bull I give what's left of my Army, as he would get them any way.

6. To Uncle Sam I give my Navy, he's bound to love them in the end.

7. To the College of Science I give my bone head, empty as always.

8. To Sir Ernest Shackleton I leave the pole; I've been up it so long that I regard it as my property.

Pvt. Wolfe, 105, says that now he is so expert in wading water he should be transferred to the Navy. He hasn't figured out whether to float the logs to the mill, or the mill to the logs. He suggests giving Officers Naval titles, for instance, Admiral Schaff, A. S. A. P., U. S. N.

We would suggest to Lieut. Barnes that the Regimental Exchange put in a full line of "Old Town Canoes" so that we may be able to hold Regimental review this winter. (No charge for advertisement.)

Sergeant (Bandmaster) Hicks wants the world to know that the 4th Provisional Regiment Band is the greatest little musical organization in these whole United States. The Sergt. says that he is ready to stack his outfit up against that celebrated band at Vancouver Barracks and that if the 4th Regt. doesn't play rings around that Washington State outfit he is willing to admit that he is not the greatest Bandmaster in the Country.

—a man was foolish to buy plug of the Gravelly class when he could get a big plug of ordinary tobacco for the same money. But one day Bill gave him a chew of Gravelly—just two or three small squares. Then Ike got the pure, satisfying Gravelly taste. It lasted so long, you can't tell him nowadays that it costs him anything extra to chew Real Gravelly.
