NUMBER 43

SILETZ

Mr. Chalcraft has gone to Portland as a witness in the Willard T. Jones timber case.

The Thanksgiving dinner given at the Government School building Friday evening was attended by nearly every person in the community and some from a distance. It was a chicken dinner and this may have had something to do with drawing the big crowd, although it was a patriotic occasion as well. The people here don't tire rejoicing over the close of the world war. The program was short but quite interesting. Miss Francis Farnham, principal of the Public school acted as mistress of ceremonies. Here it is: Duet, Gail and Clara Slocum; Reading, Maggie Miller; Recitation, La Verne Robinson; Song, Miss Elkins; Recitation, Minnie Miller; Pumpkin song, ten small girls, Helen King, Mary Alice Bensell, La Vill King, Agnes Winkle, Vieno Wehnia, Anna Robiski, Linda Kimmel, Bonita Wilks, La Vern Robinson; Recitation, Matt Miller, Song by the school; Recitation, Miss Elkins; Song, Male Quartette. This was a special number. Messrs. Ross, Slocum, Bensell and Wygant. The quartette was encored amid a storm of applause. Address, Dr. Carter. Receipts of the evening were \$50.30 which will be applied on the ministers salary and for other church purposes. The material for getting up the supper was furnished by the people, all bearing a part of the expense. This made it easy. All had a good time.

Mel Burton, our Salmon River Taft mail carrier, had a little experience with a wave on the beach Tuesday. The rig was turned over and he came near losing his team. Galliger Bowers, who was along on horse back, saw the wave coming and jumped off his horse and ran up on the bank, the wave going clear over the horses.

Our soldiers will soon leave us, we are sorry to learn, for we all enjoyed the boys being in our vicinity, and getting acquainted with them. They are certainly a fine bunch of young men.

We understand Guy Neilson will be the boss at Elmore's cannery next season, Andy Heater going to Cloverdale.

Quite a bunch of boys and girls were down from Mill Port Sunday evening for a boat ride and run out of gasoline—strange it won't go without gas.

Mr. Burns of Portland who has been staying at S. J. Stewarts for some time past, returned home Tuesday.

The funeral of Ray Brown who laid his life on the altar of his country, was held here Thursday. There was quite a large attendance for Harlan, Riverside and Salado neighborhoods, and many beautiful floral offerings.

As we stood by the grave side we could only think of the Gettysburg address of the immortal Lincoln, and realize that under God, that this Nation should have a new birth of freedom, and that we living should firmly resolve that these dead should not have died in vain. That the things our boys went over to France to annihilate out of German national life, should not be encouraged and perpetuated in the United States. Let us each do the little that lies within our power for a permanent peace.

Remember the Xmas masquerade and dance at Taft Hall, the 28th of December.

It is reported the hill road from Devils Lake to Taft is nearly impassable with a stage team, being so badly cut out on the lower wheel tracks.

YECGMEN BLOW AL WAUGH'S SAFE

Last Thursday evening witnessed a daring robbery in Toledo when yecgmens entered Al Waugh's pool room and successfully blew his safe. The booty taken amounted to about \$300, \$100 of which was in cash and \$200 in notes. They also took about \$50 worth of aluminum trade checks. The safe is practically ruined.

Entrance to the building was gained by using a jimmy on the front door. After gaining entrance the robbers proceeded to roll the safe into the back room. Here the safe was drilled, the charge inserted, the safe covered with the covers off the pool table to muffle the sound, and presto, the deed was done. They evidently experienced some trouble with the inner door after the outer one was blown, as they journeyed to Carson's blacksmith shop and got a sledge hammer to smash it with.

After the robbery they helped themselves to ice cream sodas, and left a couple of dimes on the counter to settle the bill.

They apparently left no clues as to their identity and it is very doubtful if the robbers will ever be captured.

ADVERTISER GETS MORE FOR THEIR MONEY

Advertisers in the Leader are getting more for their money at the present time, than they ever did before. They are getting their ads placed before both the Leader readers and the Sentinel readers for about the same rate that it cost to advertise in one paper alone before, the only difference being that we have been forced to make a charge for setting ads, whereas we formerly made no charge for composition. The high price of labor and materials has made it necessary that we make a small charge for composition. But this small charge is more than offset by our greatly increased circulation. THEN in addition to this we have just installed a stereotyping machine and are prepared to furnish our advertisers cuts for use in their ads without any extra charge. We have a nice line of Christmas and other Holiday cuts ready, and remember the use of these cuts is FREE to our advertisers. The addition of this department marks another improvement in our plant, there being no other shop in the county able to equal the service offered by the Leader. We do not wish to boast but believe we are justified in a pride in our plant, which we always aim to keep right up abreast of the times.

Are you ready for your Xmas advertising? We are doing our best to make your ads attractive and now it is squarely up to you to take advantage of the service offered.

"A precious one from us has gone,
A voice we loved is hushed;
A place is vacant in our home
Which never can be filled.

God in his wisdom has recalled
The boon his love had given,
And though the body moulders here,
The soul is safe in Heaven."
