VOLUME 27

TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, NOVEMBER 21st, 1919

NUMBER 39

## WOMAN TO LEAD MAN IF H. C. L. IS CUT

Miss Florence King of Chicago, president of the National Women's Association of Commerce, says it is up to her sex to lead men back into production fields for 100 per cent effort if cost of living is to come down. She says a woman stood behind the men on the firing line and that they're still standing behind them in peace.

## SILETZ

The Siletz High School basket ball team journeyed to Newport and Toledo last Friday and Saturday, overcoming many obstacles in the way of bad roads, and defeated these teams, 11 to 10 and 12 to 10 respectively. The careful guarding of the Siletz team was a feature of both games. After the Toledo game the Toledo High School students and teachers gave a banquet to Siletz which was greatly appreciated.

At the call school meeting held at the public school building Tuesday, W. H. Dunlap was elected trustee to fill the unexpired term of Bert Robinson and Maurice Andersen was elected Clerk to fill the unexpired term of Roy Chandler. A budget was adopted to pay the expenses for the next school year, aggregating something over \$9,000. It was decided to build a play house 40 by 100, costing about \$2,000. The building will be floored, enclosed on all four sides with sliding doors and reversible seats so games of ball can be seen from the inside of the building. It will have a seating capacity of about 300 persons. The meeting was largely attended by the patrons of the school and citizens, and the sentiment was unanimous in trying to make the public school the most important factor in building up the prosperity and welfare of the community.

New people are coming in most every day looking for locations.

Mr. Kearn, of the Williams & Kearn Co., is here laying off and preparing to set out the ten acres of logan berries. The ground is in fine condition and the plants are fine and thrifty, and it is believed every plant will grow. It is the purpose of the company to raise each year a crop of potatoes while the plants are growing. The plants are set 8 feet each way and the rows are made perfectly straight, or as near so as possible. The only complaint I hear about the logan berry is they will grow so rank and produce so abundantly that it will be hard to get them picked, as their season is so short. But I think this can be overcome by getting pickers at home and this will give employment to the home folks who have been in the habit of going to the Valley to pick hops and prunes along the malaria districts of the Willamette valley, where the children so often get sick as well as the older people.

Lee Wade has leased the Collins sawmill and will commence operating the same about the 1st of December. The logging camps are already being established. Lumber at Siletz is in great demand for building and fencing purposes. The local demand is growing better all the time but the lumber trade from the outside is increasing right along and this trade will make the business pay. We also have a shingle mill. This puts Siletz in fine shape for improving.

## SOUTH BEACH

Mrs. Mills and two daughters departed for Seattle this week, after enjoying a month at the Beach.

F. L. Moore of South Beach has gone to the Beaver Lake Club House to along with those who sojourn there. Wm. Sherf lost five sacks of potatoes a few nights ago. The thief finding

them already sacked, soon appropriated them. Delbert Ewing shipped in some fine birds to his mother a few days ago, from Nashville. They are of the White Leghorn strain and are beauties. Mr. Plowman has been having a siege of the grippe, but is getting better.

Messrs. Chas. and Ernest Ewing and mother and Mrs. Ernest Ewing were visitors at South Beach last Sunday.

The jettymen had some more misfortune last Monday, as the rock train liked to have collapsed off the track. Fortunately it was not out over the water.

Mrs. R. R. Wilson has been ill the last week.

## IN REGARD TO COWS

There are several petitions being circulated. Some in favor and some against letting the cattle run at large.

It would seem to people who have any interest in their home town that it should not be necessary to get out such petitions. It would seem that every one of us should have pride enough about us that we would like to do all we can to make our town something beside a cow pasture.

Some argue that it will work a hardship on those who may have to buy hay. What do they do in other nice clean towns? People are permitted to picket their cattle out, and there are plenty of us who would gladly let some picket their cows in our yards. It may work a hardship on someones ambition.

Some say, "What about the streets. They will become overgrown with weeds." Do the cows eat ferns and blackberry brush? No. Our Boy Scouts might be induced to help us get rid of the ferns and blackberry brush and then there would be more grass for the cows to be picketed on.

Let any woman put on a nice dress and walk out on almost any of our streets and unless she holds her dress tightly about her side will tear it.

There will be a petition in favor of putting up the cattle hanging in the postoffice at all time for all who wish to sign. Yours for any improvement, The Embroidery Club.

## SILETZ WINS FAST GAME

The Siletz basket ball team came off winners before a large crowd in the game here last Saturday evening with the local high school team, winning by the score of 13 to 10. Siletz has a good strong team this year, they beating the Newport boys Friday evening by the score of 11 to 10. Much credit is due their coach, Prof. John Miller.

One locomotive and one donkey engine will be kept busy at the plant, and a minimum of twenty cars per day loaded. Actual loading operations will not begin until December, 1st.

## CHAUTAUQUA GOOD, BUT POORLY PATRONIZED

The Ellison-White Chautauqua Co., which put on a Chautauqua program at the Liberty theatre here this week, has not drawn very large houses, although the management informs us that they more than made expenses. Their programs have been good, and we regret that they have not received better support. They gave their last entertainment last evening and had a very good attendance.

## THANKSGIVING DAY

The Thanksgiving Day Service for the entire city of Toledo will be held in St. John's Episcopal Church at 7:30 p. m.

Thanksgiving Day is not a Church holiday, it is a National holiday and is set apart by the constituted authority at the head of our nation as the day when this nation officially recognizes its obligation to Almighty God and returns thanks to Him for the year's blessings. It is the day that stands as a witness to the fact that this is a Christian nation and draws its inspiration and ideals from the Carpenter of Nazareth. The citizens of Toledo are invited to take advantage of the arrangements that have been made by the churches and be present at this community service in the Episcopal church Thursday evening at 7:30. The sermon will be given by the Rev. H. E. Bush. Further details of the program will be announced in the churches next Sunday.

## CHRISTMAS SEALS

"Now that the Red Cross roll call is ended as per arrangement with the National Tuberculosis Association, the attention of the public spirited and humanitarian citizens of Oregon will naturally turn to the Sale of Red Cross Christmas Seals," said A. L. Mills president of the Oregon Tuberculosis Association, under whose auspices the sale will be conducted in the State December 1 to 20 inclusive.

"Eight and one half million dollars derived from the sale of Red Cross Christmas Seals during the past eleven years, have been instrumental in providing approximately \$100,000,000 worth of institutions in fighting tuberculosis all over the country. The annual maintenance and up keep of these institutions is more than \$20,000,000."

## ST. JOHN'S CHURCH

As announced thru the columns of the Leader last week there will be a "Mission" in St. John's church beginning next Monday evening and lasting thru the week. The pastor will conduct the Mission himself. Such an undertaking, while new in Toledo, is one of the accustomed activities of the Episcopal Church everywhere and has for its purpose the widening of the knowledge of the Christian religion in the community and the deepening of the faith of those who choose to pin their faith to Jesus Christ and to follow Him.

Knowledge and faith are the two things sought to be promoted in Toledo by these special meetings and therefore everyone at all interested is invited to take advantage of the Mission. The pastor will have a celebration of the Lord's Supper daily at 8 a. m. and a service of song with an address every evening at 7:30. He will be at the church every forenoon and can be seen there by any who may desire his council in matters of religion. This Mission is not an effort to make "Episcopalians" but simply an opportunity for all who are at all interested in Christianity to increase their knowledge of the same.
