The Ford One Ton Truck is one of the sure business utilities, and like-wise just as big a necessity on the farm. Farming is surely a business proposition wherein success depends upon economical methods with up-to-date machinery. The Ford Truck will prove a great economy on the farm. The marvel is "how the farmer has got along without it all these years." It is a servant that serves, always ready and always economical. Put in your order for spring now, to insure delivery.
