

When You Need This ask for it as NYAL PINE SYRUP

—and ask promptly; for the way of a cough is often insidiously dangerous. The time to stop a cough is when it is getting started; each day's delay is increasingly serious.

NYAL COMPOUND MENTHOLATED PINE SYRUP

is a scientific combination of well-known expectorant and healing ingredients which are of recognized value in many forms of respiratory congestion and irritation.

Remember big dance Jan. 10th.

1920 is sure showing a fine brand of Spring weather.

Mrs. Hester Coovert of Ona passed thru to Corvallis Wednesday noon.

Mr. and Mrs. Paul Baird returned to their home at Portland this noon.

Mr. and Mrs. G. R. Carrau of Eddyville are visiting with Mr. and Mrs. Geo Chambers in this city.

John Potwora of Rock Creek was in the city Monday. Mr. Potwora's son is with Uncle Sam's army of occupation in Germany.

If you will go to Frederick's Quality Store Saturday or Monday, you will find bargains that will help you cut the high cost of living.

F. R. Pendleton of Everett Wash., and J. K. Weatherford of Albany were in the city last evening on business. These gentlemen are two of the large timber holders of the Siletz.

Mr. and Mrs. F. C. Robison and children of Taft were Toledo visitors Monday. They went from here to Newport where Mrs. Robison and children will remain for the winter.

Mr. and Mrs. C. O. Hawkins of Newport were in the city Saturday evening attending the joint installation of the Masonic and Eastern Star orders. They returned home Monday evening.

Curtis Chambers arrived down from Portland last week to spend the holidays with his parents, Mr. and Mrs. George Chambers, in this city. Curtis is attending the Bonson Polytechnic school.

Mr. and Mrs. E. P. Currey and son, Ennos, returned home Saturday evening from a trip to Portland.

James Powell of Yaquina was transacting business in Toledo Monday afternoon.

C. G. Hoever of Albany was in the city several days the fore part of the week giving the Fischer-Storey mill and logging railroad the "once over." Mr. Hoever is an old hand at the lumber game, and was at one time in the mill business in this city. Just what Mr. Hoever's visit here meant, he declined to say, but he seemed well pleased with the new mill, and expressed himself that it was one of the best constructed mills that he had ever saw.

Can You Write a Headline for This?

Foley's Honey and Tar is the best known and most successful family cough medicine on the market and the following letter is positively true and genuine

Says "It Acts Like Magic" Gilbert Fleming, 2011 Buell St., Los Angeles, Cal., writes: "I have much pleasure in testifying to the very great benefit my family and I have derived from the use of Foley's Honey and Tar. It positively acts like magic, and to my mind there is nothing on the market that can compare with it. Whenever there are any of our household suffering from heavy colds or bad coughs or hoarseness, we at once get a bottle from our local drug store, and after one or two doses obtain instant relief. Your company deserves great credit for such a valuable production and from our own experience we cannot do otherwise but recommend it to our friends and that we will do and will continue to do so."

Foley's Honey and Tar COMPOUND

CLEARs THE THROAT of phlegm and mucus, stops that tickling, opens the air passages for easier breathing and coats the raw, inflamed surfaces with a healing, soothing medicine.

Coughs that "hang on" after the grip or "flu" are relieved by Foley's Honey and Tar.

CALL FOR SCHOOL WARRANTS Notice is hereby given that warrants drawn on School Dist. No. 74, and numbered 1, 2, 4, and 6, and endorsed "not paid for want of funds" are hereby called and interest stopped this date. Dated January 2, 1920.

Mrs. Frank Johnson, Clerk Waldport, Oregon

The railways of the United States are more than one-third, nearly one-half, of all the railways of the world. They carry a yearly traffic so much greater than that of any other country that there is really no basis for comparison. Indeed, the traffic of any two nations may be combined, and still it does not approach the commerce of America borne upon American railways. —United States Senator Cushman

Ask Any Doughboy Who Was "Over There"

and he will tell you that American railroads are the best in the world.

He saw the foreign roads—in England and France, the best in Europe—and in other Continental countries—and he knows.

The part railroads have played in the development of the United States is beyond measure.

American railroads have achieved high standards of public service by far-sighted and courageous investment of capital, and by the constant striving of managers and men for rewards for work well done.

We have the best railroads in the world—we must continue to have the best.

But they must grow.

To the \$20,000,000,000 now invested in our railroads, there will have to be added in the next few years, to keep pace with the nation's business, billions more for additional tracks, stations and terminals, cars and engines, electric power houses and trains, automatic signals, safety devices, the elimination of grade crossings—and for reconstruction and engineering economies that will reduce the cost of transportation.

To attract to the railroads in the future the investment funds of many thrifty citizens, the directing genius of the most capable builders and managers, and the skill and loyalty of the best workmen—in competition with other industries bidding for capital, managers and men—the railroad industry must hold out fair rewards to capital, to managers and to the men.

American railroads will continue to set world standards and adequately serve the Nation's needs if they continue to be built and operated on the American principle of rewards for work well done.

This advertisement is published by the Association of Railway Executives

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.
