BUY NOW WHILE DELIVERIES ARE POSSIBLE

Buy your Ford Car now while deliveries are possible. There is only a limited, specified number of Ford cars allotted to this territory. You will be wise to buy one now while we can get cars to deliver. A signed order with us is your protection.

Even our small allotment of Ford cars is not shipped us until we have bona-fide orders for them. This is because the demand for Ford cars all over the country is greater than the supply or production. So, don't depend on spring delivery.

Only so many Ford cars will be shipped in to this territory; only so many will be able to get Ford cars. If you would be forehanded and plan ahead, you will have us deliver you a Ford car as soon as possible. Then you will have it to use whenever you want it.

The Ford is an utility—in your home or business, its serviceability, its ease of operation, its low cost of maintenance has made it such. It will serve you the year around. Spring and summer, autumn and winter, it is your servant; always ready to do your bidding.

It Is Easy To Imitate Names

The public is constantly being swindled by imitations, counterfeits and substitutes that resemble in name and appearance Foley's Honey and Tar Compound. It is because the original Foley's is so good, so reliable and so well known that these frauds find sale.

Always Has It In His Home
T. J. McCall, Athens, O., writes: "We have used Foley's Honey and Tar in our home for several years and find it almost invaluable for coughs and colds, and especially for croup for our children. We are never without it and cannot too highly recommend it for coughs, colds or croup for either grown-up people or children."

Foley's Honey and Tar COMPOUND

IS PLEASANT TO TAKE, and soothes the raw, inflamed surfaces; stops the rasping, strangling feeling in the throat. It is made of the purest, freshest and finest ingredients to be had, contains no opiates or other harmful drugs, and costs twice as much to make as any imitation of it.

For more than thirty years
Foley's Honey and Tar has been used with satisfaction and success.
