

THE first essential of paint is to preserve. Second, to beautify. Too many people make the mistake of considering only the latter, consequently buy paints of inferior quality.

The result is a temporary beautifying effect, without preserving the wood.

FULLER Paints and other products are of that quality which preserves and beautifies. Through their use, inside and out, years of life will be added to your home and it will be made more livable to yourself and family.

Seventy-one years of paint-making experience are back of every brushful of FULLER Products. Insist on FULLER'S and you'll be sure of results. And remember, there's a FULLER Product for every paintable surface—inside and out.
