**OREGON MAN AUTHOR
OF REMARKABLE BOOK**

(From Oregon Magazine)

Dr. Linton of Waldport, has just pub-
lished a book that deserves a place on
the five-foot book shelf along with
Gulliver's Travels, Pilgrim's Progress
and the Jules Verne books. In these
stories the author indulges in a deligh-
tful mental excursion and takes the
reader right along with him and every-
body has a good time. For situation,
thousands upon thousands of writers
have gone the directions of the thou-
sand winds and every country upon the
face of the earth has been written
into fiction, the skies above, even to
Mars, and the seas below have their
stories. Some have penetrated below
the face of the earth, usually to go to
hell. That is not Dr. Linton's destina-
tion.

In the Earthmotor, Dr. Linton gets
inside of the old world and finds things
very pleasant. The people he discov-
ers living on the inside shell of the
earth (for the world is just a bubble
in his fancy) are far superior to us,
and live in a country and manner that
approaches or surpasses one's Utopian
dreams. Dr. Linton is a very inter-
esting story teller and a less fasci-
nating subject would be attractive
reading from his pen. There is a great
deal to the book besides the story.

Since this manuscript was written
an invention in the East has perfected
a machine that approaches the device
described by Dr. Linton.

Mr. Joseph Macomber, the literary
critic of the Oregonian, in reviewing
"The Earthmotor," says: "Dr. C. E.
Linton, our author, whose home is at
Waldport, Oregon, has shown such bril-
liant imagination in writing these four
stories that he has, if he cares, fairly
won the title to be called the Jules
Verne of Oregon. Dr. Linton possesses
the fervent imagination of the poet
and seer. His book is like the ap-
proach to a tropical forest; it is a
succession of brilliant wonders."

The book is of 231 pages, and is
rated with seven pictures by Mur-
ray Wade.

RESOLUTION

Whereas, Our Almighty Father has
seen fit to remove from our lodge to
that exalted Lodge on High, our be-
loved brother, Joseph Demitt, and,

Whereas, In the death of our brother
this lodge has lost a member who in
his every day life and his dealings
with his fellow man, exemplified the
teachings of Oddfellowship, and,

Whereas, his widow has sustained
a great loss in that she is deprived of
a loving and unselfish companion, one
whose thoughts were not of his own
troubles and trials but for the peace
and happiness of his devoted wife,

Now Therefore, Be It Resolved that
the Officers and Members of Toledo
Lodge No. 108, Independent Order of
Oddfellows express to the widow of
our deceased brother, our heart felt
sympathy in the loss she has sustain-
ed, and,
Be It Further Resolved, That a copy
of this resolution be handed to the
widow of brother Demitt, a copy be
spread on the minute book of the
lodge, and a copy published in the
Lincoln County Leader.

Ford
THE UNIVERSAL CAR

The Ford Sedan is the favorite family car, seats five comfortably. While an enclosed car with permanent top, it has large windows, and may in a minute be changed to a most delightful open car with always a top protecting against the sun. In inclement weather it is a closed car, dust-proof, water-proof, cold-proof. Finely upholstered. Equipped with electric starting and lighting system and demountable rims with 3 1/2-inch tires all around. A real family car. Anybody can safely drive it. It has all the conveniences of an electric car with the economy which goes with Ford cars, low cost of purchase price, small cost of operation and maintenance. Won't you come in and look at it?

**Pull Together for an
American Merchant Marine**

The war resulted in the creation of a great merchant
marine—10,000,000 tons of American ships which cost us
\$3,000,000,000.

Everybody agrees that we must keep this fleet on the
seas.

If we fall back to pre-war conditions—when only 9 per
cent of our foreign trade was carried in American ships—
We shall be in the position of a department store whose
goods are delivered in its competitor's wagons.

Congress is considering legislation which will perpetuate
our war-built merchant marine.

Until this is done the ships we have should not be sold
to face conditions which, prior to the war, resulted in the
decline of our merchant marine to insignificance.

This Committee calls attention to these facts because a
right solution of our shipping problem is vital to the future
prosperity of shipbuilding, but equally vital to the safety
and prosperity of the nation.

Send for free copy of "For an American Merchant
Marine."
