

Lincoln County Leader.

VOLUME 28

TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, JULY 30th, 1920

NUMBER 23

SILETZ

Born July 23rd, to Mr. and Mrs. Sondre Romtved, a girl. This new arrival comes to cheer and brighten the life and home of the happy parents. She weighs eight pounds and is as fine as silk. She has no name yet but when she gets one I am sure it will be pretty.

Dr. J. G. Miller, wife, son and daughter motored from Superior, Wisconsin to Long Beach, California, visited many places of interest in that state and from there they came to Oregon and to Siletz as guests of Mr. and Mrs. W. S. Hall. Dr. Miller is a cousin to Mrs. Hall. The party visited many places at Siletz and on Sunday they went to Newport, Oregon's most popular seaside resort. The party is enjoying every moment while on this trip of observation, health and pleasure. They think Oregon has some of the finest scenery in the world. Tourists need not go to Europe to find beautiful scenery, they can find it at home. They think Newport is very beautiful. The ocean and bay coming together, with clean beaches and natural attractions hard to find anywhere else. They thought Siletz with its big trees, beautiful valleys, crystal clear streams and flowing river presented a picture that would please the most fastidious artist. From here the party will go to Portland—passing over the Columbia River Highway—one of the wonders of the world. Will visit the Yellowstone Park and as many other points of interest on their way home as possible. Mr. and Mrs. W. S. Hall will accompany them as far as Portland. Dr. Miller said the greatest natural sight and the most noted gorge in the Grand Canyon of Arizona where perpendicular rock walls rise from the Colorado river from 3000 feet to 6000 feet above the waters edge. Dr. Miller said what Oregon most needs to bring the tourist to Oregon is good roads. The natural attractions and climate are wonderful. Mt. Hood which rises 11,934 feet, Mt. Jefferson and the Three Sisters, which rise 10,300 feet, covered with perpetual snow are wonderful to look at.

Some eight or ten families met in Chalcraft's park and held a bonfire party. A huge bonfire was built that lit up with a brilliant blaze the whole park, around this fire a group of joy seeking folks gathered, cracked jokes and told hair raising stories and sung old fashioned songs like "Old Black Joe," and "Anna Laura," till a late hour at night. Ice cream and cake was served and a most pleasant evening was spent. This unique entertainment was gotten up by the ladies in honor of the Miller party.

A social ball was given at Recreation hall Saturday evening. A large number of young people attended and a general good time was had. Supper was served in the banquet room of the building. The Larsen Orchestra of home talent furnished the music. S. T. Loudon, R. E. Carmine and Dr. Belt were in town Tuesday. These gentlemen had been at Taft holding examinations for life insurance. They went up the coast by way of Otter Rock and came back by the way of Siletz.

Superintendent Chalcraft has gone to Grand Ronde and other points on official business to be absent about a week. The voters of the Lower Farm School District and Siletz met at the school house Saturday and unanimously voted to give transportation to the children of the lower district to Siletz. This will build up one good school and give the children all equal privileges and better advantages.

Tuesday Banker C. E. Hawkins and Attorney G. B. McCluskey and some other fishermen of Toledo whose names I did not obtain motored to Gorge to put in a few hours fishing. What luck they had we do not know but suppose it was good as the fish are taking the hook now pretty good. A large number of salmon are now being caught on the lower bay and sent to Toledo on trucks by the way of Siletz.

The roads are pretty good now and the auto travel to Siletz is increasing. The playhouse at the public school is being put up as fast as material can be had. The building is put on a solid concrete foundation and is 40 x 100 in size with 14 foot walls. It will be a nice thing for the school children. Larkey Logan has the contract.

SOUTH BEACH

Mrs. C. A. Rexroad returned to South Beach from a visit with her husband, while holding chaquetaqua at Dallas. Mrs. Rexroad also visited Harrieburg and Corvallis while she was out side.

Mr. and Mrs. Robert Edger, an ex soldier and wife, passed thru South Beach last Saturday enroute to Waldport. While stopping they visited with Mr. and Mrs. D. S. Conrad. Chas. Hilyard, who is an employee of the Elmore Canning Co. passed thru to Waldport where he will takevisiting relatives in Big Elk, has re-

charge of the cannery at that place. Mr. Leabo, the guest of Mr. Dozier, will return to Portland in a few days. An agent from the Corvallis Creamery is stopping at the South Beach Hotel while canvassing the county in the interests of the company.

H. S. McKenna and wife and S. R. McWilliams and wife, old timers of this place, are driving through the county by team on pleasure bent and seeing many changes they have taken place in the eighteen years they have been away. They are from Estacada.

Two new men were here last week negotiating with D. S. Conrad for water for the railroad.

FAIR NOTES

Monday, July 26th, the County Fair Board organized by electing S. W. Scoville, president; R. P. Goin, vice-president; J. E. Cocter, treasurer; and E. S. Lister, secretary. In addition the Board gave Mr. Lister orders to go ahead with the plans outlined which are possibly the most ambitious plant attempted by any previous board. The plans amply provide for everything a fair should be and they provide the spreading of work and energy not only by the Fair Board members themselves but by each and every citizen of Lincoln County but they also promise rewards of satisfaction for each and every one.

The board's message to the citizens of Lincoln County is to think, talk and plan fair from now on up to and including September 21, 22 and 23 which are the dates chosen for the annual exhibition.

Among the preliminary actions of the board was to appoint a general committee with instructions to each and every one to organize the citizens in their immediate communities into fair enthusiasts so that September 21 will see gathered together an exhibition of products from every nook and corner of the county that will be representative of the supreme quality that marks Lincoln county.

The general committee consists of the following: Chas. Hart, G. I. King, Abe Abrams, Chauncey Hawkins, Chris Larsen, Len Buterfield, Mrs. George Wilson, Otis Hamar, William Downing, Clifford Wakefield, George T. Smith, R. A. Abbey, I. R. Payne, Mrs. Ida Ullman, S. E. Newkirk, J. F. Edwards, George Campbell, C. S. Ohmart, E. S. Oakland, Mr. Vaughn of Waldport, N.

W. Webb, F. C. Denzer, E. E. Faulkner, J. C. Carson.

Among the other board appointments are the following: Superintendents of exhibits—S. Brassfield, horses; L. D. Nash, beef cattle; V. D. Graves, dairy; C. W. Brown, goats, sheep, swine; H. A. Schlicht, milk goats; P. G. Gilmore, poultry, rabbits and bees; ladies' department, Mrs. Jos. Swearingen; curio department, Dr. W. L. Berry; Indian affairs, Supt. E. L. Chalcraft. These superintendents also form an advisory board which will act in conjunction with the fair board in perfecting their plans.

Two other committees were appointed, one to completely revise the premium list and the other to take care of the sports.

W. K. Patterson was made chairman of the sports committee with W. F. Wakefield, M. S. Durbin and C. O. Hawkins as his assistants. This insures this part of the entertainment being well taken care of.

As plans take shape and grow and different attractions are secured the board will try and get the news to everyone and in the meantime they want you all to think and plan and talk and they will welcome any advice anyone has to offer. Just write the secretary either at Toledo or Nashville and let him try and absorb some of your good ideas. And right now—every citizen of Lincoln county should take their calendar and book themselves for the fair dates, September 21-22-23. Don't let anything crowd the fair out of your system. The secretary has a season ticket with your name already on it and ready to mail you.

GOING BACK AFTER SOME MORE MEDALS

turned to her home at Sisters. Mrs. Chas. Lillard visited a few days on Big Elk previous to moving to their new home in Southern Oregon.

TOILETTE DE LUXE

Two Irishmen stood in front of a drug store on Spring street. In the window was a display of rubber gloves.

"Now, I wonder what is them things for?" asked one of the Irishmen.

"Oh," replied the other Irishman, "ye can put them things on an' wash yer hands without gettin' yer hands wet."—California Ford Owner.

12 MILES OF ROAD ROCKED THIS FALL

The State Highway Commission has notified the County Court that it is prepared to go ahead with the rocking of such portions of the Newport-Corvallis highway as are graded, and have advertised for bids for the rocking of seven and a fourth miles between here and Newport, and for a five mile stretch in the east end of the county. The bids for these two sections will be opened August 10th at Portland. We understand that the seven and a fourth miles completed the stretch between here and Newport as the new road is to be considerable shorter than the present one. The five miles in the east part of the county extends from Little Elk Mt. to the Benton County line.

We are informed by Engineer Rice that the rock for the Toledo-Newport section will probably be secured at Pioneer, where the rock will be crushed and placed aboard cars for shipment to this point.

An effort will be made to complete part of this work this Fall before the rains set in.

TOLEDO 5; NEWPORT 4

Toledo came out victorious in the ball game on the local diamond with Newport last Sunday, winning by the close score of 5 to 4. Batteries, Newport—Weeks and Bain; Toledo—Taylor and Carson.

We understand that the Toledo team goes to Waldport for a game Sunday.

TOLEDO TO HAVE NATIONAL BANK

We are informed that the First National Bank of Toledo will soon be an assured fact. The charter has been secured, a site has been purchased, and a two story, reinforced concrete building will be erected at once.

The new institution will be capitalized at \$25,000 most of which is now subscribed, and quite a bit of which is held in the Siletz. The enterprise is being promoted by Guy Roberts, A. T. Peterson and other substantial business men of this place.

A lot has been purchased of P. Frederick on the southeast corner of Fourth and Hill streets, which is one of the best business locations in the city. A two story reinforced, white concrete building will be built thereon at once. Clayton Young will be in charge of the construction work. The entire lower floor will be occupied by the bank while the upper floor will be strictly modern in every respect, and a hot water heating plant will warm the rooms. The lower floor will be finished in mahogany and have a neat plate glass front.

ATTEMPT TO WRECK TRAIN

Monday morning when G. W. Buell went over this section with the speeder he discovered two ties on the track, just above the Wm. Toner place. That they had been placed there with the intention of wrecking the outgoing freight, was evident, as they were just around a sharp turn where they could not be seen by the engineer, until the train was right upon them. Had they not been discovered by Mr. Buell a bad accident would have resulted.

FREE LECTURE THIS EVENING

Rev. J. H. Gillespie, of Sheridan, Wyo., will deliver a free lecture at the Methodist church in this city this evening. Mr. Gillespie will give an account of the trials and tribulations of a tenderfoot preacher in the early days in Wyoming. Everybody invited.

MORE TROUT PLANTED

Fifty-five thousand Rainbow trout fry were planted in the tributaries of the Siletz river the first of the week, this being the second planting this year. The little fish were from the Tidewater hatchery and were secured thru the efforts of the Lincoln County Rod and Gun Club.
