SILETZ

Rev. Walter Ross has returned from attending school at Salem for the benefit of rural pastors. This school was instituted to help ministers to get out of the old ruts and to keep up with the development and progress of the present age. The world is so constituted that you must either go forward or drift backward. There is no such thing as standing still. It is like rowing a boat against the current. You must keep pulling or you will drift down stream and this applies to theology as well as to anything else. The car of progress moves right along and if you wish to succeed you must get aboard while it is passing or be left.

Mrs. Ross and her little son, George, have also returned from a two month visit to see her mother who lives in Lincoln, Nebraska. Her mother was very sick but had got somewhat better so Mrs. Ross returned home and she had not been here but a short time till the sad news came that her mother had died just twelve days after Mrs. Ross had bidden her goodbye. Her death was caused by a second stroke of apoplexy.

The weather is fine and every farmer is putting up his hay. The crop is good this year and the oat crop is also going to be exceedingly fine this season. Notwithstanding the war prices are kept up but Siletz is going to fare pretty well so far as the farm productions are concerned. We will have plenty.

Williams and Kern have cultivated their logan berry field till it is in splendid condition. The yearling plants that were set out are doing fine but the tips did not do so well. The ground was very foul being covered with noxious weeds, but by using the disc pretty thoroughly the weeds have been subdued and if this system of thorough cultivation is kept up the weeds will not return. These gentlemen own another ten acres that they have planted to corn and potatoes; they also have planted potatoes between the rows of logan berries. Altogether they have eight acres of potatoes planted and the crop looks fine and if the price of potatoes keep up this crop will go pretty far towards paying for the land. Mr. Williams is pleased with the work and has increased in weight and good looks and says he would not exchange his prospects here for the best business in Newport. The market for this logan berry juice is universal and sells in world wide and is increasing right along. This damp humid climate and more especially the Siletz Valley is the home of the loganberry as well as the evergreen black berry. Messrs. Williams and Kern are going to demonstrate what can be done here with this berry and we believe this is the starting of an industry that will ultimately establish a cannery here and bring a big payroll to Siletz Valley. It is said "A person that can make two blades of grass grow where one formerly grew is a benefactor." If this is true and these gentlemen succeed in their undertaking they will surely be benefactors.

Judge Wintermeier and family of Eugene, Dean and Mrs. Straut and B. F. Goodpasture and family all of Eugene motored to Siletz Sunday, took dinner at the Olin picnic grounds and spent several hours fishing in the Siletz river with good success. Dr. Strout is dean of the State University. Miss Wintermeier is president of the Red Cross organization of the State. This party had never visited Siletz before and were delighted with the cool air, pure water and beautiful scenery. The auto travel to Siletz is increasing notwithstanding the gasoline shortage that is growing more serious all the time. The above mentioned auto party got a small supply to help them to get home.

Mrs. Alfred Balles of Corvallis is on a visit at the home of A. L. Crawford. Mrs. Balles was a neighbor of the Crawfords in Nebraska and nursed and took care of Mr. Crawford while in his pinafors.

Mrs. Warren Cobb and her two children have gone to Newport on a week's visit.

Sunday evening the Siletz and the Upper Farm baseball teams played a very interesting game on the public school square. The odds were against the Upper Farm team from the start. The score stood 17 to 7 in favor of Siletz.

work. Mr. and Mrs. L. D. Nash were Toledo passengers this week.

C. R. Gillette brought a load of fish from Toledo Tuesday.

E. S. Lister is away on County Fair business.

Merle and Vay Curry were visiting old friends the first of the week.

M. Ryan was a Toledo visitor during Court week.

SOUTH BEACH

South Beach may have been stunted but watch her come out and grow. People are becoming interested on the inside so it is obliged to insist on croakery for we have noticed that the croaker locates in every new place then tips and croaks to his own disadvantage. We only hope that those that have caught the boom fever will not have a relapse and finally end in a case of the croaks.

We learn that Jerry Smith of Beaver Creek is in a very critical condition at his brother's, Sam Smith, where he is being taken care of.

They want to come back and visit the old scenes of their soldier days when they were working in the spruce—some of our soldier boys wander back every few days and we feel like we are meeting up with friends as they show such pleasure in meeting with us again and we are glad to shake hands with them and welcome them back to South Beach.

We are glad to see some of our people are becoming interested in berry culture. A few are starting on a small scale to experiment with the logan berries. We notice that the fruit on what we have seen is of excellent quality.

Emery Cox returned Saturday night from a visit with his brother, Curtis, near Toledo. Their mother will start for Boise, Idaho, in a few days where she will reside at her home at that place.

D. S. Conrad is quite poorly and is under the care of Dr. McIntyre of Newport.

Your correspondent visited Toledo a few days ago and attended Church at that place and called upon some of the friends of youth.

Mr. Wilson, late of Canada, a brother in law of Mr. Dozier, is here with his wife and little daughter for his health and thinks he is beginning to improve quite a little now.

Joe Moore, a brother of F. L. Moore, is a South Beach visitor for a few days. He was one of the overseas soldiers.

ONA

A jolly beach party consisting of Mr. and Mrs. L. E. Wilson and sons, Misses Orpha Myers and Hope Wolkan, Mrs. L. M. Commons of West Yaquina, Mrs. L. D. Nash of Nashville, Fred Commons and Earl and Richard Wolkan spent Sunday at Seal Rocks. Mrs. Commons and Mrs. Nash returned the same evening to the former's home at West Yaquina.

Mrs. W. C. Weber returned last week from a visit with relatives in Tillamook.

The regular meeting of Lincoln Grange Sunday was well attended; visiting members were Co. Deputy S. T. Loudon of Eddyville and R. E. Carnine of Newport. Mr. Loudon and Mr. Carnine were guests at the J. R. Coover home over Sunday night.

J. M. Bowers and A. H. Phelps went to Toledo for jury duty Monday but succeeded in getting excused, returning home the same evening.

Mrs. V. W. Ohmart and Miss Helen Phelps came over from Salem Sunday. Mrs. Ohmart will visit for a short time at the home of her son, C. S. Ohmart.

Mr. and Mrs. J. E. Cooter passed through here Sunday enroute to Toledo after several days spent in the south part of the county.

S. T. Loudon and R. E. Carnine, who are writing insurance, made a thorough canvass of this section last Monday. They drove out to Toledo Tuesday, accompanied by Mrs. J. R. Coover and C. S. Ohmart.

Mrs. Eliza Brown and Thos. Barker of Pools Slough made a business trip to the Coover ranch Wednesday.

Mr. and Mrs. Harry McKinney were looking over the Beaver Creek country this week with a view to locating here again.

Mrs. Walter Hall, Mrs. Maurice Anderson, Supt. Chulcraft and Doctor Carter are the nucleus of an active committee making arrangements for exhibits and entertainment representative of the Siletz at the County Fair. Mrs. Everett Miller is preparing her Rhode Island Peds for exhibit at the Fair.

Mrs. Frederick, working with other Toledo women, is assisting the Fair

HOME BURNS

The home of Mr. and Mrs. Fay Flank near Elk City burned to the ground early Wednesday morning, with all its contents, the family narrowly escaping with their lives.

It seems that Mr. Flank arose and started a fire in the kitchen stove and then went to the barn to feed his horses. On his return he found the house wrapped in flames. Mrs. Flank who had been up and was dressing barely made her escape with their two young daughters. All their clothing and furniture as well as the house, were destroyed. The house was owned by Paris Parks.

RUN OF SALMON ON THE INCREASE

The run of Chinook Salmon into the Siletz river is very good this year and the fishermen are all making money. Wednesday J. W. Graham's trucks brought over 5500 pounds of Chinook salmon from Mowrey's Landing.

This all helps to make Lincoln county prosperous.

HOUSE WARMING A SUCCESS

The housewarming of the Public Rest Room Saturday, July 31st, developed into one of those delightful get-together and have-a-good-time affairs.

Toledo community, and that means everybody within a radius of anywhere from one to nine miles, is deeply interested in the Rest Room and Library and the generous spirit shown insures the permanent success of the enterprise.

Organizations, beginning with the Toledo Orchestra under the management of Mrs. Frank Carson followed by the Whist Club and the Parish School District, are giving benefits and individuals are contributing time, most precious of commodities, and money, a most necessary factor in making the wheels go round—all with such whole hearted interest that the ladies of the Civic Club who are in charge of the work as representatives of the community feel like redoubling their efforts in order to be worthy of the trust.

The financial part of Saturday's affair was not expected to be a feature, the ladies making a small charge for refreshments to be sure of a good attendance, but when the cash was counted at the close of the day they found a net gain of \$25.77.

A POPULAR ATTRACTION

The unending popularity of the Famous Georgia Minstrels who are scheduled for an appearance here at the Club House, Sunday night, August 15, is one of the wonders of stageland. Whatever of the secret of its magic success, it is a positive and self-evident fact. Now in its thirty third year of its career, it throngs the theaters from Maine to California and from Winnipeg to New Orleans in a manner that is truly marvelous. Always kept up to a high degree of excellence, one is always sure of an up-to-the-minute and satisfying performance.

CARS COLLIDE

Jack Doyle and Harry Johnson had a head-on collision with their Fords last evening, on the Olalla road. The cars were damaged but no one was injured. Mr. Doyle assumes responsibility for the accident, he being on the wrong side of the road.

Board in its plans toward moving the American Legion Building to the Fair Grounds.

Among the expected attractions in the way of sports planned for the Fair are Community baseball games.

It is also expected to secure aside from the Forestry Planes a passenger carrying plane to run between Toledo Newport and Siletz.

A complete revision of the Premium List is underway. The committee will complete their work by the end of this week.

S. T. Loudon of Eddyville has been added to active committeemen working on the Fair.

E. S. Lister, secretary of the Board spent the week in Toledo and Siletz and vicinity. He reports the Fair enthusiasm as being universal. Every Toledo seems to be a booster.

PORTS TO PUT UP MORE MONEY

Before taking over the jetty work at the mouth of the Yaquina Bay, the Government has notified the ports of Toledo and Newport that it will be necessary for them to raise funds equal to one half of the cost of building the jettys, at present costs. This means that the ports will have to put in about \$125,000 more apiece than was originally expected.

At a joint meeting of the ports held here Monday evening it was agreed to meet this demand of the Government, providing bonds of the port can be sold at any where near par value.

A banquet will be held at the Abbey Hotel next Monday evening, at which time our Congressmen and Representatives will be with us, and the harbor improvements will be gone into. The ports intend making an effort, through Congress, to have this extra amount that has been demanded, returned to them. The banquet is open to everyone. If you desire to attend you should notify your port commission, so that arrangements can be made for the proper number.

4 HURT WHEN AUTO DIVES OVER 2 BLUFFS

Two children and two women, one of whom tonight was near death, were injured last night when an automobile driven by J. C. Carson, backed over two embankments south of Yachats and landed upside down on the beach below. One of Carson's daughters, aged three, sustained a cut that nearly tore her ear away, the other, aged five, sustained a fractured skull; Mrs. Carson, who is about to become a mother again, was injured internally so seriously that tonight it was thought that she could not recover, and Mrs. Carson's mother sustained a crushed ankle.

Mrs. Kocher, a sister of Mr. Carson, and her baby, escaped injury when Mrs. Kocher, carrying the child, leaped from the car as it started its backward race.

At the time of the accident the car was ascending the grade on the Florence-Yachats road. The engine was "killed," when Mr. Carson tried to shift gears at a point where the road runs about 100 feet above the beach and on the point of a bluff.

As Carson left the car to crank the engine, the machine started backing down the hill.

Carson made a run for the steering wheel and managed to keep the car in the road for about 50 feet, when it turned off down a steep bank some 20 feet high. Reaching the bottom, still upright, the car proceeded up a short incline and tumbled over a precipitous cliff onto the beach 30 or 40 feet below.

Mr. Carson, without realizing what he was doing, leaped to the beach. He escaped injury, but found the rest of the party unconscious on the beach.

Dr. Leonard of Portland happened to be near and gave assistance. Mrs. Kocher had hurried to a nearby house and telephoned Dr. Linton of Waldport. This was the second car to plunge from the bluff near Yachats last week. Mr. Carson operates a sawmill near Yachats—Portland Oregonian.

This accident occurred Sunday. Late reports indicate that the injured parties will recover.

AVOID MISTAKES

No need for Toledo people to experiment with such convincing evidence at hand.

There are so many well-advertised kidney remedies on the market today, but none so well-recommended in this vicinity as Doan's Kidney Pills. Read the statement of a resident of Dallas, Mrs. A. H. Izard, 714 Levens St., Dallas, Ore., says: "I can recommend Doan's Kidney Pills as a good remedy. I had kidney complaint and suffered from backache quite a lot. Mornings I felt dull and tired easily and my kidneys were irregular in action. I used Doan's Kidney Pills as directed and they relieved the backache and other symptoms of kidney complaint." Price 60 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Izard had. Foster-Milburn Co., Mrs., Buffalo, N. Y.

CIRCUIT COURT HAS LONG SESSION

Circuit court ended this noon after a week's session, the Judge having commenced his labors a week ago this morning. Three jury trials were disposed of as well as a number of other cases.

The case of A. J. Read vs. The City of Newport was won by the plaintiff, the jury bringing in a verdict for him in the sum of \$1765, which was the amount of his claim with interest at 6 per cent to date. This was a suit to recover money due on a contract. It seems that Mr. Read took a contract to build a dam for the City of Newport. The city claimed the contract was not completed according to specifications and refused to pay in full. The jury thought otherwise and awarded him a verdict in full, with the exception of \$25, which it was shown had been expended by the city in cleaning up around the dam.

In the case of Clarence Gardner vs. F. N. Mewhirter, Mewhirter was accused of having struck young Gardner with a club, the blow fracturing the latter's arm. Gardner asked for \$100 for medical attention and for \$500 for loss of wages. The jury awarded the damages as asked. Both parties reside in the north part of the county.

In the case of Mrs. Betty Nally vs. J. O. Richmond, the plaintiff was awarded damages in the sum of \$2000. This suit grew out of a search made of Mrs. Nally's home on a warrant executed by Mr. Richmond. It seems that Mr. Richmond's house was robbed and he secured a search warrant and had Mrs. Nally's home searched for the stolen goods, none of which were found. Mrs. Nally then brought suit for \$5000 general damages, and \$5000 punitive damages. After the suit was started Mr. Richmond wrote Mrs. Nally a threatening letter in all effort to scare her into dropping the case. This letter proved very damaging evidence in the trial.

The Grand Jury indicted Gale Sloum formerly of Siletz and charged him with the crime of contributing to the delinquency of a minor. When the case came up for trial Sloum plead guilty. He was sentenced to one year in the county jail, and owing to the fact that he is also a minor he was paroled to the care of his parents pending his good behavior. Mr. and Mrs. Sloum now reside near Corvallis. No provisions were made for the care of the young mother and her child.

Other cases decided were: Gertrude Carter vs. Dick Carter, divorce, dismissed.

First National Bank of Cottage Grove vs. W. B. Hartley, action, dismissed.
