It must be a whale of a job for little Dan Cupid to work up a wedding in the face of the present high cost of everything and nothing. But little Dan is a hustler.

It wouldn't be so bad after all to have a woman for secretary of state. The secrets of the state department would be an open book, and that would prevent the danger of any entangling alliances.

The world is full of pep, but apparently many people have a constitutional objection to being called the world. Our weary little dove of peace, it seems, has degenerated into a piece of dove.

One industry at least has not felt the depressing hand of the high cost of everything. The divorce courts keep right on grinding them out about as rapidly as the judges can issue the decrees.

We, the editor of this sheet, are a dead game sport. We're willing to wager our hat and only hat that Ohio will furnish the next president of the United States.

Our system of good roads is pulling Oregon out of the mud. Effective forest fire prevention will lift her forests, lakes, and mountains out of the smoke fog which conceals them and give the touring public a chance to enjoy the matchless scenic grandeur of the state.

THE UNIVERSAL CAR

The Garden farmer will find the Ford Model T One Ton Truck an especially valuable factor in his business because of the flexibility as well as the reliability of the service given by this splendid truck. The worm-drive of manganese bronze carries all the power of the motor to driving the Truck, and there are combined in larger and heavier form all the elements which have made the Ford Model T Car the greatest motor car in the world in point of service. The Ford Truck with its worm-drive is most economical in operation and maintenance. There is very little, if anything, to get out of order at any time; there is the simplicity in control; there is the convenience in the flexibility of the car, it will turn in a circle of forty-eight feet; it accommodates itself to narrow alleys, and it "stands the gaff" of hard work day after day, and month after month, to the great satisfaction of the owner. There is hardly a line of business activity where the Ford One Ton Truck is not really a necessity. Come in and talk it over.

"Cottages at Newport are filled with summer visitors; there is an abundance of seafood and great fishing," reports Glen Hite, manager of the Hotel Washington, who has returned from Lincoln county, where his family were pioneers. "People are looking for a boom at Toledo when the timber in the Siletz is developed. There is considerable activity now, not only in the timber business but also in harbor development. Work is now in progress on the south jetty and the north jetty will soon receive attention." Mr. Hite says that the bay and sea are so smooth that the water is dotted with boats of amateur fishermen.—Oregonian.

## Sale of Indian Lands

The following list of Indian lands located on the Siletz and Grande Ronde Indian Reservations and in Southern Oregon are offered for sale under existing laws. SEALED BIDS for the same will be received until 2 o'clock P. M. on Oct. 7, 1920, when the bids will be opened for consideration. All bids shall be enclosed in a sealed envelope, which must be conspicuously marked "BID FOR INDIAN LANDS." The DATE of the proposed sale must also be placed thereon, but nothing else. No bidder will be permitted to include more than one allotment in any one bid. Should a prospective purchaser desire to purchase more than one allotment he should submit a separate bid for each, and if he desires to purchase less than an entire allotment, he may submit a bid for one or more legal sub-divisions thereof and such bid will be considered in connection with the appraised value of each legal subdivision. No bid for less than the appraised value will be considered. The right to reject any or all bids is reserved by the Commissioner of Indian Affairs.

Each bid must be accompanied by a duly certified check, certificate of deposit or cashier's check on some solvent bank, payable to the order of Edwin L. Chalcraft, Superintendent, for ten per cent (10%) of each bid, as a guarantee for the faithful performance by the bidder of his proposals. Cash in lieu of check will not be accepted and will cause bid to be rejected. If the bid shall be accepted, and the bidder shall within thirty days after due notice of the acceptance of his bid fail to comply with the terms of his bid by making final payment, the money represented by such check shall be forfeited to the use of the owner of the land. The checks of all unsuccessful bidders will be returned to them within ten days after the opening of bids.

The successful bidder when his bid is accepted, will be called upon to pay the sum of \$20, in addition to his bid for the land; and also his portion of the expense for advertising the land. The receipt of a bid will be considered evidence that the bidder accepts this requirement. The cost for advertising will be kept to the minimum.

The patent issued to purchasers will contain a provision to the effect that there is reserved from the lands granted a right of way for ditches and canals constructed under authority of the United States.

Deferred payments at six per cent interest, on sales exceeding \$1000, can generally be arranged, provided a payment of not less than twenty-five per cent of the purchase price is made when the bid is accepted. The bidder should mention the allotment number, name of allottee, give the description of the land covered by his bid, and the character of payments intended. For further information apply to the undersigned.

Address all bids to "Edwin L. Chalcraft, Superintendent, Siletz, Oregon," in time to reach his office by 2 o'clock P. M. on the date specified above. All interested parties are invited to be present at the opening of the bids.

EDWIN L. CHALCRAFT, Superintendent.
