VOLUME 28

TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, AUGUST 20th, 1920

NUMBER 26

SILETZ

Verd Dewey, Clyde Hill of Independence and Mr. and Mrs. George Colby of Spokane motored to Siletz last week, visited the Lower and Upper Farms, stopping and fishing along the famous Siletz river, one of the best fishing streams in the state. Mr. Hill owns a 320 acre farm on Mill Creek at the Upper Farm, which he proposes to make a dairy ranch and will probably make his home there. Mr. Hill is a pioneer. His father came to Oregon in 1847, locating on a donation land claim near Independence.

Dr. G. A. Prime and wife and the Doctors W. E. Paine of Salem, visited Siletz Friday and put in a day fishing and visiting different parts of the reservation. The Doctor said it was a real blessing to get out of the heat and dust of the Valley and enjoy the cool ocean breezes of Siletz, and camp in the shade on the banks of the rippling waters of the Siletz river. This party had good luck in catching a large string of speckled beauties.

Siletz had the largest representation at the "Nigger" Show at Toledo Sunday evening than any other part of the county. It was a mixed audience. Negroes on the stage; Indians in the gallery; and Whites on the floor. The show was superb—a real "Nigger" Minstrel.

Mr. and Mrs. Abe Logan of Salmon River visited Siletz during the week. Mr. Logan said when the dairy inspector was in inspecting the dairy farms of Salmon river she got the credit of keeping the cleanest cans, pans, separator, barns and milk house of any person in the community. Some of the ranchers were severely censured for the untidy manner in which they kept their dairy and barns. The inspector threatened to fine them and stop their business if they did not clean up. I think it would be a good plan to inspect the dairies in other parts of the county.

District Superintendent of the M. E. Church, Mr. Moore, held Quarterly Conference here Saturday evening. He found the work of the Church in a very satisfactory condition. The parsonage had been raised and underpinned, a new roof put on and the building painted from top to bottom. It is now comfortable and presents a very neat appearance. The Church building was also underpinned, painted, a new roof put on and will be papered inside. When finished it will be one of the neatest church buildings in the county. The Reverend and Mrs. Ross give entire satisfaction and are favorites among the people.

The public school building is in fine condition and when the new playhouse is finished it will be the nicest school property in the county. The community takes great interest in the public school.

The mill here and Larsen saw mill are sawing lumber right along. Some 8 or 10 car loads of ties and lumber have already been shipped out. Siletz is a bustling active place.

The tourist travel is increasing right along.

SOUTH BEACH

Rev. C. A. Rexroad visited his family at this place the first of the week leaving for Selma, California on Wednesday, where he will take charge of the church until annual conference which will convene in the early part of October. His family contemplates following him soon. They have been on the move so long they are anxious to get settled again.

Rev. Wilson of the Later Day Saints will preach at the South Beach school house next Sunday afternoon, August 22nd. All are invited to attend this service.

John Walker had a slight accident on the railroad from Waldport a few days ago. Luckily there was no damage done. Taking all things into consideration they have been very fortunate that there has been no worse accidents on this road.

Wm. Ewing is laid up with a very sore hand which seems to grow no better and indicates fish poisoning. Mrs. Henry Omlid has a brother visiting with her this week that she has not seen or heard from for some time.

Mr. and Mrs. Oldenburg came in last Monday and will stop in one of their cottages for a week or two. Mr. Oldenburg owns property at Pacific View, South Beach, with several cottages which he rents to the tourists.

Miss Evangeline McIntosh came in with two of her friends a few days ago for a month's stay at the beach. Her mother and sister have been here for some time.

D. S. Conrad is having some clearing done on his ranch which he will put into berries. It is located beautifully for berries of all kinds. He will build some time in the near future.

Mercine Felton came home this week and is fencing his father's little ranch.

There are several parties who wish to build on their property as they realize the growth of South Beach. But building is out of the question.

With no available lumber. No sawmill with the present prices of lumber and freight rates going up all the time no wonder people get discouraged and sit quietly down and search all the catalogues to find out if they can find cheaper lumber and cheaper rates in Sears Roebuck or Jones Cash Store.

EDDYVILLE

Rev. Driver of the Chapel Car, "Good Will", has closed a very successful series of meetings extending over a period of four weeks time. Sunday morning a very beautiful and impressive Baptist service was conducted at the Yaquina river, at which a class of thirteen were baptized according to the rites of the Baptist church. The people of the community greatly appreciate the work of Rev. and Mrs. Driver, especially the beautiful music furnished each evening at the meetings. After a vacation spent at the beach, Mr. Driver will open meetings at Summit.

The dance given last Saturday by Mr. and Mrs. Thos. Barker, Mr. and Mrs. I. R. Covert and Mrs. Mamie Wolkan was a decided success. Bains orchestra from Yaquina furnished the excellent music and a large crowd was present. A general good time was enjoyed by all.

FOR MERCHANTS ONLY

MONEY Talks"—according to an old adage, indicating that our cash has human traits.

If it is so, we may have learned the reason for the straying habit of many dollars from this community—they've succumbed to the courtesy and friendliness of our neighbors, the big city merchants and mail order houses.

The city merchants and mail order folks are proving every day that it is profitable to invite OUR DOLLARS over. They do it through advertising.

But the merchants of this community can overcome that—they can establish a more lasting friendship with the community's money—in fact, make regular STAY-AT-HOME DOLLARS—every one.

FIRST—By INVITING THE DOLLARS within shopping distance of this center to TRADE IN THIS COMMUNITY.

SECOND—By renewing that invitation through advertising, week after week, month after month, year after year. That's the way the city merchants and mail order folks do it.

THIRD—The invitation is to tell the dollars about the worth-while things that are in your store for them.

FOURTH—When the dollars come, remember they will only come back again when well treated.

And there is nothing more invigorating to the activities of any community than pepful HOME-SPENT DOLLARS.

CANNERY TO START ABOUT SEPTEMBER 1ST.

County Agent Cooter yesterday called H. A. Graves of Sheridan on the phone to ascertain whether Mr. Graves intended operating his cannery here this season. Mr. Graves was not at home, being in Portland, but Mrs. Graves informed Mr. Cooter that it was the intention to operate the cannery here, and that Mr. Graves expected to be over in a few days to get ready for starting the cannery.

The Evergreen Blackberry crop in this section is going to be immense this season, and the berries are already beginning to ripen.

Quite a few acres of beans have been raised for the cannery and are now ready to pick, and the delayed opening of the cannery plant has meant a loss to the growers.

MINSTREL SHOW DRAWS BIG CROWD

The Georgia Minstrels who put on their show here Sunday evening were well pleased with the patronage received. About six hundred persons attending, the Club House being packed to capacity, all seats being taken and many persons standing. A large number came over from the Siletz, while many were here from Elk City, Chitwood, Pioneer and Winant.

FRED STEINER GOES TO SALEM

DR. F. W. KELLOGG

(McCormick System Eye Specialist) WILL BE AT Toledo, September 6th, 7th and 8th

IN MEMORY (By F. M. Carter)

Died at his home near Elk City, August 7th, 1920, David B. Ramsdell, age 68 years; death being caused by a stroke of apoplexy. Mr. Ramsdell belonged to a pioneer family, his father and mother having come to Oregon in 1843.

Deceased was a prominent factor in the business affairs in the community where he lived for more than 35 years. He was a good neighbor, kind and generous and always ready and willing to help anyone in distress. He was prominent as an Odd Fellow, having been a member of Elk Lodge No. 134 for more than 20 years.

The interment took place in the Elk City cemetery conducted by the members of the order to which he belonged.

He is survived by his wife, two daughters, Mrs. Rena Daniels and Mrs. Audra; and four sons, Clarence, John, Frank and Art, who mourn their loss.

It is sad to think the pioneers are so rapidly passing away. Soon all will be gone. They were kind, hospitable and brave—honest and generous to a fault.

WHY THE LUMBER SLUMP?

The Oregon Manufacturer has been pointing out for some time that while members of building trades have been advancing wages to \$1.00 and \$1.25 an hour, almost none of this class, or the labor class generally, are building any houses.

While wages in the building trades have been advanced 200 to 300 per cent over pre-war times, actual building labor cost has gone up 400 per cent and it requires twice as long to build a house.

It takes twice as many carpenter hours on a job as it did five years ago. Plasterers, painters, paper hangers do less than half the work they did five years ago.

These conditions are not healthy. They cannot but inflict disaster upon those who foster them. Short-sighted is the man who believes that he can produce wealth by idling. The war created a tremendous void in materials and commodities of all kinds and prices are high by reason of this scarcity.

Prices can only become lower when the world's storehouse has again reached its normal level. Cost of dwellings will depreciate to a marked extent and rentals will be lower when the men who build homes will do a full day's work ungrudgingly with pride in the quality and quantity of their output.

The unusual demands of artisans, mechanics, and labor in all trades has checked the demand for building material and is severely hurting the lumber industry.

NOTICE

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by people in this vicinity.

T. J. Anderson, retired rancher, 342 E. 4th St., Albany, Ore., says: "Doan's Kidney Pills have been a lot of good to me and I am glad to recommend them. My kidneys were out of order and I had severe backaches and sharp pains across my kidneys. When I stooped over, a sharp catch in the small of my back bothered me and my kidneys did not act right. I used Doan's Kidney Pills for this trouble and they gave me relief, strengthening my kidneys. The backaches left, too."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Anderson had. Foster-McBarn Co., Buffalo, N. Y.
