THE UNIVERSITY OF OREGON

—is maintained by the state in order that the young people of Oregon may receive, without cost, the benefits of a liberal education.

The University includes the College of Literature, Science and the Arts, the Graduate School, the School of Physical Education, and the Professional Schools of Law, Medicine (at Portland), Architecture, Commerce, Journalism, Education and Music.

High standards of scholarship are made possible by an able faculty, well equipped laboratories and a library of nearly 100,000 volumes.

Supervised athletics are encouraged and every attention given the health and welfare of the students.

With a heightened confidence gained by the recent expression of public sentiment, the University is now entering upon an era of large development and extended masterpieces.

Sale of Indian Lands

The following list of Indian lands located on the Siletz and Grande Ronde Indian Reservations and in Southern Oregon are offered for sale under existing laws. SEALED BIDS for the same will be received until 2 o'clock P. M. on Oct. 7, 1920, when the bids will be opened for consideration. All bids shall be enclosed in a sealed envelope, which must be conspicuously marked "BID FOR INDIAN LANDS." The DATE of the proposed sale must also be placed thereon, but nothing else. No bidder will be permitted to include more than one allotment in any one bid. Should a prospective purchaser desire to purchase more than one allotment he should submit a separate bid for each, and if he desires to purchase less than an entire allotment, he may submit a bid for one or more legal subdivisions thereof and such bid will be considered in connection with the appraised value of each such legal subdivision. No bid for less than the appraised value will be considered. The right to reject any or all bids is reserved by the Commissioner of Indian Affairs.

Each bid must be accompanied by a duly certified check, certificate of deposit or cashier's check on some solvent bank, payable to the order of Edwin L. Chalcraft, Superintendent, for ten per cent (10%) of each bid, as a guarantee for the faithful performance by the bidder of his proposals. Cash in lieu of check will not be accepted and will cause bid to be rejected. If the bid shall be accepted, and the bidder shall within thirty days after due notice of the acceptance of his bid fail to comply with the terms of his bid by making final payment, the money represented by such check shall be forfeited to the use of the owner of the land. The checks of all unsuccessful bidders will be returned to them within ten days after the opening of bids.

The successful bidder when his bid is accepted, will be called upon to pay the sum of \$20, in addition to his bid for the land; and also his portion of the expense for advertising the land. The receipt of a bid will be considered evidence that the bidder accepts this requirement. The cost for advertising will be kept to the minimum.

The patent issued to purchasers will contain a provision to the effect that there is reserved from the lands granted a right of way for ditches and canals constructed under authority of the United States.

Deferred payments at six per cent interest, on sales exceeding \$1000, can generally be arranged, provided a payment of not less than twenty-five per cent of the purchase price is made when the bid is accepted. The bidder should mention the allotment number, name of allottee, give the description of the land covered by his bid, and the character of payments intended. For further information apply to the undersigned.

Address all bids to "Edwin L. Chalcraft, Superintendent, Siletz, Oregon," in time to reach his office by 2 o'clock P. M. on the date specified above. All interested parties are invited to be present at the opening of the bids.

EDWIN L. CHALCRAFT, Superintendent.

A grade for each type of engine

Developments in aeronautics have found us ready with a grade of Zerolene for each type of engine.

Thousands of gallons of Zerolene Liberty Aero Oil gave service to the U.S. and Allied Governments during the war.

The same foresight and scientific application marks the work of our Board of Lubrication Engineers in the field of automobile lubrication. Their recommendations of Correct Lubrication with Zerolene are lengthening the life of automobiles everywhere.

There is a Zerolene Correct Lubrication Chart for each make of car. Get one for your car at your dealer's or our nearest station. Use Zerolene for Correct Lubrication.

for Tractors

There is a correct grade of Zerolene for each type of tractor. Get our attractive booklet on the Correct Lubrication of your tractor. Ask our agent for a copy.
