Adopta, Plaintiff,
vs.
Julia Kollis, Amanda Sirberg, heirs at law of John Wolbruk, deceased, and the Estate of John Wolbruk, deceased, and all other representatives of said deceased known and unknown.

To Julia Kollis, Amanda Sirberg, heirs at law of John Wolbruk deceased and the Estate of John Wolbruk deceased, and all other representatives of said deceased known and unknown. In the Name of the State of Oregon

You are hereby required to appear and answer the complaint filed against you in the above entitled court and cause, on or before Friday, November 26th, 1920, said date being more than six weeks from the date of the first publication of this summons, and being the time prescribed for such appearance by you in the order of publication of summons herein, entered of record, and if you fail to so appear and answer for want thereof the plaintiff will apply to the court for the relief in the complaint demanded and prayed for to-wit:

"State-Wide" Telephone Service

Our efforts are constantly directed to the extension and improvement of "state-wide" telephone service. Large and small communities are dependent upon each other, commercially and socially. Good telephone equipment in the cities and towns of Oregon, with good construction and well maintained "long distance" pole lines and wires between, mean their mutual convenience and profit.

The value of any telephone is proportionate to the number of other telephones which may be connected with it. In Oregon there are approximately 135,000 telephones connected with our system. Ideal telephone service means the prompt connection of any one of these with any other and the least possible loss in strength and distinctness in the conversations that follow.

Our entire plant is engineered and constructed with the object of rendering a satisfactory "state-wide" service sufficient in facilities available and with these facilities efficiently maintained. For this purpose the telephone equipment must be better, local and trunk wires must be of proper size and type, and central offices and switchboards must have additional apparatus to accommodate and care for the long distance circuits.

Before the troubled period of the war we always aimed to maintain "spare" or reserve plant—that is, plant ahead of immediate needs, thus ensuring prompt and more satisfactory compliance with demands for service as they arose. During the war this reserve was exhausted as the materials we use were required and properly taken by the Government and those industries given priority consideration.

With the reconstruction period, as is the case with all other lines of business, our problems have continued to an unexpected degree. We are still hampered by shortage of materials and delayed deliveries.

We realize the requirements of our long distance patrons. We have a comprehensive and well defined program designed to provide additional toll circuits sufficient to meet the present and constantly growing demands.

What Happens in the Dark?

The farmer receives on an average only about one-third of what the consumer pays for meats, grains, fruits, wool, vegetables and cotton. Somewhere between producer and consumer an enormous toll is added to the cost of farm-grown necessities.

The city consumer, not seeing the profit-taking along the road to him, blames the farmer for high prices. The local farmer, not knowing just what does happen in the dark, is at the mercy of the system. To turn on the light is one purpose of

THE FARM-BUREAU MOVEMENT

Your local farm bureau is an important link in the great American Farm Bureau Federation which is fighting the farmer's market battles for him. The Federation has no quarrel with honest middlemen or efficient merchants, but it does have with the gouging-in-betweens, speculators and gamblers.

The Federation is demanding that the Government hasten to furnish official figures on the cost of producing farm crops so that the public may know and attention be focused on what happens in the dark.

Many other big, constructive plans that you are too busy to attend to are being pushed for you by the Federation, and THE COUNTRY GENTLEMAN urges you not to remain neutral but to join your local farm bureau, if you are not already a member, and to help fight your own battles.

Out of wide national experience THE COUNTRY GENTLEMAN advises this. Its editors and contributors travel 300,000 miles a year to study your problems and to put its shoulder to every good movement in your interest.

If you are not a neutral farmer we would like to count you among our subscribers. Send us \$1.00 for a yearly subscription and we will mail you fifty-two big issues crammed with farm news, courage, smiles, many proven helps and well-tried plans, strong cartoons, good pictures, bully fiction—a total of 3000 pages of help and hope, of national service to farmers. Yes, your check is good.
