The Telephone Company Desires

- To give good service.
- To keep its property in good repair and expand it to meet the requirements of the public.
- To pay wages sufficient to maintain an efficient and contented organization.
- To earn a revenue that will enable it to borrow the money absolutely necessary in its operations and to afford a reasonable profit to its owners.

In the State of Oregon today our earnings are insufficient to accomplish these results and we have asked the Public Service Commission of the State to approve a schedule of rates which we believe will provide the added revenue required.

No question of stocks, bonds or capitalization is involved. The Commission will base its decision upon a fair value of our property for rate making purposes and our earnings and expenses.

We believe that the public, realizing the benefits of adequate telephone service, will support this effort on our part to insure the maintenance and development of a high standard of telephone communication.

"Here's Real Tobacco"

says the Good Judge

That gives a man more genuine chewing satisfaction than he ever got out of the ordinary kind.

Smaller chew, lasts longer—so it costs less to chew this class of tobacco.

And the good, rich tobacco taste gives a world of satisfaction.

Any man who uses the Real Tobacco Chew will tell you that.

Put up in two styles
