

Biliousness

WHEN you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. There is nothing better.

THE UNIVERSAL CAR

THE FORD ONE-TON TRUCK

As a matter of fact we might almost as well call it a Three-Ton Truck for it very rarely carries a smaller sized load. The owners of the Ford truck take advantage of the high qualities of materials which are known to be put in the Ford car, take advantage of the high quality of Ford workmanship which characterizes Ford cars and they overload to the limit. Well, the Ford truck has never broken down with any of these overloads. It delivers expectations and double expectations, so far as carrying capacity is concerned, and while that is not fair to the truck, still the owners are satisfied.

But the Ford one-ton truck, with its aluminum bronze worm drive, its greater weight and strength of frame and its incomparable power plant, is without a reasonable competitor in price, in service, in cost of operation. It is the lowest priced truck on the market, of equal capacity. No other truck on the market operates so economically and we believe there is no other truck that will give as satisfactory and profitable results. Our allotment is limited. Better leave your order without delay.

LUMBER RETURNING TO NORMAL

On February 1, Spokane lumber dealers made a drop of \$10 a thousand in dimensions and \$25 a thousand on fir flooring which make a general reduction of from 25 to 110 per cent under the average 1920 figures. These lumber cuts are typical of those being made in all parts of the country and show that lumber is rapidly returning to normal.

If the building trades will lower their wage schedule a little the average man will be encouraged to start building and 1921 may witness a building boom instead of building stagnation.

A LESSON FROM RUSSIA

One hundred and five Russian workmen were killed and hundreds injured because they refused to work sixteen hours a day on the scanty food allowances made them. Soviet soldiers shot them down.

A system of government that tries to abolish brains and management and capital necessitates more and harder work instead of less.

The Soviet government is showing that labor is the worst sufferer from lack of efficient management. The slaughter of Russian laborers, desperate because of hunger and their merciless new serfdom, should be a lesson to labor with radical tendencies everywhere.—Newark Ledger.

INCREASE EFFICIENCY INSTEAD OF TAXES

Everywhere, the political and public office holder, instead of trying to reduce or restrict the tax burdens of the people are trying to pile on more.

The taxpayer's back is bent with tax burdens but it isn't broken and that is probably the reason why the politician wants to increase the load.

This is the time of all time for economy in public office. It is the time of all time to grub out useless office holders and commissions and reduce the cost of government to the minimum.

The people are demanding, and rightly so, a reduction in the cost of living. With equal propriety and earnestness they are demanding a reduction in the cost of government, for the cost of government is an element in the cost of living.

WE ARE BECOMMING SANE AGAIN

"I have worked 12 hours a day for more than 50 years," said Webster, the great American statesman.

"Work, work, work; that is the main thing," said Lincoln.

There is more happiness in work than in anything else. Many of us who drudge, drudge away year after year will feel like disputing that statement offhand. But if they will reflect a bit, and consider just how they would feel if they had absolutely nothing to do, there are few of them that will not say that without work they would be lost.

Even the Bolsheviks believe in work, only they don't understand human nature.

For some years there has been more or less aversion to work. Not that humans in the mass don't want to work. But our minds have been filled since 1914 or 1915 with all sorts of half-crazy thoughts and notions that have made many of us poor laborers by desire for too much pleasure; or in the field of endeavor which we have chosen. We have been crazed, the war has crazed us with the thought that man is only made for cannon fodder anyway; or we have been led astray by the greed for money. All these human lunacies have resulted from the war conflict.

But now there are signs that people are going to work—are going to put pep, enthusiasm and brains in the things they have to do. That is sanity and sanity seems to be coming to America at last. Flightiness will not last forever in Europe either; the turn will come sooner or later, and the sooner the better.

PETITION For the organization of the Lincoln County Drainage District No. 3 in the County Court of the State of Oregon for Lincoln County

To the Honorable County Court of the State of Oregon for Lincoln County

Come now your petitioners who represent to you that they are the owners of fifty per cent of the acreage in a contiguous body of swamp, wet and overflowed land situate in Lincoln County, Oregon, and herewith present to you their petition that they may form a drainage district pursuant to the provisions of Chapter XI, Olson's Oregon Laws, for the purpose of having such land reclaimed and protected by drainage, or otherwise, from effects of water for agricultural purposes the same being conducive to the public convenience and welfare, and of such public utility and benefit, and for such purposes the owners have prepared and signed this petition in which they respectfully state:

1. That the name prepared for this district is "Lincoln County Diking District No. 3."

2. That the boundary lines of said district are as follows:

Beginning at a point 58 feet West of the $\frac{1}{4}$ corner between sec. 7 and sec. 12, Township 11 South Range 10 West of Willamette Meridian, thence South 89 deg. 30' West 552.5 feet, thence South 17 deg. 20' West 505.0 feet, thence South 30 deg. 05' West 488.5 feet, thence South 39 deg. 50' West 253.0 feet, thence South 72 deg. 45' West 114.0 feet, thence South 79 deg. 45' min. East 73.5 feet, thence South 45 deg. 00' min. East 168.0 feet, thence South 34 deg. 30' min. East 67.5 feet, thence South 44 deg. 00' min. East 151.5 feet, thence South 13 deg. 30' min. East 75.5 feet, thence South 54 deg. 30' min. East 97.0 feet, thence South 12 deg. 45' min. East 95.0 feet, thence South 51 deg. 50' min. East 158.0 feet, thence South 46 deg. 00' min. East 118.0 feet, thence North 87 deg. 30' min. East 579.0 feet, thence North 88 deg. 30' min. East 428.0 feet, thence North 56 deg. 00' min. East 136.5 feet, thence North 43 deg. 45' min. East 122.0 feet, thence North 50 deg. 45' min. East 115.0 feet, thence North 26 deg. 00' min. East 136.0 feet, thence North 37 min. East 129.0 feet, thence North 61 deg. 30' min. East 108.0 feet, thence North 53 deg. 45' min. East 73.0 feet, thence North 51 deg. East 56.0 feet, thence North 66 deg. East 168.0 feet, thence North 52 deg. 45' min. East 110.0 feet, thence North 42 deg. East 137.0 feet, thence North 74 deg. 15' min. East 212.0 feet, thence North 61 deg. 45' min. West 473.0 feet, thence South 79 deg.

3. That all of the lands included in said proposed district are properly included therein and will be beneficially affected by the operation of the proposed district.

4. That the benefits of such proposed reclamation will exceed the damage to be done, and that the best interests of the land included, and of the owners of such land as a whole, and of the public at large, will be promoted by the formation and proposed operations of such district.

5. That the formation of a drainage district under the provisions of this act is a proper and advantageous method of accomplishing the reclamation and protection of the lands included therein.

6. That the following is a brief, general, informal statement of a proposed plan of reclamation and protection and such general facts as will enable the court to determine that there is a reasonable probability that the objects sought by the formation of the district, may be accomplished, to-wit, that

It is planned to drain and reclaim the lands in the said district by the completion, repair and maintenance of the dam, tide gates and dike across the tidal outlet or slough known as Beaver Creek, about one mile northwest of the City of Toledo. The detail plan of said improvement will be such as may be adopted by the Board of Supervisors, upon the advice and direction of the engineers for the said district.

11. That the signers hereto agree to pay any and all expense incurred and any tax or taxes that may be levied against their lands for the purpose of paying the expense of organizing, or attempting to organize, the proposed district.

WHEREFORE, your petitioners pray for an order of the above entitled court that the lands herein described, or so much of them as may be found by the court to be properly included in said district, either permanently or until further investigation and survey may permit elimination, shall be organized into a drainage district.

Mrs. Julia Christiansen,
R. H. Tindall,
R. H. Williams,
STATE OF OREGON,) ss.

County of Lincoln)
I, R. H. Williams, being first duly sworn say that I am one of the petitioners in the above entitled petition; that I have read the same, and believe the allegations and the statements contained in said petition are true.

R. H. Williams,
Subscribed and sworn to before me this 21st day of December, 1920.

G. B. McCluskey,
Notary Public for Oregon.
My commission expires Sept. 2, 1923.
