NUMBER 4

Uncle John's Job

SILETZ

Siletz is trying to work in harmony with the new Administration in keeping down expenses by economizing by producing more than we use and by doing more work and less complaining about hard times. The world is very much unsettled and it will take a long time to get down to normal conditions. The Kaiser after getting the world in such a turmoil ought-like Judas-to go out and hang himself and thus in away square the account for the suffering and sorrow he has caused. The farmers are trying to plow and put in their crops but the weather continues so bad they cannot do it.

Times are dull and lots of men are out of employment because of the shutting down of so many sawmills; and crime seems to be on the increase because of war conditions and we will have to be patient and each one help to bring on better conditions. We must pay more into the government instead of taking so much out. A paternal government breeds discontent and makes Socialists and Reds out of the people. You cannot down a man who works. The person who takes no pleasure in his work and no interest in building up the community wherein he lives will never succeed. George McCoolou who had charge of building Lee Wade's new bungalow which was blown down last winter said the roof can be raised and replaced without damage. The work of rebuilding will commence as soon as the weather will permit.

James Franks is getting materials on the ground to commence building his new residence when the weather gets better. Mr. Wade and Mr. Franks both have nice locations for their new homes which will add much to the beauty of Siletz Valley.

Lee Williams and Grant King have built a nice side walk leading from the pool saloon and Recreation Hall to the hotel and now you can go

back and forth without getting your shoes muddy.

Mr. and Mrs. M. S. Collins have just returned home from the hospital in Portland where Mrs. C. underwent a severe operation. Dr. Coffey performed the operation. She is alright now, being assured the disease would never return again.

Mr. and Mrs. R. E. Chandler went to consult a specialist in Portland in regard to their baby's ear. The child suffered a good deal and it was feared a mastoid abscess was forming. After treating the child for a while it got much better and Mr. and Mrs. Chandler came home.

Prof. J. B. Horner, teacher in the O. A. C. will meet with the community club Friday evening, March 25th and deliver a lecture, subject, "Oregon History and Literature." He will also show on canvas, pictures of the Holy City and other important places taken by himself. Mr. Horner has a state reputation as a lecturer.

The buggy upset, and sure a good looking bunch tumbled down the hill.

SILETZ SCHOOL

The Community Club held its meeting at the school house on Friday evening, March 11th, with very good attendance. The new officers were in charge of the meeting and the president, Chas. Larsen, gave an interesting opening talk on the purposes and possibilities of the Club. After several short discussions the business session was followed by a program including the following numbers: Solo by Mrs. Cobb; paper, Meaning of Play by Miss Mary Henry; song America For Me by the group; theme, My illustrious Woodcutter by Miss Margaret Miller; songs by Miss Isabel Larsen; dialogue by Misses Helen Ojala and Margaret Miller; song by four girls, Vernie Strong, Dorothy Goodell, Carol Calkins, and Sena Freg; local newspaper "Siletz High School Hummer," by Isabel Larsen and Salma Niemi; music by the stringed orchestra. Deputy Sheriff Ted McElwain took Miss Della Williams out to Salem Monday afternoon and placed her in the penitentiary. Miss Williams, who is an Indian girl, was convicted of the crime of larceny, at the August term of court, and was sentenced to two years in the pen. She was paroled however, pending her good behavior and on condition she would leave the county, her home being in Washington. As she failed to comply with the provisions of the parole she was taken to the penitentiary.

AT THE MOVIES

TONIGHT—6 Reel Drama "Caliber No. 38"; 1 Reel Comedy and 7th Episode of "Lightning Bryce"—30-10c.

SATURDAY AND SUNDAY ONLY Douglas MacLean and Doris May in "23 1/2 HOURS LEAVE"

A brilliant picturization of Mary Roberts Rinehart's famous story in the Saturday Evening Post—Remember the story of the "surprise attack!" By the worst soldier in camp! Came to capture the general's daughter in his B. V. D.'s—Did he do it? You'll say so! Of course he went to the jug when his leave was up, but that little love campaign—wow! Nothing about the war. Just youth, romance and love. One of the best pictures ever shown in Toledo. 1-Reel Comedy and Ford Weekly—40c. and 20c.

SHOOTING AT NEWPORT

Harold Anderson of Newport was arraigned in Justice Berry's Court in that city Wednesday on a charge of assault with intent to kill. The Court bound him over to the Grand Jury under \$2000 bonds. The bond was furnished by A. J. VanWassenhove and E. M. Baker.

It seems that Anderson shot Chas. Harwood late Friday evening, wounding him in the wrist. Harwood drew a gun and shot at Anderson just grazing his leg. There has been trouble between Anderson and Harwood for some time, they having had a fight several months ago. Anderson accuses Harwood of paying undue attention to his wife.
