VOLUME 29 TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, MARCH 25th, 1921. NUMBER 5

### SILETZ

A masquerade ball was given at the Recreation Hall Saturday night. The hall was crowded with merry makers. The music was furnished by the Orton orchestra led by Mildred Collins, who was the main one in organizing and training its members. The music was fine and the dance was one of the best given at the hall. Everyone had a good time and the order was fine. Two prizes were given—first prize went to Mores Anderson and Mrs. Frank Sharp; second was given to Mr. and Mrs. Lloyd Crawford. The committee was Mr. and Mrs. W. S. Hall and J. L. Goodell.

Prof. J. B. Horner of the O. A. C. will be here Friday evening and will deliver his celebrated lecture, "Oregon History and Literature." He will also show pictures on canvas of the Holy City and other interesting places in Palestine. The lecture will be at the public school building. A large audience no doubt will be present to hear Mr. Horner. These lectures are interesting as well as educational. Prof. Horner takes great interest in his work and is doing much good for the young people of Oregon. Siletz should be represented in the O. A. C. each year. We are almost under the caves of the college and it is easy for our people to patronize it. Lincoln County has been greatly benefited by this institution and we all have a warm place in our hearts for the O. A. C.

Easter Sunday will be observed at the M. E. Church with a very excellent program, especially the musical part of it. The committee is taking great pains in having the house beautifully decorated with flowers and evergreens in trying to exemplify the beauty and glory of the resurrection morn. This event is the light and hope of the world and the setting of the future state and if we believe in Him our lives will be as immortal as His. Rev. Walter Ross will preach the sermon.

Mrs. Anus Buterfield and her son, Roy, of Millport went out Sunday to Salem, where Mrs. Buterfield will enter a hospital for surgical and medical treatment. Mrs. B. said the roads were so bad below Eucher Mountain that it was almost impossible to get over them. She said it was a shame to try to bring a sick person over such a road. An effort is being made to have this road fixed up so it will be passable. It is a mail route and by all means should be put in good condition for travel.

H. A. Lewishwait of the U. S. Navy, was at the King Tuesday on his way to the recruiting station at Portland. He expects to have to enter the Navy again. He did not know just what it meant to be called in again.

At a meeting of the Siletz Valley Cheese Company it was decided to move the building from where it is now on Mr. Brassfield's land across the county road to Joe Bryant's road. This is a better location and the company will have more room to operate the factory. What we need is a payroll at home. It is up to the people to press these industries and bring this county out and make it what nature intended it should be. It should be equal to Tillamook in productiveness.

### TAFT

G. S. Parmele  
The railroad meeting was not attended the 14th as well as expected. We talked pro and con until the noon mail came in at noon to get a letter from Mr. Patton, which came. It did not give the information we expected so we are writing the Southern Pacific Co. Some were enthusiastic for some kind of transportation, while others said they did not want a railroad. Just wait a moment, we will read part of Patton's letter:—"I had rather make

1000 men happy than one millionaire," so we guess that fits you. If you can't push, don't pull back, and then when it does go, get on and ride. We are living in a fast age, wonderful achievements in invention. Think of the flying machine Viny with its wing spread of 67 feet. Its petrol tanks had a capacity sufficient to keep the plane in the air for 13 hours, traveling at a speed of 80 miles an hour, when loaded weighed 13,000 pounds. With Sir Ross Smith as pilot and Sir Keith Smith second in command. They flew from London, England, in winter weather, sleet, snow, rain and clouds so they could not see the earth or sky all the time, to Australia. Half around the world in 23 days. Now a man tells us he can establish transportation for us, with a queer device that don't take millions to put in and run. Will it not bear careful examination? and if good, we don't need to stand and throw at nigger dolls and miss, and lose our money but hit the mark every time turning up two dollars for one. If we put that road up Scimion River and in a few years, standard gage is put on down here, we can take it up and put it up Siletz River where no other road will ever be put. Then we can put a man from Taft to Siletz for a dollar and not take all day for it either, and have to stop on the way and pay fifty cents for a meal. We don't want to give the facilities we now have any discouragement—we are glad we have so good a way to get around. It beats ox-team or hand power. But the railroad will be as much ahead of what we have as an ox-team is behind. We are writing the Spaulding Co. to find out their position and the terminus of their road. Also writing the S. P. Co. to get their idea on the Patton Co. invention. I, like others, am opposed to bonding the county, or any part of it for anything more. We have bonds enough on the county now. I have another plan and if the road can't take care of itself we don't want it.

17th—Just received a letter from Mr. Patton stating that if material is furnished fast enough he can build one mile a day.

Ed Gillespie was a visitor at Toledo one day last week.

### MONEY PROVIDED FOR HARBOR WORK

The government has appropriated \$145,000.00 to be spent during the year on the construction of the North Jetty at the mouth of Yaquina harbor.

It is expected that the work of driving piling for the north jetty will be commenced early next month. A receiving wharf will have to be built and much preliminary work done before the actual dumping of rock is commenced.

### TOLEDO PLATOON WILL GIVE DANCE

The local platoon of the 3rd Company, Coast Artillery Corps, are arranging for a big dance to be given at the Club House in this city on the evening of Saturday, April 2nd.

This is the first social affair attempted by the boys and no expense is being spared to make it a grand success. An orchestra from Corvallis will furnish the music. Splendid eats with ice cream for trimmings, and lots of fun for all.

Quite a crowd is expected up from Newport, as well as Yaquina, Siletz and Elk City.

### SILETZ SCHOOL

Some preliminary practice on the first scenes of the play "The Coach" is being done this week. The bookkeeping section is developing a distinct spirit of rivalry in completing of statements and sets.

All of the school is eagerly looking forward to the illustrated lecture by Professor Horner on Friday night. The Community Club is arranging this to be held at the Government school house. The general subject will be "Oregon History and Literature." A local plan for competitive theme work on native legends is being worked out.

The boys are planning to stage a post-season basket ball game at this week-end.

The program originally billed for last Saturday was necessarily postponed on account of illness of some of the members.

The plan for warm lunch, by which soups and cocoa have been prepared and served will likely not be continued through the warmer spring season.

### M. E. CHURCH

Toledo High School has the distinction of adopting seven Armenian orphans. The following organizations, Senior Class, Junior Class, Sophomore Class, Freshman Class, T. H. T's, Questo Crescentia Club and a group of Freshman boys have each adopted one.

The Sophomore Class gave a St. Patrick's Day Candy Sale in the Fresh-Soph room, the seventeenth. The profits realized were \$3.05 and a name for making good candy.

Two unusually good numbers in Thursday morning assembly were a dramatic reading by Sads Chambers and a group of songs by Ruth Cozine.

The girls are anticipating a good ball season and as soon as the weather permits there will be a baseball try-out.

### NOTICE TO TEACHERS

The annual institute for the teachers of Lincoln County will be held in the high school building at Newport, April 20, 21, and 22. A good program is being prepared and as there are more teachers now teaching in the county than ever before at one time, it is expected that a larger number will be in attendance than at former institutes.

### I. O. O. F.

A hard time party at I. O. O. F. Hall, Saturday Evening, March 26, 1921. All members of Odd Fellows and Rebekahs and their families are cordially invited to be present. Prizes given. Good time assured. WEAR YOUR WORST!

### ELEVEN YEARS AGO

The schooner *Wilhelmina*, just purchased by the Lincoln County Transportation Company, arrived in the lower Bay last evening at eight o'clock with fifty tons of coal for Lee Williams of Newport. This is the vessel's first trip to this port, but will make regular weekly trips in here. Captain George Tyler, her master, reports a pleasant voyage up the coast.

E. H. Vader and little son of Nortons were in the city Monday evening. Mr. Vader has purchased the general merchandise business of H. L. Veit at Eddyville and will take possession the first of April. Mr. Veit has worked up a good business at Eddyville and Mr. Vader, who is an old hand at the business, will undoubtedly continue the success of the establishment.

Rock Creek—Our school was closed last week on account of the teacher and several pupils being sick with whooping cough.

Bay View—Mr. and Mrs. Titus left for their home in Beaverton this week we hated to see them go.

Bay View—Dan Hendrickson has gone on the Government trail with Ranger Durbin this week.

Elk City—Van Orsen & Son have the new school house about completed. Mr. Frank Baker has taken charge of the Alaska House.

Kornville—George Wood, our postmaster and the cannery foreman, gave his friends a grand ball and fine supper on March the 18th. All report a good time. Mr. Hornstreet ran his launch carrying passengers to and from the ball.

Elk City—Several thousand acres of land has changed hands in this vicinity within the last two months.

### TWENTY-TWO YEARS AGO

Foreman Gannon suffered from an attack of pneumonia Saturday but soon got the best of it.

Dr. Tatum arrived Monday evening and went to repair work next day. As a D. D. S. he's all right.

Our regular trains have been hauling some very large loads recently. Some five or six steamer loads of wheat from the Willamette are being shipped to "Frisco" over this line by the steamer *Weast*.

Last week we reported the departure of John Nye for Los Angeles, California, where he intended to remain a year. Monday's train brought him back, he not being physically able to make the trip.

Last Friday's train did not arrive here till the wee sma' hours of the night. Cause—too much wheat.

### AT THE MOVIES

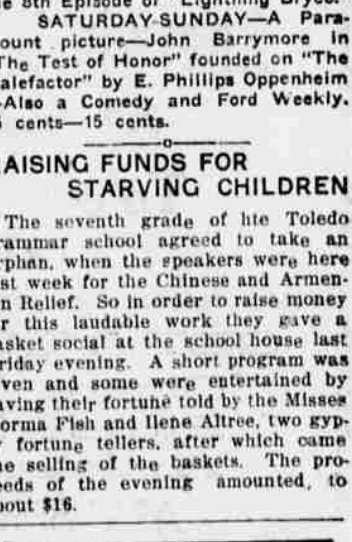

TONIGHT—A Drama-Comedy and the 8th Episode of "Lightning Bryce."

SATURDAY-SUNDAY—A Paramount picture—John Barrymore in "The Test of Honor" founded on "The Malefactor" by E. Phillips Oppenheim.—Also a Comedy and Ford Weekly. 35 cents—15 cents.

### RAISING FUNDS FOR STARVING CHILDREN

The seventh grade of hie Toledo grammar school agreed to take an orphan, when the speakers were here last week for the Chinese and Armenian Relief. So in order to raise money for this laudable work they gave a basket social at the school house last Friday evening. A short program was given and some were entertained by having their fortune told by the Misses Norma Fish and Hene Altree, two gypsy fortune tellers, after which came the selling of the baskets. The proceeds of the evening amounted, to about \$16.
