

Lincoln County Leader.

VOLUME 29

TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, APRIL 29th, 1921.

NUMBER 10

SILETZ

The Siletz delegation of teachers that attended the Institute at Newport have returned and report as having a most excellent time. Some 95 teachers attended the institute and when we consider the condition of the roads this is a most excellent showing. The daily programs were interesting from beginning to end. Some of the leading educators of the state were present. State Superintendent Churchill, Prof. Ressler, of the O. A. C., Yamhill County Superintendent Duncan, and Benton County Superintendent Cannon. Superintendent Goin had secured the attendance of these prominent educators which added greatly to the interest and success of the institute. Superintendent Churchill is widely known as one of the greatest educators of the state and professors Duncan and Ressler are both live wires and prominent as educators. Lincoln is the first county to hold an annual institute this year and the first to organize a county subdivision of the Oregon State Teachers' Association, the first constitution of such an organization in the state being adapted from the report of a committee consisting of C. H. Early, S. Letz, W. A. Cox of Toledo and D. Chesley Jones of Rose Lodge. By many of the teachers of Lincoln County being members of the O. S. T. A. and the county subdivision they will be able to do much better work in solving the educational problems of Lincoln county. The Siletz delegation of teachers were all guests at Hotel Gilmore and speak of the royal entertainment and splendid time they had not only at the hotel but in their strolls on the beach looking for agates and listening to the roar of the great waves as they rolled in and broke upon the rock bound shores. One never grows tired of listening and looking at kaleidoscopic changes of color. It is wonderful. The teachers all enjoyed it. They still would have had a better time had it not rained. It was voted to hold the next annual institute at Newport—a favorite place to hold public meetings. The teachers are all good roads enthusiasts and if they are going to teach again in Lincoln county they must have better roads to get around and of course you can't blame them for this. However the people of Lincoln county are going to build good roads and don't you forget it. Already the roads in the county are much better than they used to be and with the state aid we are going to continue the good work until we get good roads.

The Siletz Valley Grange No. 558 held a very interesting meeting Friday, their regular day for meeting. Chicken dinner was served which all fully enjoyed and in the afternoon session some important business was transacted, such as government ownership of railroads and other utilities. This question was up to be voted on but it was turned down almost unanimously. It was also voted to sustain the National Grange turning down any new organizations gotten up by some disgruntled fellow who wants to make trouble. The following message was prepared by a special committee: "Siletz Valley Grange, No. 558. At a regular meeting of the Siletz Valley Grange, No. 558, held April 22, 1921, a committee was appointed to send a message of sympathy and condolence upon the death of Mrs. Agnes Roberts to Mr. and Mrs. A. L. Crawford, Mr. and Mrs. Guy Keller and Mr. James Roberts. Mrs. Roberts was a member of this Grange and was highly esteemed and respected by all its members and it was with sorrow that we heard of her untimely death. May kind Providence sustain you in this great loss. Committee, Franklin M. Carter, Myrtle L. Larsen, Mrs. G. O.

Olin, Siletz, Oregon, April 23, 1921. Mr. and Mrs. Chandler have returned from a trip to McMinnville. They went out in their car but could not bring it back on account of the bad roads. The car was left at Corvallis. Mrs. Grant King returned last evening from a flying trip to Portland. Mrs. King says it rains more in Portland. Being under the shadow of Mt. Hood that great mountain acts as a condenser and keeps the city pretty well sprinkled with an Oregon mist most of the year.

HARLAN

Mrs. P. H. Martin, Mrs. Frank Allison, Miss Owenby and Miss Leech attended Institute at Newport. B. F. Grant is laid up with a knee that is sprained. N. L. Grant's gave a big chicken dinner Sunday for all of the Grant family those present were, Mrs. B. F. Grant, Mr. and Mrs. W. Grant and daughters, Mr. and Mrs. R. E. Grant and daughters, B. O. Young and wife, Mr. and Mrs. Clifford McDonald and daughter, Mr. and Mrs. Alva Moore, John Fiegles, Winston and Jack Grant. Several people have lost a number of goats in this neighborhood. The bad weather is hard on sheared goats. There will be a baseball meeting at Harlan Sunday May 1st—come all of you baseball fans. Lee Lang went to Siletz last week. Mr. Riche, our new postmaster, has taken possession and hands out mail like an old experienced hand. Mr. and Mrs. Max Towne and family are moving to the Valley as soon as the weather settles. Charles Gator and family visited Towne's Sunday. Mr. Riche's son and family of Portland have been visiting him. Jesse Johnston left for Spokane Saturday after spending two weeks with his sister, Mrs. E. F. Norwood.

WALDPART

The Schooner Roamer came into port Wednesday with a full cargo of general merchandise. The Columbia Dairy Products has begun the erection of a creamery building. Many of our local people have stock in the creamery and its success will be a gain for this locality—it should be patronized by all. The crew of road workers on the road six miles up the river is progressing well with the work. The public is elated over the prospects of the proposition offered by the State Highway Commission to go 19-40 with Lincoln County in road work. The petition to place the bonding question on the June ballot is being signed. "Curry" Hendricks has the contract to put in the foundation for the Columbia Creamery. He has a crew of men at work and it will soon be ready for the carpenters.

KERVILLE

We are having plenty of rain in Kerville the last week. Harry Clement left last Sunday eve on the Schooner Mirene, on a business trip to Corvallis. Mr. Mills of the Agency is installing an engine in Buzz Noon's new yacht, the Catty. Buzz says free rides for summer tourist girls. Tom McNally will soon have his new launch ready for launching, it is named the Galloping Goose. Bill Gertula, Jesse Bosler and Bernard Finkle made a business trip to Taft Saturday. The Siletz River Millitia passed thru Kerville enroute to Newport Monday morning. From what we could see of them when they were half way across the tramway they must have been pretty heavily loaded, for one of their number's legs were pretty badly bowed. Miss Verna Wisniewski spent Sunday with Mrs. Clement. Miss Steve Rydzewski called on Mrs. Bosler Wednesday. We understand that Walter Bones has taken a contract to clear 1 1/2 acres of ground for the Drift Creek School. Contract taken for \$600.00. Bosler, Finkle and Co., are held up on account of rain in getting out their piano leg bolts. Mrs. Wm. Scott and son, George, were visitors in Kerville Monday. Died at the home of Henry Koskella Thursday morning, April 21st, their three weeks old baby.

Spence, the Stute Master will be with us at that time. Henry Hexum who has been away for a few days returned home Friday. Fred Wimmack is again at home. He decided after a few days at Valley points the Yaquina Bay country was good enough for him. C. L. Morrison was at Pioneer between trains Monday. R. W. Stow, the moss man, arrived from Los Angeles, California, Saturday for an extended visit with M. W. Small and family. C. L. Morrison and wife were Toledo visitors Tuesday. Barnett Howard visited Toledo on Tuesday. Henry Howell went to Toledo Tuesday. Frank Allison of Harlan broke his leg Wednesday. Doctor Logan of Philomath is attending him. Hill Top Brown's (of Salado) little daughter is quite ill.

FRUITVALE

Here we are again. That faint thimble we have been hearing for quite a time culminated in a big wedding bell which rang for two of our well known young people last Saturday, when Otto Nye and Miss Delphia Moffitt of this place were married in Newport. As a community we join in hearty congratulations and best wishes. There were but two days of school the past week as Miss Bradbury was attending the three days of Institute in Newport. Mrs. York and children of Newport were home on the farm during the Institute vacation. Chester Paulson attending school at Corvallis enjoyed the week-end with his mother and home folks. Mr. Paulson, employed at Albany joined them on Sunday. Sunday night, the 24th, somewhere close about midnight was the scene of a rather noisy reception at Andrew Nye's house held in honor of the new bride and groom, Mr. and Mrs. Otto Nye, who were there and after a due amount of such welcome, the crowd was invited in and entertained and treated to lunch. We all know Ott has been a good trapper for some years but this is the first real catch he ever made worth while. Mr. and Mrs. Ed. Kelso and family who have been living in Toledo the past winter are now at L. Moffitt's and will soon go to their own home. We are glad to welcome them again.

DEVILS LAKE

The weather stayed good long enough for the farmers to get most of their crops in. But certainly it is raining now and doing good for the crops. Jack Von, after being in California for several months, was seen in the vicinity of the Lake Tuesday. F. S. Murray made a trip up Rose Lodge way on Wednesday after a fellow in that vicinity who was disorderly. Noble Felix left for McMinnville Thursday taking Ray Lovell with him who is going to Portland after being here all winter. J. A. Dick has his milking machine in full swing now and cordially in-

vises any and all persons who think the mechanical milker is a failure—come and look it over. Jack Logan left for Siletz last week where he intends to buy some milk cows. At present the Logan boys are milking 13 head and intend to increase their herd this summer. School teacher Della Blomberg of the north end school, left for Newport Tuesday where she attends teachers institute. On Sunday a small crowd gathered at the school house and as usual singing was the pastime. Mr. Muir who had taken his wife outside has returned to his place. Mr. Muir informs us his intentions are to trade his farm for some town property in Newberg. We regret very much to see him leave as he is a good neighbor and has been in the county for past twenty years. Mr. Olson, our homesteader, left for Portland for several days.

NASHVILLE

Miss George Stephens who has been visiting at the home of her niece has returned to Portland. Little Miss Mary Hamar spent the week end with her grandparents at Nortons. Mrs. W. H. Martin was a Newport visitor over the week end. Mr. Hofer, newspaperman and author of Salem, was a Newport to Salem passenger on Tuesday's train. Miss McCauley, who came here from Toledo some time ago, has returned to that city to make her home. Miss Mary Davis has returned to Portland. Mrs. N. Nash spent a few days the latter part of the week with Nashville friends. Dave Lister returned from Hood River the first of the week. He reports Mrs. Lister and the new daughter as getting along nicely and will return soon. L. D. Nash was a Nashville visitor Tuesday. Mrs. Thompson returned Tuesday to her home near Silverton, after spending a few weeks with her daughter here. Mr. Farrand was a Corvallis visitor Saturday and Sunday.

TOLEDO HIGH SCHOOL

The cast for our annual play has been chosen, and a great deal of energetic practice is now in progress. "Hibee of Harvard" is the title of the play and it is predicted to be the best yet. The proceeds of the play will go toward publishing our annual "Blue and Gold." Toledo High School was represented at the Teachers' Institute in Newport last Thursday afternoon by three young ladies. Ruth Cozine sang, Edith Young delivered a plianology, and Thelma Fowler gave a reading. "Hand in Something" is the slogan about the H. S. The Chief Editor and her staff are busy preparing the material for the annual, and a great deal of time is being devoted to "writing up" H. S. activities. The members of the Q. C. Club took advantage of the few days vacation last week and made a camping trip to Newport. A glorious time was enjoyed by all, but as yet no casualties have been reported. The Seniors are all looking forward to Commencement. Four of the class have been chosen to deliver orations and under the supervision of the English department very careful work is being prepared. Arrangements are also being made for a Commencement Day program. Just watch and see which class will pay for their orphan first!

SILETZ SCHOOL

Those who attended the County Institute at Newport were able to find themselves arriving at Siletz again on Saturday afternoon. The delegation of eleven all seemed to have derived benefit and enjoyed the trip immensely, even to the bumping good ride into Siletz, so on Monday morning all school rooms were again in session, the High School at least, having full attendance. Some pupils have observed that while our continued spring rains badly interfere with practice of baseball and track they are good for the school garden, and nearly all have been seen inspecting their rows—some applying the hoe to the rows just coming up. On Saturday evening we are looking forward to the lecture by Professor Horner. This was postponed some little time ago, but the Community Club is now making plans to expect the entire community to be present. Recently at a general assembly of the school much interest was shown by all in the Near East Relief work. Each of the teachers and several of the pupils took part in the instruction, and we feel that of first importance is the development of an intelligent and sympathetic understanding of the great needs of these, our many un-

fortunate neighbors. The High School is beginning to look forward to Commencement season, and plans are coming into more definite form for the work yet to be completed and the calendar of events for the remaining weeks. A recent rehearsal of the High School play shows much keen interest, and it is hoped to present this for the public by the middle of May. Some of our Senior class as well as several of the teachers, are planning to attend summer school at the O. N. S. or the U. of O.

ANDREWS-STANTON

Mr. George Andrews and Miss Edna Stanton, both of this city, were united in marriage last Saturday evening, April 23, at the Christian Church at Corvallis. The groom is the youngest son of Wm. Andrews of this city. He is a graduate of Toledo High School, Class of 1919. He spent a year at the O. A. C. and since that time has been employed by the Roberts Lumber Co. He is an industrious and popular young fellow and while at High School took a keen interest in athletics, being a member of the football, basketball and baseball teams. Miss Stanton is the youngest daughter of Mr. and Mrs. Fred Stanton and was born and raised here at Toledo. She is a popular and accomplished young lady. Mr. and Mrs. Andrews arrived home Tuesday evening and are at home as the Andrews residence on the hill, which they have rented. The Leader joins with their many friends in wishing them a happy and prosperous married life.

TEA, COFFEE, SANDWICHES & CANDY

The Ladies of the Civic Improvement Club will serve tea in the Rest Room, Saturday afternoon, April 30th, tomorrow.

SCHOOL ENTERTAINMENT

The entertainment given by the Second and Fifth grades of the Toledo schools at the Movie Theatre Wednesday evening drew a packed house. The numbers consisted of a clown drill, Little Miss Muffet, and Pandora's Box. The children acted out their parts fine, and everything passed off smoothly, the acting of the little ones provoking much mirth. After the school numbers a five reel drama, "Mrs. Wiggs of the Cabbage Patch," was shown. The money raised will be used to purchase apparatus for the school playground.

COMMITTED TO HOME FOR FEEBLE MINDED

Alfred West of Devils Lake was examined here Tuesday as to his sanity, and was ordered committed to the home for the feeble minded at Salem. Young West, who is only thirteen years old, has been causing much disturbance in his home neighborhood. He is accused of having shot a beef critter belonging to a neighbor, and of having tampered with traps set by trappers in that locality. When the officers went to his home after him he offered armed resistance. He is large for his age being nearly six feet in height.

WOULDN'T THAT JAR YOU

Or perhaps we should say, "Didn't it jar you?" Last Saturday evening at about 9:30 o'clock Toledo was violently jarred by a loud blast or explosion, and to date we have been unable to find anyone who knows the cause thereof. It was a humdinger of a racket and sure made the windows rattle.

SUIT TO RECOVER LAND

Mrs. Lavina Morris, Indian, was in Toledo the first of the week and filed a suit against one Chas. Norwick for the recovery of a ninety acre farm near Taft. The farm is one of the finest in that section and lies on the shores of Devils Lake. Mrs. Morris says that she deeded the land to Norwick with the understanding that he was to marry her. That after living together for several years that Norwick has failed to carry out his promise, therefore she is suing for the recovery of the land. Norwick claims that he bought and paid for the land.

Some places they hire a rainmaker and pay him \$5000 for making it rain. We know several people who would gladly pay more than that to anyone who would make it quit.
