

Lincoln County Leader.

VOLUME 29

TOLEDO, LINCOLN COUNTY, OREGON, FRIDAY, JULY 15th, 1921.

NUMBER 21

SILETZ

Died at the home of Joe Kosydar, July 9th, 1921, John Post, aged 61 years. The funeral services were held at River Side Cemetery, conducted by Father Vollebregt of Newport. Mr. Post was stricken with pneumonia and only lived about seven days. He is survived by one brother and four daughters, three of them live in the east and one in Portland, Oregon. He was asked a short time before he died if he wanted to see any of his children or other relatives and with a wave of his hand said no. Mrs. Post has been dead for a good many years. And Mr. Post since the death of his wife had traveled a good deal about the country. He had some land at Siletz and expected to make this his home but it was ordered otherwise and he passed away as above stated. None of his children or relatives were present at the funeral, which is the uncertainty of life. We do not know when the end will come. "So live, that when thy summons comes to join the innumerable caravan which moves, to that mysterious realm, where each shall take his chamber in the silent halls of death. Thou go not, like the quarry slave at night, scourged to his dungeon, but sustained and soothed, by an unfaltering trust, approach thy grave, like one, who wraps the drapery of his couch about him, and lies down to pleasant dreams."

Mr. and Mrs. Lowery, from Seattle, father and mother of Mrs. Charles Larsen, our Agency Clerk, were on a visit to Siletz during the Fourth of July. They attended the celebration at Newport with their daughter and son-in-law. They enjoyed their trip to Newport and thought it was, naturally the finest seaside resort in Oregon. With the ocean and bay coming together, the fine clear beaches and the green mountains rising one above the other till they seem to almost touch the sky—makes a most beautiful setting as a back ground to Newport unsurpassed in its beauty and grandeur. Mr. and Mrs. Lowery were delighted with their visit to Siletz and the seashore and have returned to their home at Seattle. Mrs. Larsen accompanying them.

Sunday was a big day for Siletz. Some 25 or 30 autos came to Siletz from Newport, Toledo and other points to have an outing along the siletz river, fishing, picnicking and gathering the wild black berry. This is the finest flavoured and best black berry that grows and the logan berry is next. From Mowery's Landing to the gorge at the Upper Farm is about 30 miles along the river as the road runs. Along the river there are eddies and riffles where the festive trout may be caught. What fun and pleasure to be in the wild woods, to breathe the fragrant air laden with the aroma and balsam of ten thousand trees that gives life, health and vigor to all who breathe it.

The road from here to Toledo and Newport is in fine condition and it is a pleasure to travel them. The men who have charge of the road work are getting on fine. Where you have good men on the public works stay with them. It don't pay to be chasing men all the time. One trained man that knows how to work his job is worth four that don't know. That tough piece of road between Eucher Mountain and Stimples landing will be fixed this summer. All along the river are gravel beds that can be easily gotten to by putting gravel on the road and it is handy for the trucks to haul it to the road. The men who are doing this work are trained now and let them handle it.

The hay and oat crops are heavy this year and every body will have plenty of feed.

Jim Franks is putting up a nice bungalow, and Frank Wade is building a brick flue in his new house, and then he will be ready to move in. Mr. Moeck is doing the work. Watch Siletz grow.

SOUTH BEACH

Mrs. Hoffman left on the noon boat Sunday for Astoria to visit her daughter, Mrs. Peterson.

Mrs. Joe Ewing and her daughter, Margaret, went to Newport Monday.

D. S. Conrad of Toledo came down Sunday morning after his cow and calf and took them to Toledo.

Mrs. Sells of Waldport passed thru South Beach Saturday on her way to Newport to have some dental work done. Mrs. Sells expects to move to Alberta Canada in the near future.

Mercene Felton returned home from West Yaquina where he has been helping his brother-in-law, Mr. Pruner, for a few days.

FRUITVALE

Our section was not represented last week owing to an overdose of the Glorious Fourth.

Mr. and Mrs. Flint Baker and children of Vancouver, Wash., are spending a couple of weeks' with his brother, Charles and wife.

Ott Nye has been suffering with another boil making a total of some 25 in all. We think it's a sign of meanness. Ott will surely be pretty good now.

Nearly all the farmers in this part of Lincoln County are busy making hay and appreciate the fine haying weather.

Chet Paulson is working for the Jones confectionery in Newport.

Mrs. L. T. Stephenson has been confined to her bed several days with an attack of neuritis, but is better, owing

to Dr. Bell's prescription. Mr. and Mrs. Frank Nye of Corvallis were callers at his brother's, Andrew Nye, the evening of the 3rd.

GLEN

Everyone is busy harvesting in this vicinity.

Nearly every man and dog in this neighborhood turned out on a big bear hunt Monday. The bears are doing lots of damage among the goats and an effort is being made to clean them out.

Mr. and Mrs. John Davenport and children and Misses Rosa and Alice Davenport went to the Valley last Friday to pick berries, and while there will also visit relatives.

J. K. Wheeler came in from Albany last week for harvesting.

Mr. and Mrs. W. R. Moore were both quite ill the first of the week.

R. Moore narrowly escaped a serious accident as he was returning to McMinnville last week. He collided with another car on a grade near Harlan. Fortunately no one was hurt and few damages done to the car.

W. E. Walkens went to Toledo on Tuesday.

NASHVILLE

Mr. Webb came in from Falls City Friday, where he spent the Fourth with his family. Mr. Webb is with the Biglow-Doane people.

Mr. Darrett, S. P. pumpman from Albany, was in Nashville on business Friday and Saturday.

Mr. Tellefson of Albany, was here the first of the week for a brief visit with his son and family.

Mr. Farrand came in from a business trip to Corvallis Sunday.

Among those who went down to Norton's for the ball game Sunday, were Mr. and Mrs. Hinshaw, Mr. and Mrs. A. F. Englin, Mr. and Mrs. June Edwards and children, Mr. and Mrs. Ben Hogvohl, Mrs. Billy Cochell, Everett Fish and children, Mr. and Mrs. J. O. Davis, Mrs. Crowley, Misses Margaret Ryan, Beth Rall, Mary and Goldie Davis, Abe and Riley Stevens, George Prary, Mr. Mille, Phil and Frank Rall, Vern Martin, Arthur, Art Barnes, Roy Hamar and Rod Nash.

Mrs. Hinshaw, who is spending the summer with her children here, left the latter part of last week for a short stay in the Valley.

The Biglow-Doane mill started work again Tuesday. They closed down a few days before the Fourth.

Mr. Farrand went to Toledo Tuesday.

Mr. Wheeler and family of Albany are visiting with Mrs. Wheeler's brother and family, the Billy Cochell's. Mrs. Ada Birch has been visiting her daughter, Mrs. Goose, at the Biglow-Doane mill.

Mr. Krabill went out to Albany Tuesday.

Mrs. Pettit and Mrs. Al Gregory were down from Summit Tuesday visiting at the Winkler home. Mrs. Gregory's sons, Louie and Tommy, Winkler accompanied her home for a short visit.

Mrs. Faith Nash and Mrs. Gifford Nash were up Summit way Tuesday.

Darwin Nash drove out from the ranch Wednesday to meet Miss Dorothy Nash who is here for her vacation.

County Assessor Stocker came in Wednesday and spent the latter part of the week in this end of the county.

Ben Hogvohl has opened a meat market in connection with Stanton Co.'s store, and intends to keep, beef, lamb, pork and fish on hand as the trade demands.

Mrs. Thelma Hamar of Portland and Miss Mary Hamar of Nashville are visiting their grandfather, Charley Hamar, north of town.

Arthur England rode out from Rose Lodge Sunday for a day's visit at the Farrand home.

COUNTY FAIR BOARD APPOINTED

At the July meeting of the Lincoln County Court the following members were named on the fair board: Peter Frederick, Toledo; James Franks, Siletz; Chauncey Hawkins, Newport; R. P. Goin, Toledo; the former county fair board members, S. W. Scoville, president, E. S. Lister, secretary, and J. E. Cooter, treasurer, having handed in their resignations. As yet the new fair board has not met and organized, but it is expected that a meeting will be held very shortly and special plans laid for a fair this year.

The prospects for a good fair this year are particularly enhanced by the fact that the Farm Bureau, and particularly the Jersey Cattle Club, have taken special interest in seeing the project put across. The Jersey Cattle Club have taken it upon themselves to see to it that a satisfactory barn for housing the livestock is rebuilt upon the fair ground, the former structure used last year having been torn down.

Mr. Hulbert, president of the Jersey Cattle Club, circulated a petition in Toledo the first of the week and secured donations amounting to better than a hundred dollars and a large quantity of labor to aid construction of this barn. Mr. Hulbert states that when the club has secured sufficient money and lumber to provide for this barn they expect to call a big meeting of all those interested, have a big barn raising and a big dinner. This assistance in the matter of building a stock barn will be a big help to the newly organized Jersey Cattle Club.

ROAD ROCKING WILL START SOON

A. D. Kerns, who has the contract for rocking the Toledo-Newport section of the Corvallis-Newport Highway is making arrangements to get the rock for this work at Agate Beach. A crusher will be installed and the rock hauled over the North Spruce X. R. to Newport where it will be dumped in bunkers. It will be taken out of the bunkers and put on the road with trucks. We understand that they expect to complete the job in two months. The crusher and bunkers are now being built, and a spur extended from the railroad to the site of the crusher.

PLAYS OF THE WEEK AT THE MIDWAY, NEWPORT

Friday-Saturday, July 15-16

The first big gun of the season is fired in "THE LAST OF THE MOHICANS"—the greatest Indian picture ever produced.

We are putting on the picture with special Indian music prepared for it and played by Wayne Allen, pianist and Delbert Moore, violinist.

It's one of the biggest things of the season. Come on Saturday, prepared to remain over Sunday and also see Fatty Arbuckle in a 5 reel feature—"THE ROUND-UP" and a Tom Mix short feature.

Our musicians will be with us for the season.—(Adv.)

Full line of graniteware at Colvin's.

BIDS FOR GRADING

Bids for the grading of the Toledo-Chitwood section of the Corvallis-Newport highway will be opened at the July 28th meeting of the State Highway Commission. This section covers a distance of 10.6 miles and is the last job of grading on this road with the exception of the Hayes Creek grade between Chitwood and Eddyville.

We are very glad to learn that Rev. Cain expects to move his family here the first of August.

(19)—For sale at 50 cents on the dollar. My beautiful 9-room bungalow and 1/2 acre of ground at Siletz. Large wood-shed and garage. All kinds of bearing fruit trees and berries. Hundreds of dahlias, roses and all kinds of shrubs and shade trees, etc. This was built for a permanent home, and each and every foot of lumber used was carefully selected by myself and consisted of No. 1 clear yellow fir without a knot or knothole in the entire building. The building is insured for \$2,500.00 and is valued at \$5,000. The ground is worth \$2,000.00 at least. If sold within the next 30 days I will let it all go for only a few dollars more than the place is insured for, and give some terms. No trades. See my agent, Ira Wade, at Toledo, or call on the owner at Siletz, Ore. M. S. Collins.

GET ACQUAINTED WITH THE YACHTS PEOPLE

The Yachats Community Farm Bureau people are making things more livable for themselves in their own community and have, indeed, found out that their own neighbors are much better people than they thought they were, but they are not satisfied with increasing the sociability and making life more worth while in their own community and among themselves, but they want to meet the farmers from other parts of Lincoln County.

They are also fortunate in having available at the mouth of their little river valley one of the finest little recreation spots on the Pacific Coast, and again, they are not selfish, they are willing to share the charms of the yachats with the other farmers of Lincoln County and of the state; consequently, they have scheduled a big, two-day picnic to be held at the Yachats on July 29th and 30th.

On these two days they are going to do everything possible to add to the pleasure of their visiting farmers and friends. They expect to personally conduct clamming and crabbing excursions, teach the amateur how to catch the wily clam and find the hiding crab. If you are not already in the habit, they will wake you up early in order that you may see a most wonderful sunrise from the cape. During the middle of the day they will teach you where to find the best fish-bait and where to catch the best fish. They expect to conduct special games, stunts, and to safeguard the bath in the surf, and are arranging special and worthwhile agricultural programs. They expect to have Governor Olcott, President W. J. Kerr, of the Oregon Agricultural College, President McNeil, of the State Farm Bureau, and a large number of other notable persons and big men of the state, who are interested in our agricultural development, present for special addresses.

Big dinners are arranged for both days. On July 30th, they have arranged for a monster, old-fashioned clam-bake. Of an evening, big bonfires on the beach, with special stunts—games and musical programs are being arranged.

The Lincoln County American Legion will be there in a body, and it is hoped that the Coast Artillery band will be there also.

One of the very special features of the program will be a wonderful little folk dance by some of our little Lincoln County girls, whom we will picture for you dancing on the rocks in front of the mammoth, colored bonfires, before a big audience seated on the sands, while at the same time the huge breakers will be crashing against the rocks nearby.

We could tell you a lot about the fine things being arranged, but that would spoil it. The Yachats community people are arranging for your enjoyment, two big days of joyous surprises and wonderment. They are going to have a wonderfully good time arranged for this picnic and are going to be mighty glad to meet you. They expect to make this a regular annual affair. They alone are not interested in it, all Lincoln County is, for we anticipate that, with the publicity campaign as being arranged in connection with this event, not only will Lincoln County people be there, but people from all over the state.

You need the rest—Yachats has it best. July 29th and 30th.

Men's dress pants at Colvin's.

ANNOUNCEMENT

Dr. L. Hoyt Brown will return to Toledo next week and open his dental office in the First National Bank Building.

CARD OF THANKS

We wish to thank the many friends who so kindly assisted us during the sickness and death of our beloved son and brother; also for the many beautiful flowers.

W. N. Cook and Family.

A LITTLE SURPRISE

A farmer wore his old suit until everyone was tired of it, and his estimable wife was ashamed of him. But one day when selling produce in town he determined to buy a new suit and a happy thought struck him. He would surprise Eliza. So he hurried a new suit into the wagon, hurried toward home and at the bridge he coiled up in the wagon, "peeled off" the despised old suit and threw it into the river. Then he reached for his new clothes.

They were gone—had floated out of the wagon.

The night was dark and cold and his teeth chattered as he scurried home.

And he sure did surprise Eliza.—Ex.

TWO OF A KIND

"How's your cold, Donald?"
"Very obstinate."
"And how's your wife?"
"About the same."—London Mail.

Wife: "Do you know, you are growing handsome, hubby?"
Husband: "Yes; it's a way I have when it gets anywhere near your birthday."

She: "I'll never go anywhere again with you as long as I live."
He: "Why?"
She: "You asked Mrs. Smith whether her husband was standing the heat, and he's been dead two months."

WILL YOU TRADE COWS FOR ALFALFA HAY?

Here in Lincoln County many farmers have more cows than hay, up in the alfalfa sections of Eastern Oregon, the farmers there have more hay than cows. What a wonderful chance for cooperation. The matter was mentioned to the county agent in one of the Eastern Oregon counties, he at once broached the subject to his farmers, and has now assembled a trade of hay for half a carload of grade Jerseys. Young stuff is preferred.

If you have any cattle, whether milk stuff or beef stuff, that you would be willing to trade for hay, provided you got a satisfactory price for your cattle and got the hay at a reasonable market price, drop a note at once to the county agent's office, indicating the type and value of your cattle and from what point they could be conveniently shipped. It is expected that the first carload will be made up very shortly.

ALLEN CHOPS FINGER

O. B. Allen, while splitting wood for Guy Roberts, Saturday afternoon, severed the bone in the second finger of his left hand near the third joint. Mr. Allen was splitting wood with a long handled axe, holding the wood with his left hand and throwing the split wood behind him. The handle of the axe struck some of the wood which he had thrown back, causing the blow of the axe to go wild, gashing his finger clear through, leaving but a narrow strip of skin and part of one tendon uncut. Dr. Burgess dressed the injured digit, taking nine stitches—five on the top and four on the underside of the cut.

The injured member is getting along nicely at this writing, but at first was very painful.

Mr. Allen said he lacked just a few sticks of wood from having the job complete when the accident happened.

TWENTY-TWO YEARS AGO

Items taken from the files of the Leader of July 14th, 1899.

The court house now begins to assume proportions which the eye of visitors can see. The foundation is laid and a portion of the frame raised. Mr. Heckart has but a few men as yet, but when the material is all on the ground he will doubtless push things along more rapidly. In the meantime our readers will be glad to note the fact that no time will be lost, but every thing is being finished as fast as circumstances will permit.

Frank Carson has bought the old blacksmith shop and put in a neat stock of repair material for the benefit of those in need.

The Altree shingle mill has been placed in position and is slicing out No. 1 cedar shingles at an astonishing rate. Teams are now hauling them out from Drift Creek to fill several orders taken before the machinery arrived.

Al Waugh's building is enclosed and workmen are pushing it to completion as rapidly as possible under the direction of Rite Derrick, who allows no grass to grow where he oversees.

ELEVEN YEARS AGO

The Ross moving picture theatre opened for business last Saturday evening. The house was packed to the limit for several hours and good crowds have been attending every show during the week. Our people appreciate a good show. It has been named the "Dime" the price of admission.

T. P. Flash this week received a 16-foot Mullens steel boat equipped with a three horse power engine.

Last Saturday Zeb Blower of Mill 4 killed a large black bear which had been making raids on their sheep.

Toledo is now enjoying four daily mails. The new service went into effect the first of the week. The morning and evening trains carry the mails but the midday trains carry only through mails to and from the Valley. We now get our Portland and Eastern mail at noon.

SILETZ CHEESE FACTORY STARTS OPERATIONS

After a long period of idleness, the Siletz Cheese Factory again began operations on July 13th. During the war period, the opening of the factory had at times been proposed, but difficulty was encountered in securing a cheese maker.

A thorough canvass of the adjacent territory by Mr. Larsen, Mr. Mowery and the County Agent revealed the fact that there was an abundant quantity of milk available for the factory. After looking the entire state over a very capable cheese maker in the person of Rudolph Ruprecht was found right at home. Mr. Ruprecht was at once engaged.

It is expected that the factory can be operated at least for a period of four months on a volume of from three to four thousand pounds of milk daily. It is indeed, a source of satisfaction to local people to see the Siletz Cheese Factory again in operation. The Siletz Valley should be producing from fifteen to twenty thousand pounds of milk for cheese manufactured daily, and there is no one factor that will aid in the accomplishment of this fact as quickly as the actual operation of the Siletz plant.

While the operation of the factory and the making of the cheese is an important matter and requires the hearty cooperation of the patrons of the factory, every other man and woman in Lincoln County bears an important relationship pointing toward the success of this operation, and that is, the cheese produced by this factory and the other factories of the county must be sold. Consequently every person in the county should eat Lincoln County Cheese. Insist that your merchant carry Lincoln County cheese. Insist that the quality of Lincoln County cheese be the very best.

Heretofore cheese has been used by Lincoln County people more as a luxury than as an everyday food product, yet at the same time it is much cheaper when the food value is considered than other foods that we eat daily, for instance, we pay 25 cents a pound for beefsteak and 25 cents a pound for cheese, at retail, but comparing the food value, we find that one pound of cheese is equal to 2 1/2 pounds of beefsteak; in a similar way, one pound of cheese is equal to 6.45 pounds of chicken, 1 1/2 pounds of ham, 7 pounds of codfish, 25 eggs, 3.13 pounds of beans, 8 pounds of peas, 19 2/3 pounds of tomatoes.

If you are interested in making a success of the Siletz Cheese Factory, the Rose Lodge Factory, the Devils Lake Factory, the Otis Factory, other cheese factories in and about the mouth of the Siletz River—if you are interested in seeing more cheese factories established in the county, help out the marketing of this cheese by using it yourself and urging others to do likewise. What would be a finer present to send one of your friends any place in the United States, or even abroad, than a fine Lincoln County Young America cheese. It can be shipped by parcels post anywhere. Write your friends asking them to buy their cheese in Lincoln County.

You can purchase a slice or a whole cheese from your merchant, or you may get it in case lots or less from the factory, or if you prefer, send your order to the county agent's office, and he will see that you get your cheese.

Eat Lincoln County Cheese.

A LESSON IN CHILD CULTURE

A negro laundress had four boys who were so polite and well-behaved that they excited the interest and admiration of one of her patrons.

"Mandy," said the mistress one day "how did you manage to raise obedient boys to be so mannerly and obedient?"

"Well, 'Ah!' tell your missus," replied Mandy, thoughtfully. "Ah raised 'em boys wid a bar'l stave, and Ah raised 'em frequent."
