I AM AN AMERICAN

I am an American. God willing I will carve out my future with these two hands and this brain. I will stand on my own feet and I will win success for myself and my own. If I should fall, or fall behind my fellows in the race of life, the fault and discredit will be mine, no other. If I lose, I seek no alibi in the character of my environment, of the economic system or the kind of government. I harbor no class resentment; I carry no red flag of bitterness or sedition. I fight forward, whining not, independent, clear-eyed. I am an American.—Weaver Pagburn in Leslie's.

WHAT DO YOU THINK?

In the past there has been several "Ship by Truck" campaigns in the interest of trucking and automobile transportation companies, but the Leader is coming to believe more and more that merchants and shippers in general, should be encouraged to ship by rail, instead of by truck.

Just why we should pay trucking and transportation companies the same amount for hauling our freight, as we do the railroads, and then furnish them with expensive roads to run over, while the railroads are compelled to build their own and maintain them, has never been plain to us.

In times of bad weather we are glad enough to use the railroads as a convenience, but as soon as summer time comes we immediately turn to the auto-stage and truck companies. We desire that the railroads continue to serve us for our convenience, but we lend our aid and support to the motor transportation companies.

Then again the railroad company pays taxes and helps keep up the community, and in case of accident are responsible and can be held liable for damages.

If automobile companies want to haul our freight and passengers let them build their own roads, or at least they should charge enough less to enable us to pay the necessary taxes and bonds for the construction and maintenance of the expensive roadways.

BE CAREFUL AND SYSTEMATIC

People who pay their bills by check get a reputation for being CAREFUL and SYSTEMATIC in their business dealings. Such a reputation means much in the establishment of credit. It costs no more to pay your money out by check than it does to use the hard cash, and you have the advantage of having it in a place that is absolutely SAFE.

To have MONEY IN THE BANK is of itself a valuable asset in the establishment of credit. And it is possible to practically every one without one cent of cost. It takes no more money to do business by the checking method than it does by the cash-in-hand method.

We invite you to open a checking account with us. We will help you to make your account a real convenience.
