THE UNIVERSAL CAR

Mr. Eds. J. Ford, President of the Ford Motor Company, gives out the following statement:

TOURING CAR	\$415.00
RUNABOUT	370.00
COUPE	695.00
SEDAN	760.00
CHASSIS	345.00
TRUCK-CHASSIS	495.00
TRACTOR	625.00

"Another reduction has been made in the list price of all types of Ford cars and the Ford truck to take effect immediately. The list prices f. o. b. Detroit, are now as follows:

"The big reduction last fall were made in anticipation of low material costs which we are now getting the benefit of, and this fact together with increased manufacturing efficiency and the unprecedented demand for Ford cars, particularly during the past three months permitting maximum production, have made another price reduction possible immediately.

"Ford business for April and May 1921 was greater by 56,633 cars and trucks than for the same two months in 1920; in fact, the demand has been even greater than the supply, so that our output has been limited, not by unfilled orders but by manufacturing facilities.

"During May we produced 101,424 Ford cars and trucks for sale in the United States alone—the biggest month in the history of our company—and our factories and assembly plants are now working on a 4000 car daily schedule for June.

"The Fordson tractor is still being sold at less than the cost to produce on account of the recent big price reductions, and it is impossible, therefore, to make any further cut in the price of the tractor.

Can you afford to go without a car any longer when Fords are selling at these low prices? There is no reason now why you should delay purchasing a Ford car, Ford truck, or Fordson Tractor.

We will gladly advise you concerning the delivery of a Fordson tractor or the particular type of car in which you are interested. Just phone us or drop us a card.
