# Do You Realize

THAT FOUR FIFTHS OF THE FOOT TROUBLES ARE CAUSED FROM SHOES THAT DO NOT FIT THE FEET?

These troubles consist of Corns, Bunions, Callouses, Weak and Broken Down Arches

The two latter troubles sometimes cause a pressure on the Nerves of the Arch in such a manner as to cause aching backs and dull headaches and other various troubles

You can cure most of these troubles by getting a correct fit in: Shoes, but, sometimes an Arch Corrector or Adjuster is required

It is just as important to have a correct fit in a Corrector or Adjuster as in Shoes

I am not a Doctor, but I have made the study of Feet my profession for the last 15 years, and have fit thousands of Feet with Shoes, Correctors and Adjusters

I know that a large majority of people neglect to properly care for their Feet and also their Children's

Did you ever stop to think what work you required of your Feet?

S. E. NEWKIRK,  
Prop.  
Phone 2805

## THE UNIVERSAL CAR

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

- TOURING CAR .....\$415.00
- RUNABOUT .....370.00
- COUPE .....695.00
- SEDAN .....760.00
- CHASSIS .....345.00
- TRUCK-CHASSIS .....495.00
- TRACTOR .....625.00

"Another reduction has been made in the list price of all types of Ford cars and the Ford truck to take effect immediately. The list prices f. o. b. Detroit, are now as follows:

"The big reductions last fall were made in anticipation of low material costs which we are now getting the benefit of, and this fact together with increased manufacturing efficiency and the unprecedented demand for Ford cars, particularly during the past three months permitting maximum production, have made another price reduction possible immediately.

"Ford business for April and May 1921 was greater by 66,633 cars and trucks than for the same two months in 1920; in fact, the demand has been even greater than the supply, so that our output has been limited, not by unfilled orders but by manufacturing facilities.

"During May we produced 101,424 Ford cars and trucks for sale in the United States alone—the biggest month in the history of our company—and our factories and assembly plants are now working on a 4000 car daily schedule for June.

"The Fordson tractor is still being sold at less than the cost to produce on account of the recent big price reductions, and it is impossible, therefore, to make any further cut in the price of the tractor.

Can you afford to go without a car any longer when Fords are selling at these new low prices? There is no reason now why you should delay purchasing a Ford car, Ford truck, or Fordson tractor.

We will gladly advise you concerning the delivery of a Fordson tractor or the particular type of car in which you are interested. Just phone us or drop us a card.
