NUMBER 32

SILETZ

At a special meeting of the Community Club held at the public school building Friday, 23rd, the following officers were elected for the ensuing year: President, Charles E. Larson; Vice-President, Walter S. Hall; Secretary, Luena Treat; Treasurer, Mrs. E. Colvin; Sergeant-at-Arms, Jess Daniels. The Community Club cooperates with the school to promote the educational, commercial, social and athletic activities of the community and school. The membership is about forty of the young progressive students and wide awake people of the neighborhood.

In the absence of the District Superintendent, Rev. Walter Ross held the Fourth Quarterly Conference Monday evening, at the M. E. Church. The financial condition of the church being in fine condition. The pastor's salary and all claims were paid up in full. The church property is in fine condition. \$430 have been used this year in making improvements on the property. Four years ago when Mr. and Mrs. Ross came here and took up this work it was found to be at a very low ebb. The buildings were leaking, the paper on the parsonage torn and rotten, the fences were torn down, and everything was in a dilapidated condition, like a deserted home. Mr. and Mrs. Ross took up the work of improvement and with the help and public spirit of the community, the parsonage as well as the church building, is as nice, neat and clean as any in the community. If anything will build up the intelligence of a community it is the interest taken in the schools and churches.

Since the rain the salmon have begun to run, and fishing has been good.

He has many friends and many pleasant memories of Siletz. Here he got his wife, whose maiden name was Anna Chambers. The Doctor will put in several days fishing before he returns to Newport.

Lee Williams has ten acres of the logan berries and the other ten acres was sold to Mr. Pickman of Newport. Mr. Pickman is a practical berry man and believes Siletz is an ideal place for growing the logan berry as well as other small fruits. We are glad to get Mr. Pickman to cast his lot with us. Mr. Williams will spend a good deal of his time at Siletz. Mr. and Mrs. Kearns will spend the winter in California and maybe next summer will come back to Siletz.

Mr. and Mrs. Edwin P. Chalcraft have returned from their wedding trip to Newport and after a reception given them at the home of Mr. and Mrs. E. L. Chalcraft, Wednesday evening, the happy couple will return to Seattle where Mr. Chalcraft is employed as a writer on one of the papers of that city.

Mrs. Collins has returned from a visit at Portland.

At the reception of Mr. and Mrs. Edwin Pickering Chalcraft, ice cream was served. Two piano selections were sung, Mrs. Colvin at the piano, and one selection by Mrs. Warren Cobb, Miss Chalcraft presiding at the piano. A very pleasant time was had by the thirty or forty friends and neighbors present.

Pomona members from Mountain Dell and Ona particularly are urged to attend, as members from these granges could get to Fisher in case of inclement weather much easier than those from more distant points. The regular business of Pomona will be taken up in the morning and evening sessions, an open program being arranged for the afternoon beginning at 12 o'clock. GRAVEL TO BE PUT ON ROAD NOW

Wednesday's freight brought a car of dump wagons to be used by the contractors in laying gravel on the road out of Toledo between here and Siletz, and also on the Newport road. Due to the fall rains making the gravel trucks helpless on the newly worked roads, dump wagons were ordered at once to rush the work to completion before the winter rains set in. It is expected that all the road will be graveled in a short time. The gravel bunkers have been completed near the Dundon bridge and will be used for the work at this end of the road.

BANKER SUPPORTS MOVEMENT

An interesting incident happened recently and it well evidences what the bankers, who are real friends of the farmer, think of the Farm Bureau movement. D. L. Peterson, who has been selected by Chris Larson of Siletz, president of the County Farm Bureau and G. A. Mansfield, president of the State Farm Bureau, to arrange for the series of the meetings which are to be held in the County from the 3rd to the 8th of October, stepped into the bank to get some expense money. He outlined to Mr. Hawkins the plan of holding a meeting in every community and having a wide awake speaker present the greater Farm Bureau movement to the people. "That's the stuff, Pete!" said friend Hawkins, bringing his fist down on the counter with a thump that made the money jingle. "The farmers of this country have got to get together and pull together if they ever get anywhere, and you are on the right track, it appears to me. Go to it."
