SET A LIMIT It appears now as though the graveling of the Newport road would be completed before the winter rains set in. The Siletz road has been placed in good shape this summer, and with proper usage, it is reasonable to believe that these roads will be passable all winter.

We believe it would be well for the County Court to safeguard the interests of the public by passing legislation limiting the size of loads to be hauled on these roads. Heavy hauling will do damage that it will cost the County thousands of dollars to repair.

PROBABLY BEST FOR ALL Should the properties of the Yaquina Harbor Lumber Co. be taken thru bankruptcy proceedings, as it now seems they will be, it would probably be better for all parties concerned as well as for the citizens of Toledo, if the bankruptcy petitions be granted by Judge Skipworth, and a receiver appointed, the said receiver could proceed to sell the mill and railroads to the highest bidder, and the money received from the sale would be divided pro rata among the shareholders.

The new purchaser would have a clear title to the properties and would be in shape to go ahead at once with operations. It is too bad that the company could not get on its feet and proceed with operations, but under present circumstances it seemed unable to do so.

WANTS MORE BERRIES The Yaquina Bay Packing Co. wants more blackberries than they are receiving—in fact they are hardly getting enough berries to pay them to operate. Mr. F. A. Kurtz, the owner, was over from Salem this week and was very much disappointed that the plant was not getting more berries. The company is planning on enlarging the plant here, but Mr. Kurtz stated that he hardly felt justified in going ahead with the enlargements unless the people here showed a disposition to furnish the cannery with fruits to can.

This is one of the greatest berry countries in the world and we should be developing our natural resources. Strawberries, raspberries, loganberries and blackberries grow to perfection in this coast country and we should be shipping the canned products of our fields to all parts of the world.

Cut the big fields up into five and ten acre berry tracts and see how fast the country will forge to the front. In the Willamette Valley they are now making more off of a five acre logan berry patch than they formerly made off of 100 in grain.

Patronize the cannery and help build up a bigger and better Lincoln county.

WHAT'S YOUR NET INCOME

Better a salary \$15.00 a week with \$2.00 saved out of it than \$50.00 with expenditures of \$55.00. The difference between success and failure is just that. It measures the contrast between living on a part of Last Month's income and spending next month's before you get it. You can make resolution after resolution to cut expenses and save, but you won't until you have an incentive stronger than the things upon which you have been spending money. A POWERFUL incentive is a BANK BOOK. Get one, not next week, but NOW, at the
