

Lincoln County Leader.

SILETZ

Dr. C. H. Newth of Philomath came over Tuesday, October 26th, to see Mrs. Margaret L. Brown Cain who was dangerously sick with pneumonia following an attack of flu. This is a dangerous form of pneumonia. Mrs. Cain lingered a long while Monday morning at 4 A. M. when she quietly and peacefully passed away. Mrs. Cain was 23 years old and was the oldest daughter of Mr. and Mrs. John L. Brown who live on a farm on Drift Creek one mile from Millport where the daughter died. Mrs. Cain was of a lovable, generous disposition and very popular in the social circles where she lived. The funeral service was conducted by Rev. Cain, pastor of the M. E. Church at Toledo. The interment took place near the home of her parents. She was soon to have been married but cruel Fate ordered it otherwise. Instead of a wedding it was a funeral and her beautiful trousseau was used for that purpose. Her intended husband was a brother to her sister's husband, Mr. Max, who lives at Marshfield. This sudden and unexpected death cast a gloom over the entire community.

Within the last few days we have been favored with an old fashioned Oregon rain, but as we have been blessed with such fine fall weather, we have no complaint to make. Most of the farmers have their farm work done and most of the potatoes have been dug and put in the dry. Since the raise in the river the salmon and salmon trout have been coming up the river by hundreds. The river banks have been pretty well lined with fishermen who had fine sport catching the big speckled trout. It is no exaggeration to say that Siletz and its tributaries make some of the best fishing grounds in Oregon. The water shed is large and the great number of small streams that enter the main river make it an ideal spawning grounds for the salmon. The people who come from California and other arid districts enjoy the shady nooks and pure water along the banks of the Siletz river.

Mr. Mowery is now carrying the U. S. mail between Mowery's Landing and the Siletz and Tom Chatterton is carrying the mail on the river to Taft in a gasoline launch. These gentlemen are genial and accommodating and seem to have the good will of the people all along the line. The wagon road from Euchre mountain to the boat landing is a "holy terror" but it is said the stage driver never swears. This piece of road would try the patience of a Job. But the driver wears a pleasant smile and this makes it nice for the horses and passengers. Next year no doubt this part of the road will be gravelled and made good as the rest of the road.

The Ladies Aid will give a Halloween party at the public school house, Saturday evening, October 29th. A fine program will be prepared, ice cream cake and coffee will be served—everybody cordially invited to attend and have a good time.

Roy Butterfield passed out Tuesday to Salem to see his mother who is sick and in a hospital.

Jesse Daniels got a telegram from Spokane Wednesday morning stating that his brother-in-law, Ray Calkins, had been operated on in a hospital for appendicitis and the surgeon said he could not live more than 36 hours. No particulars were given. It is supposed the case ran too long before operating.

Curley Schaffer and two other in

coming to Siletz Wednesday evening just about dark ran off of the fill near the shed for the housing of the county trucks and machinery and the car turned up side down. No one was hurt because the top held the car up and the boys crawled out. It was lucky. The car went down in the gulch about fifteen feet. At this place an eight foot plank road is laid over the fill with a two-by-four piece of scantling nailed to the sides to keep the wheels of a car from running off. In this case the driver went too far to the north side of the road, off the plank and the car turned turtle as above stated. The car will be hard to get out. Maurice Andersen took the boys to Toledo in his car.

SUGGESTIVE READING

You will hear it said that such and such a magazine prints suggestive stories, meaning that they present corrupting ideas in an attractive dress. But there is a suggestiveness also of quite a different sort—the suggestiveness that quickens the reader's sense of duty, stimulates ambition, gives courage to face adversity, fortifies against yielding easily to temptation. It is this better kind of suggestiveness that you will find on almost every page of the Youth's Companion. Which of these two kinds of suggestiveness would you wish to have exert an influence in your family life? The 52 issues of 1922 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1922.
 2. All the remaining issues of 1921.
 3. The Companion Home Calendar for 1922.
 4. Or include McCall's Magazine, the monthly authority on fashions. Both publications, only \$3.50.

OREGON CRANBERRIES

Late Pacific Coast cranberries are now appearing on the markets. The local berries are readily distinguishable from their Atlantic cousin, the eastern cranberry, by the lighter color of the local fruit. This lighter color is now recognized as a distinct asset, as it gives the cooked product a much brighter red hue, and also creates a stiffer Jelly. No cranberry could produce a sauce or Jelly of finer quality than those grown in our own state. In the great cranberry district at the mouth of the Columbia River is the bulk of Pacific Coast cranberries grown. Oregon and Washington have joined forces in a marketing campaign and growers of these states have formed the Pacific Cranberry Exchange which markets their fruit.

ARMISTICE DAY DANCE

The American Legion is sparing no expense to make their dance on the evening of November 11th a grand success. They have engaged the All Star Orchestra of Salem to furnish the music. This orchestra played at Newport during the summer where they were immensely popular and played at Toledo during the County Fair where they demonstrated their ability in a highly approved manner. This is clearly one of the best orchestras in the State and the Legion Boys are to be commended in delivering the goods when it comes to putting over a good dance or entertainment. This dance will undoubtedly be patronized by Newport, Siletz, Elk City and all the surrounding country and will be "some dance."

MICKIE SAYS

EXTRA!
NOV. 7 TO 12
IS
"SUBSCRIBE TO YOUR HOME TOWN PAPER" WEEK!
YOU'RE INVITED!
Mickie

YOU ARE INVITED

Come to the Chamber of Commerce rooms Friday night at 8 o'clock. Good music, and a splendid speaker furnished by the Oregon State Chamber of Commerce. Everybody come—lets fill the house.

SAFETY FIRST

Now that the mushroom season is coming on the department of botany advises caution in choosing the edible species. A circular describing the edible and poisonous sorts found in Oregon may be had free by writing to the O. A. C. Experiment station. Farmers bulletin No. 796 on the subject of mushrooms is also distributed from the Oregon station.—Botany and plant pathology.

COOLING HELPS ROOT CROPS

Root crops that go into storage should be piled up and let dry so surplus dirt falls off, say the O. A. C. Experiment station men. They should be stored after cooling out in a dry well ventilated place. Care should be taken to avoid bruising. This is particularly true with mangels.

OLD HOME TOWN PAPER TO HAVE A WEEK

Nation Wide Campaign Launched for November 7-12—Place in Community Life Emphasized.

November 7-12 has been set as "Subscribe for Your Home Town Paper Week" and this newspaper, together with the thousands of country newspapers the United States over—there are not far from 15,000 of them, weeklies and small dailies—is to participate.

The purpose of the campaign is not only to induce residents of the small communities and the home town folks who are far from their native health to subscribe for the home paper, but also to emphasize the important place the home newspaper plays in the life of its community.

This campaign has the hearty support and co-operation not only of the newspapers but thousands of ministers and school principals, and many state agricultural colleges and farm and home bureau organizations.

Some persons, it is pointed out, have been inclined to belittle the place and function of the country newspaper. They have not realized that in reality the home paper is a community institution and that it enables the other institutions, such as the church and the school and all the rest to function better and more effectively. That it is a necessity if the town is to advance.

During the time between now and "Home Town Paper Week," November 7-12, this newspaper in its columns will have much to say about the Home Town Paper—not this newspaper in particular, but the home town paper the nation over, the home town newspaper as a real and distinctive factor in American life.

A Messenger to Garcia.

The local newspaper is the messenger to Garcia for your town. It goes out to the world as an advertisement for the community. To be a good advertisement it must be a good newspaper. To be a good newspaper it must have the support of the people of the community in the way of subscriptions and advertising. Are you doing your part toward making your paper a good advertisement for this community, one that will carry the kind of a message the people of the community wish carried to the world?

LINCOLN COUNTY TO PRESENT AGATES

The National Grange, with representatives from every State in the Union, will meet at Portland the third week in November. The Granges of Lincoln County conceived the idea that since agates were so abundant in Lincoln County and as the agate is the emblem stone of the Grange, it would be a nice little token of appreciation, as well as a good little advertising stunt for Lincoln County, to present each of the official delegates with an agate.

Since the advertising value of this stunt is of interest to the entire County, the Grange is asking the co-operation of every person in the County, and particularly of the public organizations. The plan is to get just as good agates as can be had, surface one side, inclose in a neat little box in the lid of which will be placed an advertising leaflet giving a brief write-up of the agate and Lincoln County, and he will tell them there about the National Grange meeting. Again the agate will go the rounds. Many more things might be said regarding what this little stunt will mean to Lincoln County but you can think of these as well as we. What the committee in charge of this event wants is agates. If you have an agate which you would like to donate for this purpose to help this cause along, leave it or send it to S. T. Loudon, Eddyville, J. E. Coater, Toledo, or send direct to A. L. Thomas, Newport, who is preparing the stones.

Will it pay? Let us think of it for a moment.

The delegates at the National Grange consist of the State Masters and their wives from each State in the Union and the Past National Officers. Each one of these delegates, on receiving his agate, will at once become interested and want to see the other fellow's agate. Think how they will marvel at the beauty of the special display put on by Mr. Thomas. The papers will mention the agates and Lincoln County in their write-ups of the National Grange meeting. But what will happen when the delegates return home? Each State Master will at the first State Grange meeting report to his home people the "doings" at the National Grange. And we'll bet you that in not one instance will they neglect mentioning the agates and Lincoln County. He will show them his agate and they will read the little pamphlet. Then during all the next year the State Mas-

ELECTION TO BE HELD SATURDAY EVENING

First Lieutenant L. Hoyt Brown is in receipt of a telegram this week from Major Gjedsted, announcing that Major Dusenbury would be here the evening of Saturday, October 29th to hold an election for a Lieutenant to succeed Lieut.
