

A Mystery Cake

Can you name it?

Here is another new Royal Cake, so delicious and appetizing that we have been unable to give it a name that does justice to its unusual qualities. It can be made just right only with Royal Baking Powder. Will you make it and name it?

\$500 for the Best Names

For the name selected as best, we will pay \$250. For the second, third, fourth, and fifth choice, we will pay \$100, \$75, \$50, and \$25 respectively

Anyone may enter the contest, but only one name from each person will be considered.

All names must be received by December 15th, 1921. In case of ties, the full amount of the prize will be given to each tying contestant. Do not send your cake. Simply send the name you suggest, with your own name and address, to the

ROYAL BAKING POWDER COMPANY
149 William Street, New York

How to make it

Use level measurements for all materials

- 1/2 cup shortening
- 1 1/2 cups sugar
- 2 squares (2 oz.) of unsweetened chocolate (melted)
- 1 egg and 1 yolk
- 2 1/2 cups flour
- 4 teaspoons Royal Baking Powder
- 1 cup milk
- 1 1/2 squares (1 1/2 oz.) of unsweetened chocolate (melted)
- 1/2 teaspoon salt

Cream shortening. Add sugar and melted orange rind. Add beaten egg yolks. Sift together flour, salt and Royal Baking Powder and add alternately with the milk; lastly fold in one beaten egg white. Divide batter into two parts. To one part add the chocolate. Put by tablespoonfuls, alternating dark and light batter, into three greased layer cake pans. Bake in moderate oven 30 minutes.

FILLING AND ICING

- 3 tablespoons melted butter
- 2 tablespoons orange juice
- 3 cups confectioner's sugar
- 1 egg white
- 1/2 square (1/2 oz.) unsweetened chocolate
- 1/2 cup milk
- 1 square (1 oz.) unsweetened chocolate
- Grated rind of 1/2 orange and pulp of 1 orange

Melt butter, sugar, orange juice and rind into bowl. Cut pulp from orange, removing skin and seeds, and add. Beat all together until smooth. Fold in beaten egg white. Spread this icing on layer used for top of cake. While icing is soft, sprinkle with unsweetened chocolate shaved in fine pieces with sharp knife (use 1/2 square). To remaining icing add 1/2 square unsweetened chocolate which has been melted. Spread this thickly between layers and on sides of cake.
